

PARK SPEAKING IN MORNING

Tomorrow Will be Republican Day and There Should be a Rousing Big Crowd at Rand Park.

WESLEY L. JONES SPEAKS

Western Congressman Will Bring a Message Which Should be Heard by a Large Audience.

Tomorrow will be republican day. There is no extensive program for the day, excepting the address by Hon. Wesley L. Jones of Washington state who will speak at Rand park at 10:30 o'clock in the morning.

Mr. Jones is one of the western congressmen and has lately been nominated for United States senator from Washington.

He is one of the leading men of the party and is a forceful and eloquent orator who will bring a message which every voter should hear, regardless of politics.

The speaking will take place at 10:30 o'clock from the speakers stand at Rand park.

There should be a rousing big crowd out tomorrow morning.

Rice H. Bell received the following telegram this afternoon:

CHICAGO, Ill., Oct. 8.—Rice H. Bell: Senator-elect Jones of Washington will arrive in Keokuk on Burlington train at 8:40 tomorrow morning. Please meet him on arrival of train.

JOS. M. DIXON, Director Speakers.

The Odd Fellows Parade.

The parade started promptly at 2 o'clock and there were several hundred men in line.

Officers Willson, Holliday, Connors and Parks led the procession, followed by Marshal A. J. Hardin and his three assistants on horseback.

Then came the Fiftyth Iowa band followed by the uniform division of the order here, dressed in their gorgeous plumed uniforms. Other members of the encampment followed and then came the members of the Wever lodge, carrying their banner.

The Memphis brass band followed and the visiting Odd Fellows then marched in squads.

The Tioga band followed. Three carriages brought up the rear, containing grand lodge officers, committee men and fifty year members.

Every man wore his insignia and the men presented a very attractive appearance during their march along the street.

A CHANGE MADE IN DATE OF MEETING

Central Association Will Hold Annual Mid-Winter Meeting Until After World Series.

President Justice announced today that the annual meeting of the Central association scheduled for next Monday is postponed until after the world series and as yet no date has been set. This postponement was made by President Justice at the request of a number of directors of the various clubs of the league. Many of them expect to attend the championship series.

Base Ball Topic.

The topic of the hour is baseball and this late request of the directors only shows that the minor leagues are greatly interested in the fierce battle. It is a certainty that at least three of the games will be played in Chicago and possibly the entire series should the Cubs land the flag.

With the exception of the presidential campaigns there probably never has been such excitement over anything as the great game between the Giants and Cubs this afternoon. Never has such a topic been so universally discussed the more so because the west is pitted against the east as never before.

Battle for Erb's Body.

PHILADELPHIA, Oct. 8.—The battle for the body of Capt. Erb, for whose killing Mrs. Belsel, sister of his wife is held in the Media jail, began today. No plans for the funeral have been made. The body is now held by the deputy coroner.

Had a Close Call.

Mrs. Ada L. Croon, the wide-known proprietor of the Croom hotel, Vaughn, Miss., says: "For several months I suffered with a severe cough and consumption seemed to have its

grip on me, when a friend recommended Dr. King's New Discovery. I began taking it, and three bottles affected a complete cure." The fame of this life saving cough and cold remedy, and lung and throat healer is world wide. Sold at Wilkinson & Co's drug store, 50s and \$1.00. Trial bottle free.

BAND MUSIC IS ENTERTAINING

Crowds are Entertained by the Fine Musical Organization Here This Week.

The street fair visitors are being entertained by the fine music this week by the five bands which are playing sweet music for the thousands of visitors each day and music is one of the finest features of the fair.

The Fiftyth Iowa, Keokuk's organization and one of the finest in the state and is the largest of the bands represented this week. The Tioga band is a fine organization and the men are attired in fine appearing green uniforms with red trimmings and cap to match and is a fine organization.

The Patterson Carnival company carries its own band and this organization of musicians is a good one and helps keep the morning crowds entertained along with the other bands.

