

OLD FASHIONED REVIVAL SONGS

Familiar Hymns Are Being Sung at the Special Services at the Trinity M. E. Church.

REV. POTTER'S SERMON

Believe in Jesus the Same as You Would Believe in Your Mother and it Will be Easy.

The revival service at Trinity Methodist church is of the old fashioned kind. Last evening the forepart of the service was devoted to song, using such songs as "Come ye Sinners," "Are You Washed in the Blood of the Lamb," "Happy Day" and a number more equally as aged.

There are a great many of these old songs that we can look at in much the same way as we look at the dear old bible. The bible in which our salvation is recorded is old, yet the plan of salvation recorded there is just as refreshing today and as new as the day the book was given to mankind.

The lesson for the evening was found in the eighth chapter of Romans commencing with the fifth verse (verses 5, 6 and 7) and added to this all of the second chapter of First Corinthians as recorded by Paul.

The text on which the evening's sermon hinged may be found in the fourth verse of the second chapter of First Corinthians. "But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned."

Now in the handling of the text a deep vein of logical thought sprang up and the same was woven more or less throughout the entire sermon.

The thought was presented that it would seem foolish to call in a lot of blind men, to criticize a work of art, and that while this same body of men might capably criticize the rendering of a piece of music, yet in order to do this they must themselves be proficient in the art to which their criticism is directed.

The idea was brought out that through educational process a man could so equip himself that he would become a master judge, but only in regard to that where in he was competent.

For instance, Blind Tom could execute the most difficult and classical music from memory but he required a guardian in other matters.

There is nothing to do with figures, therefore it is clear to the reasoning mind that we must be developed through the line of things with which we have to deal.

Men differ in their capabilities, for instance, some are expert along one line and some along another.

Now we come to the application as spelled directly to the text. The unborn spiritually cannot understand the word of God, and here we come up with verse eleven of the second chapter of First Corinthians.

There should be in our lives a do religion, the kind that will do a christian good and that will make him walk straight the path of life, and in this way we shall be the means of setting an example that will be an influence to those around us.

Another strange circumstance happened where in certain city officials in Burlington quite a number of years ago had a certain well in that town as sealed up on account of the fact that the water was contaminating and out of the said well in question six families were depending upon their water supply, and at the very time this well was closed up, thirty-six saloons in that town were running wide open.

This act shows how well the authorities know what to shut up and what not.

Another figure used was that of two men out over a field looking over the horizon prospect in the land. The

Tasty Spaghetti Dishes. It's a mistaken idea to suppose that only in Italy is Spaghetti really at its best. You can prepare it yourself in as many ways as the most expert Italian cook, and with just as good, if not better results, provided you use Faust Brand Spaghetti, and are aided by the book of over twenty useful recipes which will be sent free on request.

Paust Brand Spaghetti is a most wonderful food. Nourishing a meat no end to the ways of preparing it—and sold at an astonishingly low price—a price not at all in keeping with its great cooking usefulness and food value.

Because of its delicious flavor Faust Spaghetti is always welcome. Because of its wonderful adaptability it never becomes monotonous. Because of its economy it should always have a prominent place on the grocer's order. Prove its goodness by getting a five or ten cent package today. Nearly all grocers sell it. And don't forget to write for the free recipe book.

MAULL BROTHERS, ST. LOUIS, MO.

One man was inexperienced said no, there is nothing here, while the other with his experience and his magnetic needle declared and located what he has been seeking for.

In regard to all this human reasoning we do not hesitate to accept, but when we try to believe religious things there are discarded, if we cannot see and feel.

We also accept and believe the doctors after they have diagnosed the unseen affection. Fact of the matter is in every other realm we are willing to leave things to the scientist to decide, excepting things pertaining to religion.

We have a perfect right to accept Christ in the same manner, but there are so many people who are not fair, they cheat their soul, and rob God, and in every other thing they are liberal.

All we have to do is to come to Him and let the spirit lead and unfold to us the things of God. Out of that class there are 98 out of 100 who are unreasonable when it comes to accepting the bible truths, which can only be accounted for by sin in their lives, and these same 98 individuals know what I am talking about. Now if this class of unreasonable men would know God, Jesus says "Do the will of God."

If you have not met the challenge of God why there is no reason why you should run around and express your infidelity when you have not as yet given God a chance, to reveal these things to you through the Holy Spirit working in you, and as long as you reject the plan there will be no rest, no place in your lives.

Believe in Jesus same as you believe in your mother.

