

HOLD SPECIAL EXAMINATION

at Local Postoffice to Fill Positions of Clerks and Carriers.

SATURDAY, APRIL 24TH

An Additional Carrier Will Be Put on the Present Force Being Insufficient For Distribution.

The appointment of an additional carrier will take place in the local post office on April 16th, the force of eleven carriers now employed to distribute the mails being insufficient and the appointment of a mounted carrier to cover route 12 will be made.

The list of male eligibles who took the examination for clerk and carrier positions on November 21 has been exhausted with the appointment of James Breitenstein as substitute clerk.

Because of this fact, Miss Lillian M. Perkins has been authorized to hold a special examination at the local government office on April 24th for males only, to fill the positions of clerks and carriers.

The following notice has been received authorizing the holding of a special examination on that date and reads as follows:

A competitive examination under the rules of the U. S. civil service commission, for the position of clerk (males only) and carrier in the post office, Keokuk, Iowa, will be held on Saturday, April 24, 1909, commencing at 9 o'clock a. m.

Applications for this examination must be made on the prescribed form, with necessary instructions, may be obtained from the commission's local representative, Miss Lillian M. Perkins, at the Keokuk, Iowa, post office or from the undersigned.

Applications will not be accepted unless received by the undersigned before 4:30 o'clock p. m., on Tuesday, April 20, 1909, all persons wishing to take this examination should secure blanks and fill them out at once in order to allow time for any necessary corrections.

J. M. SEORMAKER, Secretary Civil Service Board, St. Paul, Minn.

Special Notice To Fat People

"I am giving you here the only prescription known that will safely, surely and quickly reduce your fat to normal," said Dr. Jones to his fat afflicted patient. "Besides, it will at the same time greatly build up your muscular strength and health."

"Go to the drug store, get a package of Rengo. You eat it like fruit or candy and easily and safely reduce your fat a pound a day."

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full-sized box, or by mail prepaid, by the Rengo Co., 3147 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail if you write them direct to Detroit; no free packages at drug stores.

Rengo for sale and recommended in Keokuk by Wilkinson & Co's pharmacy and J. F. Kiedaisch & Son, druggists.

SENT TO JAIL FOR CONTEMPT

Accused of Trying to Influence a Juror or Saloonkeeper is Sent to Jail.

SAN FRANCISCO, March 31.—Charged with attempting to influence a juror in the case of Calhoun, William Harrington, a saloon-keeper, was arraigned before Judge Lawlor today, and was sentenced to jail five days for contempt of court.

Harrington asked Juror Blender, "Are you going to hang Calhoun?" Despite his defense that it was a thoughtless remark, the court rebuked Harrington harshly, and inflicted the jail sentence.

Judge Murasky expects today to give a decision as to whether the agents of Detective Burns were in contempt of court in ignoring the restraining order from the court intended to prevent a raid of Calhoun's offices.

Several men charged with stealing evidence relating to the alleged graft cases from Attorney Langdon's office were arraigned this morning on charges of larceny and receiving stolen property.

The work of securing the last temporary juror for the Calhoun trial occupied a day.

The Road to Success. has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run down or sickly. Only 50c. Guaranteed by Wilkinson & Co., and J. F. Kiedaisch & Son.

DRUGGISTS LAW IS INTERESTING

After April 1, the Inspector is Liable to Drop in and Look Over the Stock.

Druggists throughout Iowa are greatly interested in the Newberry pure drug law which will go into full effect April 1. This law was passed two years ago, but an appropriation for its enforcement was overlooked. It has been partially enforced, however, by the pharmacy commission and the appropriation is to be made by the present legislature will put the entire bill into effect April 1.

The Newberry law is strict and will require drug stores to keep their supply of drugs fresh and up to a uniform strength. Every drug handled in the state must come up to the strength prescribed by the U. S. P. of 1909 and the National Formulary. The percentage of alcohol used in all concoctions must also be shown upon the label.

After April 1 all goods displayed or kept for sale must be properly labeled and the possession of drugs not properly labeled will be deemed prima facie evidence of intent to sell. Also the use of wood alcohol in colognes, perfumes, massage preparations and like is absolutely prohibited.

To enforce this law it will be necessary for the pharmacy commissioners to personally call upon every druggist in the state and inspect his stock. The members of the pharmacy board have been partially enforcing this law, but after April 1 expect to enforce all of its provisions. Lack of an appropriation to prosecute violators has previously prevented the full enforcement of the law. After April 1, however, every druggist in Iowa should take every precaution against violating this law. Furthermore every store in the state should be kept ready for an official inspection by the pharmacy board, for this will be necessary in the strict enforcement of the law contemplated by the members of this commission.