Each morning from 10 o'clock until noon there are band concerts, and as there is nothing doing in the morning with no free performances, the morning is pleasantly passed by the many fair visitors.

The Tioga band is composed of the following gentlemen:

H. H. Weller, solo cornet and leader. G. S. Reese, solo cornet. George Altheide, first cornet. O. Dietrich, second cornet. Edgar Hedrich, solo alto. L. Frazer, first tenor. H. Dover, second tenor. Charles Thorr, first alto. Charles Kammerer, second alto. William Altheide, baritone. William Boge, tuba. William Laeding, snare drum. Paul Muegge, bass drum.

This office was entertained this morning by the Memphis boys band and that city has a band of which she might well be proud and The Gate City is under obligations to the organization for the fine music rendered.

OUT BIG AMOUNT OF MONEY

United States Steel Says J. J. Hill, is Putting \$6,250,000 in the Mesaba Range.

NEW YORK, Oct. 8.—James J. Hill, chief factor in the Great Northern railway, made the surprising statement that the United States Steel corporation had not as yet extracted a single ton of ore from the enormous properties in the Mesaba range, which were leased from the Great Northern road.

The steel corporation has to date expended about \$4,000,000 in exploration work, drilling and stripping earth to lay bare the ore deposits. It will furthermore have paid over to the trustees of the Great Northern iron ore properties by the end of this year at least \$2,500,000, thus making its cash investment by that time represent close upon \$6,500,000.

Makes Minimum Payments.

Mr. Hill explained that the steel corporation, under its contract, agreed to mine 750,000 tons of ore in 1907 and in 1908 1,500,000 tons. Including freightage over the Great Northern, it pays a royalty of about \$1.65 a ton. Although none of this ore has yet been mined, the corporation is obliged to make its minimum payments, nevertheless.

The steel corporation, said Mr. Hill, "is conducting an extensive exploration program. It is stripping earth and laying bare the ore deposits and drilling the holes to ascertain the depth of such deposits. The ore lies, as a rule, from sixty to more than one hundred feet under the surface. About \$4,000,000 has been spent in this exploration work on this land, which indicates that the bodies are much in excess of amounts estimated at the time the contracts were made."

Party Lines Drawn Close.

Mr. Hill's enthusiasm regarding the ore properties has not abated one jot since last year, when he said the Great Northern stood ready at any time to take back the properties from the steel corporation if the purchasers were dissatisfied.

Discussing politics, Mr. Hill said that so far as he had observed he had never seen a time when party lines were so tightly drawn. This situation, he said, made it impossible to estimate results.

To Raise Campaign Funds.

NEW YORK, Oct. 8.—Following Roosevelt's declaration that the national campaign funds must be raised it is stated here today on apparently reliable sources that 450 customs inspectors at this port have been assessed twenty-five dollars each to help Taft's election.

The Twilight of Life.

The muscles of the stomach in old age are not as strong or active as in youth and in consequence old people are very subject to constipation and indigestion. Many seldom have a bowel movement without artificial aid. Many also, have unpleasant eructations of gas from the stomach after eating. All this can be avoided by the use of Dr. Caldwell's Syrup Pepsin, which permanently regulates the bowels so that passages come naturally, and to strengthen the stomach that food is digested without discomfort. Druggists sell it at 50 cents or \$1 a jar bottle.

CITY NEWS.

The man who did not wear an Odd Fellows badge or a red tag today was not in it.

Dr. C. A. Warwick of South Bend, Ind., a son of Gen. Noble Warwick of this city, will read a paper at the meeting of the Military Surgeons to be held at Atlanta, Ga., next week.

The Keokuk Odd Fellows are to be congratulated upon bringing the big crowd of members of the order to Keokuk today. The various committees had worked hard to make the day a success.

Tomorrow will be Republican day at the fall celebration. Hon. Wesley L. Jones of Washington will make the address.

During the fair the Interrurban car will leave from the corner of Third and Main streets in the afternoon.

