CITY NEWS
 Everything O. K. Please return soon.
 Made in Keokuk goods are as good
 as any other goods.
 The saw mill of Taber Lumber Com-
 pany has shut down for the winter.
 The meetings at the United Presby-
 terian church continue to grow in in-
 terest.
 John P. Hampton of Keokuk and
 Cora Wadkins of Tennessee, both
 colored, were married this week at
 Kahoka.
 The city jail was empty this morn-
 ing. A sleeper spent the night there
 and was released this morning, leav-
 ing jail empty.
 With a crowd before him Dr. Orr
 is absolutely certain to hold their at-
 tention from the beginning to the ends
 of his sermon.
 Tonight is the last chance to buy at
 Ayres' big jewelry auction. Don't
 miss the last chance.
 Justice H. C. Landes was still sick
 today and unable to come down to
 his office. He may be able to again
 get back to business on Monday.
 Come to Ayres' jewelry auction sale
 tonight and buy goods at your own
 price for Xmas.
 The Hamilton High school foot-
 ball team left this city over the K.
 W. this morning for Kahoka where
 they will play the K. H. S. this morn-
 ing.
 Second only to the water power de-
 velopment, would be the benefit de-
 rived to Keokuk, should everybody be
 inoculated with the germ of patroniz-
 ing home industry in all things and at
 all times.
 Don't miss the opportunity of hear-
 ing Dr. W. W. Orr in his great sermon
 on the "Home" Sunday at 2:15 p. m.
 This will be a talk to parents and
 children—husbands and wives—and
 those who expect to be husbands and
 wives.
 The Congregational Sunday school
 was making inquiries this morning for
 a worthy poor family of the city to
 whom they wished to give a Thank-
 giving day dinner and were given the
 name of a family by the superintend-
 ent of the poor.
 Great preparations are being made
 in the double vacant building between
 Sixth and Seventh streets on Main,
 for the poultry show which is to be
 held next week. The interior of the
 building is being decorated with flags
 and evergreen.
 The season for church socials is
 now here. One of the most enjoyable
 ones was that given Thursday even-
 ing by the young ladies society of the
 German Evangelical church. There
 were a number of interesting features
 and the social was attended by a large
 number of people.
 It is just seventy feet from the side-
 walk to the roof of the Estes build-
 ing. While repairing the cornice
 there this week the distance was
 measured by the workmen, who want-
 ed to find out how far they would have
 to go before hitting the sidewalk in
 case they fell from the scaffold.
 By building up the present manuf-
 acturing establishment of the city the
 demand would come for new ones. There
 is hardly an institution which would
 not have to double its force, equip-
 ment and size of building, were every
 Keokuk citizen pledged to purchase
 its product instead of a similar arti-
 cle made elsewhere.
 Constable John Leindecker has no-
 tified the president of the Keokuk
 Lantern Club that Morgan street and
 upper Johnson street are the two best
 lighted streets in Keokuk. He was
 out last evening for a promenade and
 reported this morning that no place
 was it so light as on these two streets.
 Tonight will be the last chance to
 buy at Ayres' big jewelry auction sale.
 Postmaster Korschgen paid C. W.
 Wilson's rent yesterday, having secured
 the necessary amount by contribu-
 tions. He states that all of the mon-
 ey was donated by the well to do peo-
 ple of the city, whom he has always
 found ready and willing to aid him in
 his work among the needy poor of
 the city.
 As No. 1 from the south was pulling
 out this morning at 7:35 the engineer
 suddenly discovered that the switch
 for the north on the Q. line of the union
 tracks was not thrown, and as the
 train was moving slowly it was stop-
 ped at once. It was backed down to-
 ward the station again and the switch
 was thrown, the train proceeding on
 its way.
 Keokuk has a population large
 enough to support many a small insti-
 tution if everyone would use that pro-
 duct. If every Keokuk person would
 buy nothing but a Keokuk-made hat,
 it would be demand enough for a hat
 factory to successfully run in the city.
 If every Keokuk citizen would buy
 nothing but a Keokuk-made pair of
 shears, it would be demand enough for
 a successful shears factory. Keokuk
 could gain many a new factory if there
 was a united support of home indus-
 try.

CITY NEWS
 The weather continues fine and the
 predictions are for still warmer weath-
 er for tomorrow.
 The Gate City want column has been
 proven over and over again to be a
 valuable result getter. If you want a
 result, use it.
 Q. train No. 12 was over an hour
 late in arriving this morning, a large
 number of people awaiting patiently
 for its arrival this morning.
 A new crossing apron is being placed
 at one of the corners of Tenth and
 Concert streets where the boys took
 away part of the platform on Hallow-
 e'en.
 Mercantils can get a larger circula-
 tion for their advertisements through
 The Gate City than through any other
 Keokuk newspaper. Circulation guar-
 anteed the largest.
 William Johnson, the baker, has
 been seriously ill at his home No. 103
 Exchange street, but is getting better
 now and would be pleased to have his
 friends call upon him.
 Superior court bailiff, George Mar-
 kle, goes to Argyle this afternoon and
 will spend Sunday with his brother on
 a hunting trip. He is promising all
 of his friends some rabbits, quail and
 squirrel.

