

OFFICIALS LIABLE TO STUB TOES ON THIRTY-NINE CENTS

Petty Sum Looms Large On Territorial Horizon For It Affects Many Employes Now In Army

VALUE OF KAUKAU TO BE DEDUCTED FROM PAY

Decision Is Rendered Board By Attorney General In Case Sergeant Kahanamoku

Thirty-nine cents a day. That is the stumbling block over which the territorial officials are liable to stub their official toes.

Thirty-nine cents a day! It is what the ration doled out to a soldier at Fort Shafter and Schofield Barracks is valued at.

Thirty-nine cents a day is what the attorney general of the Territory believes should be deducted from the extra pay paid to a former employe of the Territory, under the law providing for the difference of his territorial pay and his army pay being paid by the Territory.

This whole question of thirty-nine cents a day came before the harbor commissioners at their meeting yesterday afternoon in a legal decision from Deputy Attorney General Harry Irwin, in which it is held that the meaning of the law as passed by the recent legislative session was that the difference in "what was received" by the soldier and what he received as an employe of the Territory should be made good to him, and he holds that the value of the ration is part of what the soldier receives.

"It seems to me that the amount is pretty small, anyway," remarked Commissioner McClellan.

"Well, it amounts to thirty-nine cents and a fraction a day," said Chairman Lyman H. Bigelow.

"Whatever it amounts to we will have to pay according to the law," asserted Commissioner Metzger. "There is only one manner in which we can disburse this money and that is according to law."

The long opinion was based upon a query from the chairman as to the remuneration to be paid David E. Kahanamoku, a former life guard who received \$75 a month, but who as a sergeant in the army is now receiving \$98 a month. He sent in a bill for the balance of the \$75. But now it is probable that thirty-nine cents a day will be subtracted from this as the value of his army kau-kau.

Chairman Bigelow announced that undoubtedly this decision would affect all territorial employes, not merely those of the harbor board's jurisdiction. None of the other departments, however, has received any decision dealing with any similar case.

Take out that thirty-nine cents a day and there will not be much left in some cases," commented Commissioner Metzger. "Especially where an allowance from army pay has been made to a wife or mother."

Finally on motion by Commissioner McClellan the fateful thirty-nine cent decision was ordered received and placed on file, but whether Sergeant Kahanamoku will receive his balance of \$75 is a question "up to the auditor."

Inspector Hopkins, territorial auditor, said yesterday afternoon: "Say, say!" or words to that effect.

"I have not seen any such decision," remarked Auditor Hopkins, with a smile. "It's not up to me—yet."

But as was remarked at the time: "His troubles are all in front of him." At least thirty-nine cents worth.

For a Weak Stomach. As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets. For sale by Benson, Smith & Co., Adv.

MORTGAGEE'S NOTICE OF INTENTION TO FORECLOSE AND OF SALE. Under and by virtue of the power of sale contained in that certain mortgage made November 6, 1901 by H. C. Easton to A. N. Campbell, Trustee, which mortgage is recorded in the office of the Registrar of Conveyances in Honolulu, Territory of Hawaii, in Liber 827, on pages 242-244; and pursuant to the provisions of the statute of the Territory of Hawaii, said A. N. Campbell, Trustee, hereby gives notice that he intends to foreclose the said mortgage for conditions broken to wit: non-payment of principal and interest due.

Notice is hereby given that the property conveyed by said mortgage will be sold at public auction at the auction rooms of James F. Morgan Company, Limited, 125-131 Merchant Street, Honolulu aforesaid, auctioneers, on Saturday the 14th day of September, 1918, at 12 o'clock noon.

The property conveyed by the said mortgage to be sold at the time and place aforesaid consists of: All that certain tract, parcel or piece of land together with all buildings and improvements thereon, described as Lot 124, Section C, Land Patent No. 4295, to A. W. Richardson, situate at Olanu, Hawaii, containing an area of 22.7 acres, being the premises conveyed to the mortgagor by deed of said A. W. Richardson, dated January 21, 1901, recorded in Book 222, page 360.

Terms: Cash, United States gold coin, less all expenses of purchaser to be prepared by the attorneys for the mortgagee.

For further particulars apply to Castle & Cooke, in the Star Building, 125-131 Merchant Street aforesaid, or to James F. Morgan Company, Limited, at its auction rooms as aforesaid. Dated, Honolulu, T. H., August 9, 1918.