Elmer E. Coombs and family are removing today from No. 301 Morgan street to their new home on the corner of Eighth and Fulton streets.

Third street from Blondeau to Johnson was lined with buggies and other vehicles, many people from the neighborhood driving to town today.

A marriage license was issued today to Joe Schaffer of Keokuk and Viola Toops of Kahoka.

Frederick DeBell, who was called to his home at Danville, Ill., on account of the illness of his baby, promised to telegraph the street fair headquarters today, but no message had been received up to 2 o'clock this afternoon from him.

Roy Freeman, the eight or nine year old son of Austin Freeman, 1611 Timea street, disappeared from home last evening and nothing was seen of him until 1 o'clock this afternoon when he was found in a vehicle at Eleventh and Main streets with one of the Daley boys of Nineteenth and Blondeau streets. The Freeman boy had no intention of running away. He is a colored lad.

The Wayland White Sox are going to play the Canton team this coming Sunday and a number of Keokuk baseball enthusiasts will attend the game.

BETTER THAN SPANKING.

Spanking does not cure children of bad wetting. If it did there would be few children that would do it. There is a constitutional cause for this. Mrs. M. Summers, Box W, Notre Dame, Ind., will send her home treatment to any mother. She asks no money. Write her today if your children trouble you in this way. Don't blame the child. The chances are it can't help it.

IOWA IS FAR IN THE LEAD

A. E. Kepford Returns From the International Congress at Washington.

"Iowa occupied a unique position at the international congress on tuberculosis at Washington," said A. E. Kepford, state lecturer for the board of control at the capitol yesterday to a Register and Leader reporter. "It is the only state which makes an annual appropriation and employs a lecturer to devote his entire time to the instruction of the people with regard to this plague. It was with considerable gratification that the Iowa delegates made its unique position plain to the 5,000 delegates and the seven sections holding simultaneous meetings during the congress."

"It was a great convention and it did immense good. It helped unify the efforts of all of the medical and scientific world. It gave authority to such work as is being done in Iowa today. It disclosed the fact that the disease cannot be eradicated in a day or a year, but it will be the work of a generation to control it. It is a matter of education."

"Dr. Koch was deeply chagrined because the congress declined to accept his view and went on record, declaring that bovine tuberculosis may be transmitted to the human family. He acknowledged, however, that he had not made investigation along this line for several years."

WATERLOO IN UNIQUE PLACE AT CLOSE OF BALL SEASON

All of the minor leagues have ended the season's baseball work and one of the remarkable facts about the results in general is the notable lead the Waterloo team maintained in the pennant fights.

In the twenty-eight minor league returns Waterloo had the highest percentage of all winning teams. The remarkable lead of 704 was maintained by that team. Akron, Ohio, stands next. Waterloo won 88 and lost 37 games.

The results for the twenty-eight leagues are presented below:

Table with columns: Organizations, Won, Lost, Per Cent, Position 1907. Lists various leagues like American Association, Southern League, Eastern League, etc.

Atlantic League (in dispute) Pottsville won pennant for first half of season. Shamokin and Allentown claim pennant for second half. Shamokin won four out of six post-season games from Pottsville for championship. The American pennant was won by Detroit with a percentage of .588.

Table with columns: New York, Chicago, Pittsburg and rows for 641, 641, 639.

NEW YORK, Oct. 7.—In the final game of the Boston series, and the last regular scheduled game, the New York team this afternoon, not only most emphatically demonstrated its superior class, but averted the possibility of a triple tie of the three leaders, which in case of defeat today and the victory of Chicago tomorrow would necessitate a specially arranged series or determining the pennant winner and would have held almost endless possibilities.

Today's victory, by a score of 7 to 2, makes tomorrow's contest with Chicago unique in base ball history. In it has concentrated the interest of enthusiasts throughout the country and all indications are that the contest will prove a spectacular climax to the season, whose kaleidoscopic changes have held the attention to the very last minute.
