

I CURE YOU OF RUPTURE

In One Treatment
NO KNIFE NO TRUSS

Throw Away Your Truss

You will have no need for it after I apply my treatment. You will never know you had a rupture. You will no longer be handicapped. I cure you in one treatment. Let me show you how to get rid of your rupture. My method is one I originated. With it I have cured hundreds—some had suffered many years—others had double ruptures and had worn a truss for 10, 20 and even 30 years. Today they wear none, neither have they a rupture, but are strong and healthy, enjoy the best of health. These are the facts, verify them by writing to the people below, or better still, write for my free book. It tells all about it and contains several hundred more names of cured people. Any of them will gladly tell you what my treatment has done. Don't be ruptured any longer when a cure is so easy.

THESE PEOPLE WERE CURED

- First National Bank, Lake City, Ia. Jan. 6, 1908.
- Dr. H. H. DePew, Des Moines, Ia.
Dear Sir: Since you treated me, I have waited before writing you to see how natural and easy the rupture since would seem. I am happy to state that there has been no break-down or weakness in my case, indicating that your treatment is first class in every particular for which I am very thankful to you, after suffering the torture for trusses, etc., from 30 to 35 years. Make any use of my name you choose for the good of the similarly afflicted.
- Yours sincerely,
S. T. HUTCHINSON,
Pres. First National Bank.
- C. L. Groffender, Drugist, Nemaha, Ia.

GREAT BURSTS OF ORATORY

Hamilton's Banquet to the Pennant Winners Last Evening Was a Very Brilliant Affair.

100 GUESTS PRESENT

Speakers Continued Until Late in the Evening and an Enjoyable Time Was Spent by All.

The pennant winners' banquet given at the city hall at Hamilton last evening in honor of the Hamilton base ball team, winner of the Commercial league pennant proved to be one of the very pleasant of Hamilton's late social features and many from Keokuk and Hamilton were present. Invitations had been extended to one hundred and this number of people were present to fill the long tables which almost circled the room. An excellent repast was served by a number of Hamilton's fair daughters and the Hamilton orchestra furnished a program while the guests were seated enjoying the menu. The tributes paid to the Hamilton team last evening by many of the speakers plainly expressed the sentiment and the remarks of particularly the Hamilton orators of the evening voiced the interest taken in Hamilton during the past month of the league and the excellent prospects for next season.

R. R. Wallace, Toastmaster.

Toastmaster of the evening was R. R. Wallace, one of the most enthusiastic base ball followers of our nearby city. Mr. Wallace began the program with a well received speech of introduction and touched upon the success of the Hamilton team during the past season. During the evening he introduced each speaker in turn and always had a few well chosen remarks for his auditors.

The first speaker of the evening was W. G. Humphrey, who spoke as follows:

When the sturdy captain of the Hamilton team assigned to me the Association, he assigned to me a subject that needs no embellishment. It is a toast sufficient in itself. The Young Men's Christian Association is an association of christian young men. It does not bother itself with creed nor with theology. I believe that the Young Men's Christian Association has suggested a practical religion for our brothers, and I believe that there is more true religion in our association camps than at regular prayer meetings. But there is another side. The association is one of young men who do work that is strong. In Champaign, Ill., on the opening day of school the association met many young men at the trains and assisted them in many ways. I propose a full bumper to this association, the Young Men's Christian Association.

Response—Mr. C. R. Joy.

The response of Mr. C. R. Joy was both an interesting one and an instructive one. He told of the many phases of the Young Men's Christian Association—of the city, county, railroad, student, army and navy, and others. The railroad department of the association buildings built in fact that 90,000 men in railroad positions are now taking advantage of the association buildings built in many cities near the round house or depot, and men tired and worn out from their run may step from their long trip and secure a few hours of needed rest. The association is doing work among the army and navy that is being praised throughout the country, and the work is also being extended among the colored people and among the Indians.

Mr. C. R. Joy was succeeded by Mr. A. L. McArthur of Hamilton who entertained the many present by his eloquence and oratory. The Commercial league is a band of base ball clubs and out of it there can be obtained great benefit by the young man. In the Y. M. C. A. Commercial league every player and every team must bow their heads to the discipline of the league. This is a great good to the men of the league and as it grows older it will become stronger and stronger, and when the season is over and the battle is won it will be doing a larger good and a larger work. In Hamilton there has been a trans-

Cleanliness in the Dairy.

To have healthful milk and butter, absolute cleanliness is necessary, as nothing will absorb impurities so quickly as milk. Milk buckets, strainers, etc., should first be rinsed with cold water to remove the new milk, which will curdle if brought in contact with hot water; then wash in warm water to which a teaspoonful of Gold Dust washing powder has been added. Rinse and scald thoroughly with clear hot water and leave in the air and sun for at least twelve hours before they are used again. Have plenty of clean cloths and a soft brush especially for the dairy and wash and scald them in the same way as the utensils.

Or Any Other Food You Enjoy Without the Slightest Fear of Stomach Misery Following.

INDIGESTION VANISHES

Diapepsin Will Digest Everything You Eat Leaving Nothing to Ferment and Form Into Gas or Other Poisons Which Upset the Stomach.