A. N. CAMPBELL, Mortgagee.

Captains of Ships Must Pay For Sweeping Wharves

Expenses of More Than Five Hundred Dollars Monthly Will Be Taken From Territory and Put Upon Ship Owners

"Oh, be joyful all ye captains! for you'll have to pay up anyway and you all might just as well be cheerful about it."

The harbor commissioners have dug up an old rule and hereafter the captains of the various steamers which load or unload cargo on the wharves of Honolulu will have to pay to keep the wharves clean. This means that they will be assessed for the wages of four sweepers, amounting to a total of \$220 a month, beside about \$250 for cartage.

It was reported at the board meeting yesterday that the commission was paying out this \$220 for sweepers to keep the various wharves clean after they had been cluttered up by the cargo carriers, and Chairman Lyman H. Bigelow said that the cost of cleaning up after messing things around should devolve upon the ships themselves. He suggested the harbormaster be authorized to charge the captains of these ships with their pro rata share of the expense.

Commissioner Metzger put the suggestion in the form of a motion and that the chairman be instructed to cause the necessary orders for Harbormaster Foster to get busy with the steamship and other captains. The motion, it was explained, was based upon a rule, which was revised to the effect that ships docking at wharves must pay all expenses caused by moving of cargo, or for damages to wharves.

SPECIAL STEAMER IS TO BRING TEACHERS TO BRING TEACHERS

Will Enable Those On Coast To Reach Hawaii

A steamship is expected to be placed at the disposal of the teachers awaiting transportation from San Francisco to Honolulu, according to a radio message which reached Governor McCarthy yesterday from Dalton Mann, assistant general manager of the Pacific Mail Steamship Company. Mr. Mann answered the Governor's message to J. H. Rosseter, president of the Pacific Mail Steamship Company, which was sent urging that if possible a special steamer be provided to bring all these teachers here so that the opening of the school term would not be disrupted.

Mr. Mann's wire also contained a request for the names and addresses of the teachers now in California, but as this was clearly impossible, the Governor wired yesterday morning requesting Mr. Mann to get in touch with the promotion committee's agent in San Francisco, who, the Governor says, is also agent of the board of public education of Hawaii. The promotion committee here also sent a message to its agent advising him to get in touch with Mr. Mann at once.

It is understood by the Governor that the promotion agent is in possession of the information desired by Mr. Mann, and this may clinch matters and permit each of the teachers to be notified by the Pacific Mail Steamship Company, in case Mr. Rosseter decides to allot a special steamer for this trip. A cargo of sugar will be certain for the return trip and a cargo can easily be loaded at San Francisco for the down trip.

KIHEI LIGHT WILL STILL SHED GLOW

In deference to the lighthouse department the range light at Kihai, Maui, will remain burning for another three months. The matter came before the harbor board at its meeting yesterday afternoon with a letter from Light House Inspector Arledge, in which he pointed out that authority to discontinue showing the light at Kihai would have to come from the secretary of commerce at Washington, as well as the notice to mariners to be notified by the Registrar of Conveyances. He enclosed certain forms to be filled out and returned.

Inspector Arledge, whose letter was in answer to one from Chairman Bigelow informing him of the desire of the board to discontinue the light on October 1, so that all formalities might be complied with.

Commissioner Metzger said that he did not believe the board had to defer, legally, to the lighthouse department, but had the power under an act of congress, which was read, to shut down the light at any time economy dictated.

Commissioner McClellan, however, said that as the light was on a chart action will have to go through the same channel to get it off the chart. After some more discussion, it was resolved to defer to the suggestions of the lighthouse inspector and the forms were filled out and forwarded.

"Kahuna Has My Number" Says Hawaiian and Dies

Claiming that John Kaneale, a Hawaiian, died from pure fear, thinking that a kahuna had set the death mark on him, the London Accident and Guaranty Company, represented by Judge T. E. Parsons, yesterday morning took up the matter before the Industrial Accident Board in Hilo, says the Hilo Tribune of last Saturday.

Kaneale formerly resided in Hilo but, some years ago, came to a sum of money that enabled him to proceed to Maui, Kauai and Oahu, on all of which islands he lived for some time. While on Maui one of his children died and a kahuna is alleged to have told him that if he remained in the house all of the family would die.

