Keeps Bowels Open; Free

There is no function of the human body so important as keeping the bowels open. Upon the condition of the bowels, more than upon any other one thing, depends the health and well-being of the entire system. There is scarcely a sickness that has not got constipation and stomach trouble complicated with it. It is at the bottom of most of the serious diseases of life. Every grown up human being ought to have at least one full and easy evacuation of the bowels every 24 hours. But unfortunately there are thousands who do not get this. No matter what is the nature or cause of their constipation, and no matter how chronic and long-standing it is, they will not find a better cure than the well-known Dr. Caldwell's Syrup Pepsin. So confident are the dispensers of this wonderful laxative that it will cure any case of constipation in young or old, that they will send a free test bottle to anyone who sends name and address to Dr. Caldwell. The sample will do for any constipated person what it did for Mrs. W. D. Fuller, of Eaton Rapids, Mich., for Mr. J. E. Edwards, of Lebanon, Tenn., and a host of others in all sections of the country. After trying used the sample they will do as Mrs. Fuller and Mr. Edwards did, which is to go to the nearest drug store and buy a regular bottle, which costs 50 cents or \$1, according to the size. Dr. Caldwell's Syrup Pepsin is not a tablet or powder, but a liquid laxative tonic, which is what a good constipation remedy should be. Thousands, who once sent for the free test bottle, now have Dr. Caldwell's Syrup Pepsin regularly in the house. It is the most scientific blending of laxative ingredients ever put before the world.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 505 Caldwell Bldg., Monticello, Ill.