When your stomach is weak or lacking in Gastric juice, anything that you eat, no difference what it is, will sour on your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, Dyspepsia, Stomach nervousness and Belching of sour poisons, which produce foul odors, nasty taste, bilious headache, Heartburn, Intestinal griping and make you an object of misery. This is stomach trouble which can not be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Diapepsin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result, not a cause of your trouble. If the Stomach is sour and unhealthy, your food becomes tainted, and that's what is causing the indigestion and gas on stomach and other miseries. Pape's Diapepsin is an Antacid, most powerful digestive and thorough regulator for weak stomachs. These Triangles will digest any kind of food you eat and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards.

Any good Pharmacy here will supply you with a case of Pape's Diapepsin for fifty cents. Just reading about this remarkable stomach preparation will not help you, you should go now and get a case. Put your stomach in full health and by tomorrow you will forget the misery of Stomach trouble. Your case is no different from many others. It isn't Stomach Nerves or Catarrh of the Stomach, or Gastritis, or Dyspepsia. It is Food rotting—Food Fermentation—that's all—and takes about five minutes to overcome.

formation according to Mr. McArthur, for the staid soldier of that place has been converted into an insane fan.

Response—Mr. N. A. King.

Mr. N. A. King's response was an eulogy, a humorous speech, and a league history. He eulogized J. Truitt Maxwell, the founder of the league, told a number of very funny stories, and completed his response by giving a brief history of the Commercial league, telling of the founding, the officers, constitution and by-laws. He noted the difference between the A. A. U. and the A. L. N. A. and touched upon the indoor base ball league to be formed this winter to play under the amateur rulings.

Mr. King was followed by a Hamilton man, Mr. H. M. Billingsly. The speaker told of the marked contrast between the professional and amateur base ball player. He spoke of the necessary for discipline and that a league should be regulated in the playing of its clubs. Bring two teams together and they would rather be regulated and governed by rules than meeting a team on the field, than to make their own rules. Hamilton is interested in its home boys and I would rather see them play than attend a game in which Chance and other high salaried men took part.

Response—Mr. W. R. C. Kendrick.

As promoters of the league it was our object to keep the sport on an amateur basis. If boys went to college in after years when in the height of their athletic career it would be necessary for them to have a record clear and free from any taint of professionalism. We are aware that many have fallen away from the league but we expected this—but not so many. Mr. Kendrick introduced a few stories and was well received throughout his response.

Owing to the absence of Mr. W. H. Harkrader, Mr. H. G. Waggoner responded to the toasts, "The Fans." Mr. Waggoner told of the different kinds of fans and how many people who could not ever attend a game were base ball fans in their very heart. The little boy at the field is an enthusiastic fan while the business man who cannot close his store to attend the game, but who makes inquiries from fans as they pass is also a fan. What base ball needs to and what the team which wishes to win needs is a crowd of enthusiastic fans inspiring the players to victory.

Response—Dr. E. W. Gardiner.

A fan says Dr. E. W. Gardiner is the most complex creature of emotion that can exist. Emotions you see on

his face at a base ball game do not exist in his office and even the preacher and business man show these true emotions when on the field, as a spectator. Fans are not collected from any one walk in life, but many come from the staid clergy. The term fan is not masculine, nor is it wholly feminine and it is not neuter.

Hon. E. P. McManus in his opening remarks stated that he would only make an attempt to entertain his audience and would not launch into an oration on the "Umpire." Mr. McManus told the street car incident in which Capt. Angell was in the leading roll. Pitcher Shepherd was also the leading man in a street incident, according to the speaker and much hilarity resulted after these two funny stories. Mr. McManus stated that the league had been fortunate in having two such umpires as Harry King and H. E. Ratcliffe and that they done their very best in rendering decisions.

Response—Mr. H. E. Ratcliffe.

Mr. H. E. Ratcliffe gave Webster's definition of an umpire. "An umpire is a third party whose office it is to settle disputes." According to Mr. Ratcliffe he was not settling disputes but it seemed that he was eternally stirring them up. The speaker touched upon the many funny phases of the umpire's work and amused the guests by telling of the funny experience of the man who holds the indicator.

Rev. Nelson Hall also entertained the guests during the first part of his talk on "The Pennant Winners." He told of the necessity for all to have a relaxation from their business and that base ball was the best diversion of all. Base ball in an amateur way is excellent but as a profession is unworthy of any man. He stated that he believed that the Hamilton team had won the pennant in a fair and square manner.

Response—Capt. Angell.

The closing remarks of the evening were made by Capt. Angell, who at a previous banquet had been introduced as the "Exra Kendall of Modern Times." He continued his witicism during his speech last evening and during his talk told of a pipe dream in which were pictured the Hamilton team a few years from now playing in the big leagues. According to Mr. Angell the Hamilton team will be back next year again to race for another pennant.

KIDNAP EIGHT YEAR OLD HEIRESS

Margaret Mitchell, Age 8, Heiress to \$250,000, Kidnaped While in Chicago.

CHICAGO, Oct. 13.—In broad daylight, Margaret Frances Mitchell, 8 years of age, said to be heiress to \$250,000, was kidnaped here Monday and the authorities have instituted a country-wide search for the child. While on the street with her grandmother the child was snatched by one of three men in an automobile and, after the grandmother, Mrs. Caroline E. Mitchell, was knocked down, was taken away. The police are working on a clew that she was taken immediately out of the city, probably to Sparta, N. C.

The kidnaping is said to be the climax of a prolonged struggle for possession of the girl. She has been living with her father, Robert Mitchell, at 4829 St. Lawrence avenue, while