THEY WERE FIRST FRIGHTENED. This story frightened the man and he moved from island to island until finally, he returned to Hilo, where he obtained a job with the Hilo Iron Works.

Several weeks ago Kaneale was injured while at work. The injury did not seem to be severe but the man was taken to the Hilo Hospital where he was placed in bed. For two days all went well but then some foolish person informed Kaneale that two persons had died in that particular bed. That started the man fearing, and he declared he knew he was going to die. He was lifted to another bed but steadily got worse. A kahuna, he said, had his number. At the end of the fifth day the Hawaiian swore he was dying and insisted upon being taken to a private home. It was just half an hour after arriving at the house that Kaneale passed away.

A post mortem revealed nothing wrong with the man's organs. The slight wound inflicted by the accident at the iron works was healing and there were no complications, declared the physician who performed the autopsy.

Before the Industrial Board the physician said that he had heard of men willing themselves to death but the information was only gleaned in general reading. There was no record of any such thing in any medical works obtainable in Hilo.

The Industrial Board took the stand that if the man had not been inured he would not have gone to the hospital, and that if he had not been informed of the previous deaths in the bed he occupied, the fear of kahunaism would not have entered his brain. The board therefore declared that compensation should be paid the widow and children and it is said there will be no appeal from this decision.

The case is attracting much attention among the Hawaiians, who all declare they have known of similar instances in the past.

WASHINGTON PUTS BRIDLE ON ALL PUBLIC ENTERPRISES

Investment Capital Is Being Rationed and All New Business Projects Calling For the Expenditure of Sums In Excess of \$100,000 Must First Secure Governmental Approval Through Capital Issues Committee

(By ERNEST G. WALKER)

WASHINGTON, August 16.—(Mail Special to The Advertiser).—The rationing of investment capital to measure of an adequate supply for enterprises compatible with the war proceeds apace. Charles S. Hamlin, who heads the President's Capital Issues Committee, points out that the applications are coming in numerously—at the rate of fifty or more a day—until the total is something over 1,500, and that many more millions worth of applications are granted than are denied.

The law specified there should be a governmental fund upon issues of \$100,000 and over. The purpose of the committee is not to decide upon the particular merits of a given enterprise but to determine, after expert examination, whether money can well be spent there on in view of war conditions and war demands. The Capital Issues Committee is very careful about its judgments and is also careful as to the law. It is stated, however, that those who have gone over the top for the government and bought of its war bonds can do the government another good turn by exchanging the liberty bonds for oil stocks or coal stocks.

Blue Sky Projects. The truth of that depends very much upon the kind of oil stocks the liberty bond owner is getting. There are many wild schemes, the promoters of which have as their chief concern the possession of liberty bonds. In turn these bonds are placed upon the market for sale for whatever they will bring. This is to the detriment of the government.

L. R. Franking, a director in the war loan organization of the treasury department, estimates that between \$250,000,000 and \$500,000,000 a year is invested in fraudulent securities in the United States and that from eighty-five to ninety percent of this activity is now centered in trading in Liberty Bonds. The treasury authorities are naturally interested in conserving this large amount of capital for more legitimate and profitable enterprises.

The Capital Issues Committee thus far has done little checking up to ascertain how generally applications are being made in behalf of the new enterprises requiring money. Some have urged that organizations be built in each federal reserve district, extending to counties and towns, by which new enterprises of all kinds, whether for \$100,000 or for less, be promptly reported and compiled. It has even been suggested that vigilance committees be formed in every factory, school, community to keep watch on investment and promotion activities and, at least, to make formal reports that would event finally reach the Capital Issues Committee.

However, the committee seems to be proceeding cautiously and there is aversion to becoming anything like a commission against "blue sky" enterprises.

NATIONAL PROHIBITION RATIFICATION IS NEAR

In a letter received in the office of the Anti-Saloon League, by E. C. Dunwiddie, national superintendent at Washington, writes as follows: "It will be pleasing to you to hear that we are well along in our campaign for the ratification of national prohibition. I am hoping that in view of this fact the liquor traffic has gone from Hawaii for aye. Unless I mistake conditions, our amendment will have been ratified by February or the first of March of next year, and, as you know, it becomes effective one year thereafter. We already have fourteen States, six of which were 'wet' when our problem originally, upon the submission of the question by congress, was to carry out 'dry' States and nine 'wet' ones. I confidently expect to carry forty to forty-two States out of the forty-eight as a minimum."

