The board of education will meet this evening in regular monthly session.

Miss Nellie E. Bindel has been removed to her home from St. Joseph's hospital where she underwent an operation for appendicitis.

Word has been received here from St. Louis of the birth of a ten-pound baby boy to Mr. and Mrs. I. G. Gribben, former Keokuk people.

This evening occurs the election of officers of the A. O. U. W. lodge and also of Canton Leech lodge of the Odd Fellows.

Do your Christmas shopping early and do it in Keokuk.

The canal was frozen half an inch thick all the way across yesterday and presented a winter-like appearance, half of the water was let out of the canal about a week ago and the greater part left was let out yesterday, causing several of the larger steamers laying up in the canal for the winter to rest on dry bottom.

In the District court Wednesday afternoon, the second jury case of the term was started, being the case of Hull vs. Fisk. A jury to hear the evidence was being impaneled this afternoon. The case of Amanda Ginyerd vs. the City of Keokuk has been dismissed without prejudice at costs of the plaintiff. Mary A. Ganley has been appointed administratrix of the estate of the late William H. Ganley.

The work of stringing the new Western Union wires between Keokuk and the Des Moines river bridge is completed down as far as the Taber lumber yards. This makes the work about half completed and the men will probably be through in about two weeks. A dozen men are working on the job having been sent here from Chicago by the telegraph company.

A bowling meeting is to be held next Wednesday evening for the purpose of selecting prizes for the winners at the end of the year. The meeting will likely be held at the Keokuk club which has thus far been used for meetings of the organization. A large pennant will probably be decided upon for the winners, with a smaller pennant to each individual of the team. The player having single three game high average and the player bowling the best score during the season will probably be granted medals.

See our furs and muffs. Central. Something out of the ordinary happened at the depot this morning. A colored fellow with a fifty dollar bill stepped up to the ticket office and asked the agent for a ticket to Colorado Springs, Colorado. The agent was somewhat surprised but was equal to the occasion by sizing up the bill and making the change with the ticket.

The announcement made yesterday that President M. E. Justice would accept another term at the head of the Central association has met with general and joyous approval throughout the league circuit. Professor Munyon has just issued a most beautiful useful and complete Almanac; it contains not only all the scientific information concerning the moon's phases in all the latitudes but has illustrated articles on how to read character by phrenology, palmistry and birth month. It also tells all about card reading, birth stones and their meaning and gives the interpretation of dreams. It teaches beauty culture, manuring, gives weights and measures, and antidotes for poison. In fact, it is a magazine almanac, that not only gives valuable information, but will afford much amusement for every member of the family, especially for parties and evening entertainments. Farmers and people in the rural districts will find this almanac almost invaluable. It will be sent to anyone absolutely free on application to the Munyon Remedy Company, Philadelphia.

The Directoire influence--not in its exaggerated form, but as a revival of the Greek and Roman art--may be noted in both cloaks and suits. The Napoleon collar, Directoire reverses, large pockets, and slashed seams are some of the novel features of these charmingly original models. There is a wealth of distinctive weaves and shades in the new fabrics. Altogether it is the most interesting showing of Ladies' Apparel we have ever shown. COME AND SEE FOR YOURSELF.'
