ATTACKS STATE BOARD OF HEALTH

Miller, of Bremer, in the House Takes to Task Organization for Criticizing Him.

[Gate City Special Service.] DES MOINES, Feb. 10.—In the house this morning Miller, of Bremer, in speaking to a question of privilege made a bitter attack on the state board of health for what he claimed was published derogatory to him in recent bulletins and other pamphlets. He charged the board had "gone to Fort Dodge for a clean bill of health" and then he charged that "medical ignorance and villainy had attacked greater away at Fort Dodge than in any other place in the state." Referring to the death of a prominent lawyer and politician at Fort Dodge recently he said: "His life was sacrificed because he was treated for a full week for indigestion before the doctor found he was suffering with a far more serious disease." At the close of his remarks a resolution was presented by Inman for the appointment of a point committee to investigate the state board of health.

HAS STRONG OPPONENT

John Voss is a Good Man and Followers of the Game in Illinois and Northern Iowa Await Results.

Carl Busch is in Burlington at the present time training hard and faithfully for his match Thursday evening with John Voss. He writes The Gate City to that effect, saying: I will be in Keokuk Thursday morning; am training hard for my match with Voss and hope to win again. The speedy German is of the opinion that he will have the hardest proposition of his career in the big Rock Island champion but in spite of the odds hopes to come out the victor. He has been training at Burlington since his last engagement in the city and will be in prime condition for the struggle.

Illinois and northern Iowa followers of the game are quite familiar with the ability of John Voss and have every confidence in his ability to defeat the German. They are watching the coming match with great interest and hope to see Voss the victor.

Catch-as-Catch-Can.

The match will be catch-as-catch-can, which is the most popular style of the present day. Only the struggle hold and uncalled-for roughness will be barred and the man winning the two falls out of three will win.

The match will be pulled off at the Grand opera house where the best of conditions prevail and Keokuk people should not fail to be present.

In the preliminaries Charles Hennemann, the Keokuk champion, will meet Kid Dawson of Montrose.

HAVE ELECTRIC LIGHTS

James Bennett Granted Franchise to Install Lighting Plant—Will Begin the Work at Once.

[By a Staff Correspondent.] BOWEN, Feb. 10.—The revival meetings at the Christian church came to a close Tuesday night after five weeks duration and it proved the greatest religious revival ever held in Bowen. These evangelistic services were conducted by E. V. Spicer and E. M. Denthit, who hail respectively from Laddonia, Texas, and Austin, Texas. Rev. Spicer is an evangelist of note and the people filled the church house nightly to hear his excellent sermons and learn the truth as plainly told by this learned man. Rev. Denthit led the singing and proved himself an able choir leader. He is a music writer and composer and during the services sang a number of his own solos. These men are wonderful workers and the people are glad to have had them here and regret to see them leave. During the revival eighty-three additions were made to the church, folks of all ages from 6 years to 76 years, lining up with God's people.

Through the efforts of these evangelists and the local minister, Rev. W. A. Taylor, a young men's association has been organized and the Junior Endeavor society formed. New members were added to the official board at the morning service Tuesday.

Rev. Taylor, who has been filling the pulpit every other Sunday, has been employed to preach every Sunday, beginning March 1. He is an energetic, capable young man and we are glad to report this bit of news.

Tuesday evening after the services a reception was given in the church basement, to the new converts, members of the church and their friends.

A luncheon of sandwiches, pickles, salad, cake and coffee was served and a jolly good time was enjoyed by all.

Revs. Spicer and Denthit departed Wednesday morning for Yenkon, Okla., to hold a series of meetings and the best wishes of a host of their Bowen friends go with them.

Mr. Herron was notified at once and with his family departed for the home which had been so suddenly saddened. Mr. Lancaster was 75 years old. He is survived by six children and one brother, Eli, of Nebraska. The funeral services will be held tomorrow (Thursday) from the home.

The folks who have become used to groping in darkness will leave their lanterns at home and walk in the glare of electric lights. The city has granted to Mr. Bennett a franchise permitting the installing of a plant and work will begin in the early spring. A first class plant will be installed, one capable of filling the demand as business increases which will be the case. It is proposed to place twenty-one lights on the streets as a starter and the majority of the business houses will be equipped with the lights.

OLD TIMERS ROLLER SKATE

On Saturday Evening the Old Time Skaters of Keokuk Will Have a Chance to Have a Good Skate.

SEVERAL GOOD SKATERS

Others May Skate Also But the "Old Timers" Will be the Principals in the Grand March on Saturday.

On Saturday evening Wilmering & King of the Roll-a-way roller skating rink have decided to have an "old timers" evening and those who were the best of roller skaters a number of years ago will have a chance to show some of the younger generation what can be done on rollers.

The management is planning for a big night and an enjoyable evening for all, as every one will be allowed to skate, though the grand march which will be pulled off at 9 o'clock will be composed of all old timers. The grand march will be one of the features of the evening and an enjoyable time will be in store for all who attend on that evening.

Fresh in the memories of the older Keokuk citizens are the roller skating rinks that were conducted in this city a number of years ago and where old timers learned the art of roller skating. The rink in Gibbons' hall is fondly remembered by those who used to skate on wooden rollers instead of on the up-to-date Richardson and other makes of ball bearing skates of today.

The roller skates of today are much different than those of twenty years ago; those being used at that time were on wooden rollers, and the price of skates came as high as \$7 and \$8 even for a pair of those old timer skates.

Those who skated on skates in those days made of wooden rollers will find no trouble, however, in using the present day steel and aluminum roller skates, ball bearing and up-to-date in every detail.

Later a wireless message said the Taft party would reach the mouth of the Mississippi about 10 o'clock tonight. The North Carolina and Montana are about 200 miles from the bar. Taft and members of the party are well.

WILL REMOVE THE OBJECTION

Colleagues of Senator Knox Find a Way Out of a Constitutional Blockade.

WASHINGTON, Feb. 10.—Realizing the constitutional objections which have been raised against Senator Knox of eligibility for the appointment to the Taft cabinet are well founded, colleagues in the senate today took prompt action on the matter. After several conferences it was decided a provision be inserted in the legislative appropriation bill fixing the salary of the secretary of state at \$8,000, which is the same it was before the salary of cabinet officers was increased two years ago. This proposition meets the approval of practically all members of the senate regardless of political affiliations. Senator Knox refused to discuss the subject.