Ruben M. Quest, a volunteer, who is just eighteen years of age, has enlisted in the United States Navy and is stationed at Pearl Harbor Naval Station. He is already organizing a stringed orchestra among navy men.

SPORTS

PONIES HAVE FINAL WORKOUT ON TRACK

Everything In Readiness For Next Saturday's Horse Races At Kapiolani Park

Seats for next Saturday's horse races, the first of the coming three-day meet at Kapiolani Park, are going fast, it was reported yesterday. Owing to the inclusion of two great track events in which there will be army entries, it is expected that service men will be on hand in great numbers.

There was some lively work on the track yesterday morning and there were many "railbirds" in evidence, around the judges' stand, in the bushes and at the posts. These were the last work-outs for the ponies. The animals will take things easy from now on until Saturday afternoon, and the "railbirds" will leave their stop time pieces go unvoiced until then.

Here they are, just as they passed over the wire at the judges' post: Warren Stables—Oenota was sent five-eighths of a mile in 1:01 2/5, which he made as follows: Eighth, :12; quarter, :24 1/5; three-eighths, :35 4/5; half, :48.

Oenota was clocked five-eighths in 1:01, the big fellow doing the distance as follows: Eighth, :12; quarter, :23 3/5; three-eighths, :35 2/5; half, :48 2/5. Kawalani's Fast Time. Kawalani worked half mile as follows: Eighth, :12 1/5; quarter, :24; three-eighths, :35 3/5; half, :48 1/5. Malolo galloped three-eighths in :37 1/2.

Oenota made five-eighths in 1:02 3/5, being clocked as follows: Quarter, :24; half, :48 1/2. Creeper worked the half as follows: Quarter, :25 2/5; half, :53. Macfarlane Stables—Suante and Dinner Bell were sent together five-eighths as follows:

Suante—Eighth, :11 3/5; quarter, :23 4/5; three-eighths, :35; half, :48; five-eighths, 1:02 2/5. Dinner Bell—Eighth, :12; quarter, :24; three-eighths, :36 2/5; half, :49 5/8; five-eighths, 1:03.

Dreamery worked the half as follows: Eighth, :12; quarter, :24 4/5; three-eighths, :37; half, :50. Peter Post made the five-eighths in 1:04, as follows: Eighth, :13; quarter, :25 1/2; three-eighths, :37 1/2; half, :50 1/2.

O. H. Burke Stables—Beretta Dee went three-one-mile heats in 2:17, 2:14, 2:11, respectively. D. Vibrato Not So Fast. D. Vibrato made the half in :50 1/2, going the first quarter in :25 1/2.

La Palma went over the five-eighths as follows: Quarter, :24; half, :48 1/2; five-eighths, 1:02 3/5. Borgiando negotiated the three-quarters in :23 4/5; half, :49 2/5; five-eighths, 1:02 2/5.

Wainona went over the five-eighths in 1:04 1/2; quarter, :26; half, :51 1/2. Other workouts yesterday were: Keoloha's Denora paced three heats in 2:15, 2:14, and 2:14 1/2. Tom Hollinger's Welcome Boy, three heats in 2:16, 2:15, and 2:13 1/2.

All the times given above, it must be understood, were furnished The Advertiser by one of the expert "railbirds." Just what the make of his pocket clock is must remain a secret.

The saints practise this afternoon. There are some fans who think they need a lot of it, especially since last Sunday's Waterloo.

MEEHAN WILLING TO MEET JACK DEMPSEY

Some Snappy Coast Ring Dope From Typewriter of Good Old Jack James

Willie Meehan—we have the word of reliable witnesses for it—is actually going to train for his bout with Jack Dempsey here on September 13!

Yes, sir, 'a fact. The roly-poly Willie is going to wend his way up to Billy Shannon's famous conditioning center in the wilds of west-end San Rafael, and while there is going to eat nothing but raw meat and do nothing but swing dumbbells and boxing gloves and pull chest weights. He is going to do this for about three weeks, so they say.

Such a happening has not been since the memory of man runneth not to the contrary. Willie has always been the same roly-poly fat boy, and, seemingly, the poorer showing he made in the ring.

But nowadays it's a different Willie. The boxing instructor of the San Pedro Naval Reserves (his self assumed) sees a lot of glory and honor in the offering if he manages even to hold Jack Dempsey to a draw, and if he should win—oh, lady! wouldn't Mrs. Willie Meehan be sore to think that she had caused the heavyweight champion such extreme mental anguish that he was forced to seek solace from Jock Graham!

