Many Keokuk people are of the opinion that the Indian did not as well as he was capable of doing.

THE THEATRE.

"Lena Rivers" Next Tuesday.
 It will please any number of people to know "Lena Rivers" will be presented at the Grand on next Tuesday afternoon and evening. Since its production, the dramatization of Mrs. Mary J. Holmes' exceedingly popular book has had an overflowing amount of success. During its metropolitan engagements the theaters were packed to the doors at every performance. So great was the desire to see it that it was found necessary to give extra matinees to accommodate the public. In giving the play here the production seen in New York will be utilized. The story is divided into four acts, one laid in the Massachusetts hills, and the last three in the south at the Livingstone estate, near Frankfort, Kentucky. Most of the characters made familiar by the book are in the play and so all of the bright lines and quaint sayings. To the lovers of the book the adaptation of it is very satisfying. Everything about the work has been and is in artistic hands. Throughout the country the play has been phenomenally successful. The Chicago engagement was extraordinary in the matter of its receipts, and the one in New York City was a record breaker in that regard. Everyone who read the book will undoubtedly want to see the play taken from it, and a large audience will surely be present at its presentation to see Lena, Granny, and the neighbors in real life. The advance sale of seats will open tomorrow morning.

 —An innovation which may be taken up by the railroads of the country was inaugurated by the K&W system yesterday, through which passengers in Texas and Louisiana can "tip" the porters, buy their meals, pay their fare, pay for excess baggage or for anything the company sells, with a new idea of the road called "fare tickets." No more will the traveler have to sit in the car hungry and watch his fellow passengers bolting "ham" and doughnuts and coffee because he hasn't the price. Instead of just buying your ticket, buy a "fare ticket" which will pay your fare, your meals or for excess baggage. You can even tip the porter with it.
 —Burlington Gazette: Fast mail No. 15 which arrived in Burlington yesterday morning at 1:30 o'clock was short a mail car, as one of the cars was burned at Mendota. The entire contents were destroyed. How the fire started is a mystery. It was packed second class matter, consisting of magazines and monthly periodicals. When the train rushed into Mendota, the flames were discovered and the engineer made a hurry switch, placing the burning car on a side track where the Mendota fire department took care of it. What was left of the contents was turned over to the postoffice department, but so badly is it damaged that but little could be saved. It is thought that spontaneous combustion was responsible for the trouble. There was but little of the mail destroyed intended for Burlington, as most of it was through mail for the western coast.