Believe in Jesus same as you believe in Thos. Jefferson.

Love Jesus same as you love your mother. The story was told of the man who was separated from his wife and three children and one day a message came. Something warned him of impending danger. He nervously opened the cablegram and looked, he saw the words "Saved," thereupon he threw himself on his face and cried "Thank God." But he looked a second time at the message and now he read more closely "Saved alone" signed Mary. Now he realized her babies were gone.

He now went to the cross and fell on his face in agony of soul and looking up, he wrote the beautiful stanza of the very popular and well known song, "When Peace like a river attendeth my way."

The invitation was now given to which one responded.

Rev. Potter clearly defined the difference from believing in, and believing on Jesus, the later was just like casting your all upon Him.

Checks can be accumulated fast in this manner, and Dodge's Theatre has many handsome souvenirs for your checks. Matinees every day except Monday. Tonight the pictures will be entirely new and those who were at Dodge's Theatre last night will see an entirely new set of films tonight, as they will also on Thursday and Saturday. HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.

EVENLY MATCHED BALL TEAMS

What Mount Pleasant Paper Said of the Basket Ball Game of Last Saturday Evening.

The Mount Pleasant News had the following to say of the basket ball game won Saturday evening by the Keokuk high school team:

Saturday night at the Y. M. C. A. in one of the closest basket ball games seen for some time, Keokuk High School won from the local team by just three points. As to size and weight the two teams were perfectly matched, and from the first whistle it was easy to see that in skill and teamwork as well the two were nearly equal.

The first half was a splendid exhibition of basket ball and at its close it was hard to say which had the advantage, but possibly the local lads showed a shade the best form.

The second half was, on account of the closeness of the score, much rougher than the first. The fine teamwork of the first half was not shown in the second and there was much fouling on the part of both teams. The score advanced evenly in the second, as well as the first, and as the time of play grew shorter the local team began to take on a sort of feverish attitude that was in the end disastrous to them. With but three minutes to play the score board showed 41 to 40 in favor of the visitors. From this to the close of the game was the hardest fought basket ball that has been seen at the gym for a long time.

The over-eagerness of the Mt. Pleasant team marred their accuracy and although they had the chances for the baskets they failed to make them good, while on the other hand the Keokuk boys were never steadier than during this hot finish and with a difficult goal by King and a free throw by Welsman won the game.

At the meeting last evening of the Monday Music Club, held in the club's quarters at the Y. M. C. A. building, there was a good attendance and a most enjoyable program was given.

Miss Florence Johnstone was soprano for the evening and the musical program included piano numbers by Miss Whetstone and Miss Rollosen, a piano duet by Mrs. Ballinger and Miss Carey, vocal solos by Miss Klein, Mrs. Tucker, Mr. Kerr and Mrs. Frank Rollins of Kansas City, and a violin number by Mr. Hassall. A financial report was made on the recent presentation of the Messiah, showing that the club had made about \$60 on the entertainment.

The Wabash extra freight coming to Keokuk last evening experienced a little difficulty a short distance the other side of Elvaston when several cars were derailed. It was necessary to send to Springfield for the "recker" to clear the track. The train arrived in Keokuk this morning. It contained 47 freight cars.

Keokuk is going to have a work house. The shed in the county court house jail yard, is being boarded up by carpenters and will be fixed up as a sort of work house for the inmates. For several days they have been at work in the yard, cutting wood and cracking rock, under the sheds, but after the new house has been built, the men can work inside and keep warm.

Paul Luedtke, city collector, has received a request from the secretary of state for information regarding the mullet tax to be inserted in the next official register. The secretary wants to know the total yearly tax paid by each saloon in the city, combined state and city and also the total tax collected by the city for the year from October 1, 1907, to Sept. 30, 1908, not including the state tax received from the county treasurer.

The meeting at the Y. W. C. A. on yesterday afternoon was well attended by a large crowd of ladies who heard Miss Mary N. Blodgett give the first of a series of three lectures on "How to Live a Successful Christian Life." The second of the series was given this afternoon and from all appearances the meeting will be well attended and a helpful and interesting one. The reason for the lecture on yesterday was because of Miss Blodgett's having to leave a day sooner than she expected as it has not been the custom since her arrival to give a lesson on Monday. Miss Blodgett leaves on the 21st for Houston, Texas, where she will give a series of lectures.

Card of Thanks. To those who extended sympathy and help during the death and burial of our dear mother, Mrs. Suttive, we wish to extend our appreciation.