Dempsey, by the way, is doing light work to keep himself in shape. He expects to leave New York on August 26 for those parts.

Butting Ortega Has Offer. Evidently the promoters of Battle Favor Battling Ortega. The Battler has been backing from said city but a short time ago he fought Leo Benz there a few weeks ago and won on a foul—when comes an offer for further engagements, one on Labor Day being specified. The suggested opponents are Soldier Bart Field, Ted Lewis or Jack Britton.

Remembering what happened to him at Emeryville, one would scarcely expect Ted Lewis to come back for more, though he might have a desire to redeem himself.

Tommy Simpson hasn't accepted as

ST. LOUIS, Missouri, August 14—Bert Galka, pitcher for the St. Louis Americans, resigned last night with permission of Bob Quinn, business manager, and departed for Texas, where he will attempt to get a commission in the army.

CLEVELAND, Ohio, August 13—Outfielder Robby Roth of Cleveland has been suspended by Manager Fohl for the balance of the season because of indifference playing. Roth did not accompany the Cleveland team East today.

Eddie Collins, second baseman of the Chicago Americans, who recently joined the Marines, was purchased from the Philadelphia Americans for \$50,000 and in addition to getting \$10,000 as a bonus from President Comiskey, his contract called for \$15,000 a year. He is thirty years old, married and has two children.

President Comiskey, on learning that Collins had decided to enlist, immediately wired his congratulations.

CINCINNATI, Ohio, August 11—Hal Chase, first baseman for the Reds and one of the greatest ball players of the major leagues, Saturday was suspended for the balance of the season by Garry Herrmann, president of the Cincinnati club. The suspension followed a temporary suspension imposed by Manager Mathewson when Chase failed to take part in several games. The reason given for the suspension was indifference.

PORTLAND, Oregon, August 14—Fielder Jones, one time leader of the Chicago White Sox, world's champion, and lately manager of the St. Louis Browns has accepted a responsible position with the Foundation Shippers of Portland, and will assist in the management of that yard's baseball team in the local shipyard league. Jones is above draft age and is married. He is an expert lumberman and will inspect the big timber used in building ships.

CALIFORNIA SELECTS NATIONAL SHOOT MEN

SACRAMENTO, California, August 20.—Appointment of a civilian rifle team of sixteen members to represent California in the national matches beginning September 16 next at Camp Perry, Ohio, was announced today by Adjutant General J. J. Borree.

F. E. Frabin of San Francisco was named captain and W. R. Jackson, Los Angeles coach. Other members were: A. L. Thompson, Pasadena; F. W. Moore, Redlands; George S. Hall, Walnut Hollow, San Diego; S. W. Forsyth, A. Rowland R. C. Ainsworth, Paul Thelen, A. C. Rodgers, F. M. Norton, San Francisco; Don Chipinger, Frederick Park, Sacramento; E. L. Elliot, D. R. Dick, Los Angeles.

set, perhaps having a few plans of his own for Labor Day.

Tommy Hayes Running Amuck. They must feed those guys on Goat Island concentrated essence of raw meat and red pepper.

Tommy Hayes was a peaceable enough chap in private life when he was a four rounder, but now that he has joined the navy he just runs wild.

The other day he issued a challenge to any nine men from Texas—be specified Texas, for some reason or other—to a battle royal, and guaranteed to dispose of all nine. But, strange to say, they wouldn't let him carry out his guarantee.

SHOULD EMBEZZLERS BE ADMITTED TO BAR? Whether or not a person found guilty of embezzlement, who afterwards applied for admittance to the bar to practise law, should be admitted, is a question which the Bar Association will be called upon to consider at a meeting to be held next Wednesday.

The association was called to meet yesterday but a quorum not being present, the meeting was postponed.

A proposal to have a rule adopted in the courts making a conviction for embezzlement cause for the rejection of an application to practise law was received by the secretary a short time ago. No discussion of the proposed rule was held yesterday.

In the published list of those who received commissions as second lieutenants at the Officers' Training Camp at Schofield Barracks, the former rank of Leon F. Colbert was given as private. He was a corporal of Company H, Second Infantry, and is now Second Lieutenant Colbert, U. S. A., attached to the 25th U. S. Infantry.