Firm Flesh Versus Fat
 Fat women who are contemplating
 a new gown in the mode will have to
 contemplate a reduction of their flesh
 before they visit the dressmaker.
 Fortunately this is nothing like the
 hard labor it was when one had noth-
 ing but exercising or dieting to get re-
 sults with. Nowadays a short course
 of the Marmola Prescription Tablets
 should bring any woman, however fat,
 to the proportions necessary for her
 to wear a Directoire gown.
 Let her take a Marmola Tablet
 (made in accordance with the famous
 prescription and, therefore, harmless)
 after each meal and at bedtime and
 she should very soon be losing a
 pound a day. This result accomplish-
 ed without disturbing one's table
 customs, forming wrinkles or distress-
 ing the stomach, astonishes every-
 body.
 Even one large case, costing only
 75 cents at any druggists, or the same
 amount direct by mail from the Mar-
 mola Company, Detroit, Mich., gives
 positive results. This constitutes the
 acme of economy.

TAMPED WITH DANGER.
 Finally Had to Give up Coffee
 Drinking.

Because the poisonous drug in cof-
 fee does not "kill right out," many
 persons do not think there is any poi-
 son there.
 But there is. Caffeine, the drug in
 coffee, causes undue action of the
 heart which results in palpitation and
 weakness. These often cause chronic
 heart trouble which may shorten life.
 "Palpitation, nervousness, insomnia
 and other coffee symptoms, are the
 danger signals nature throws out to
 the coffee drinker."
 "While yet an infant on my mother's
 knee," writes a Pennsylvania lady,
 "she gave me sips of coffee. As I
 grew older, my appetite for coffee was
 indulged until I did not enjoy a meal
 without it."
 "By the time I grew to womanhood,
 I began to suffer the consequences. My
 stomach had become disordered, and
 often at night I could not sleep for
 hours on account of palpitation of the
 heart."
 "I was induced to stop coffee, but
 as soon as I was better, I would again
 tamper with danger by going back to
 it. After several such experiences, I
 tried Postum."
 "At first I did not like it. But I soon
 found by following directions on pkg.
 that it was easy to make good Postum
 and I now sit down to my meals with
 a cup of rich golden brown Postum by
 my plate and it makes the meal a
 feast fit for a king."
 "Best of all, while I enjoy my feast,
 my health improves steadily. My sis-
 ter, who used to have spells of acute
 indigestion from coffee, now enjoys
 real comfort from Postum, which we
 all have three times a day." "There's
 a Reason."

 Creek, Mich. Read "The Road to Well-
 ville," in pkgs.

**THE COLLECTION OF SPIC-AND-SPAN NEW GARMENT CRE-
 ATIONS WHICH YOU ARE INVITED TO INSPECT IS THE
 LARGEST AND FINEST ARRAY OF STYLISH MODELS SUL-
 LIVAN & AUWERDA EVER BROUGHT TOGETHER.**

There is a generous variety here, but each garment was carefully chosen for its style, distinction and its service-giving qualities. They represent the artistic work of the famous WORKSHOP OF WORTH style designers and tailors, so that you can make your selection with absolute surety of correctness in each detail.
 The styles have been developed with unusual artistic skill. Wonderfully beautiful effects are seen in the plain tailored types as well as the elaborately trimmed models.
 If you are undecided as to what you wish to wear the coming season, this display will help you to arrive at a conclusion. By coming early, you see the splendid assortment in something like its entirety, and you will be able to secure a good selection. Many of these models will not remain with us long.
 The new garments are developed along semi-fitting lines, so as to give the now desirable small hip effect. This shape, happily, is becoming to all figures and is developed in scores of different effects. Trim and jaunty tailored coat suits in finger-tip length vie with longer and shorter models for supremacy. Cloaks are beautifully trimmed with Hercules and Radium braids and large buttons.
 Some Cloak models have the raised waist-line suggestive of the Empire vogue; others have pretty Greek shoulder trimming. The Directoire influence—not in its exaggerated form, but as a revival of the Greek and Roman art may be noted in both cloaks and suits. The Napoleon collar, Directoire reverses, large pockets, and slashed seams are some of the novel features of these charmingly original models.
 There is a wealth of distinctive weaves and shades in the new fabrics. Altogether, it is the most interesting showing of Ladies Apparel we have ever shown. Come and see for yourself.