CARTHAGE SLATED FOR FIRST GAME

K. H. S. Schedule is Announced by Manager Vestal and Season Will Open at Home With Hancock Co. Team.

Since C. L. Vestal was appointed manager of high school athletics the various athletic teams have had exceptionally good schedules and thus far the baseball schedule looks good and is fast rounding to a completion. Thus far the following dates have been announced:

April 10—Carthage at Keokuk. April 17—Ft. Madison at Keokuk. April 23—Keokuk at Quincy. May 1—Keokuk at Ft. Madison. May 8—No game—tri-state track meet.

May 15—Open. May 22—Quincy at Keokuk. May 29—Keokuk at Carthage.

No State Trip. It looks as if the high school team will not be able to take a trip north in the state this year. Catlin, coach of athletics at Iowa City, has arranged a freshmen track meet with Chicago on the date which he and Manager Vestal were figuring on, so the game cannot be scheduled.

The game with Quincy on the 23th of May is on Friday. This game was arranged by Manager Vestal to break the jump at Hannibal, but the game to be played on the following Saturday at that city cannot be arranged.

The candidates for various positions on the baseball team are fast rounding into shape and while Captain Weismann will not pick a team immediately, he has about formulated the team for the opening game. All of the men are showing good form and have taken the kinks out of their arms.

It is thought that little track work will be done at the school this year, and the only thing to attract local track athletes is the big tri-state meet.

ELIOT CHOSEN AS AMBASSADOR

Taft Informs That Head of Harvard University Will Go to England.

WASHINGTON, D. C., March 31.—President Taft, speaking at the dinner tendered Charles W. Eliot of Harvard university here last night announced by direct influence that Eliot had been tendered and was considering the appointment of ambassador to Great Britain.

Senator Root had indicated the selection of Eliot earlier in the evening, and Taft made the announcement stronger by declaring that he endorsed all Root had said.

Senator Root indicated the choice of Eliot as the new American ambassador to Great Britain by saying: "Before whatever monarch he (Eliot) shall stand, we will know our great republic in all its good qualities is represented by a true American gentleman."

WASHINGTON, March 31.—President Taft and Dr. Charles W. Eliot former president of Harvard university, held a half-hour conference at the White House today. They mutually decided to make no announcement of the latter's decision as yet.

ADD ELIOT 3

In regard to the ambassadorship to England, which was tendered him, Dr. Eliot wishes to fully make up his mind. Taft and Secretary Knox are willing to give him all the time he wants. Whitlaw Reid will remain in London at least six months, therefore there is no haste about the appointment of a successor. When Dr. Eliot left the White House he said he had a pleasant talk with the President but was unable to say whether to accept or decline the offer or that the offer had actually been tendered him. When Taft asked for a statement upon the ambassadorship he said it wasn't the "present question" as no announcement was to be made at this time.

LIFE OF A PIMPLE

Complexions Are Cleared and Pimples Disappear Overnight Without Trouble.

The dispensers of poslam, a new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining an experimental package. Those who have tried it will find that the fifty-cent box, on sale at Wilkinson & Co.'s and all drug stores, is sufficient to cure the worst cases of eczema, where the surface itching is not too large. The itching ceases on first application. It will also cure acne, tetter, blotches, scaly scalp, hives, barber's and every other form of itch, including itching feet. It cures flesh-colored and contains no grease, the presence of poslam on exposed surfaces such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them.

As to the experimental package of poslam, it can be had free of charge by mail of the Emergency Laboratories, 32 West Twenty-Fifth street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in twenty-four hours.

Prepare your system for hot weather—don't put off taking Hollister's Rocky Mountain Tea, but do it now. The best, most economical regulator and system conditioner; as good for the children as for father and mother. Wilkinson & Co.

TO TEST ROCKY MOUNTAIN COAL

Important Step Taken Toward Stopping the Waste of the Fuel Resources of Country [Gate City Special Service.]

WASHINGTON, D. C., March 30.—An important step toward stopping the waste of the fuel resources of the country has been taken by the United States Geological Survey in its tests of the coal field of the Rocky Mountain region at the government plant in Denver, Colorado. At that plant the purpose has been to determine what coals of this region are capable of making coke that can be used by the great metallurgical interests of the west. Of thirty-seven coals tested, the government experts succeeded in producing good coke from all but three, through a number of these coals had never been known to be capable of making coke. These results, which will prove of much importance in the west in the next few years, were obtained by following out a carefully prepared treatment of the coals. Each of the coals was washed in order to get rid of the ash, sulphur and other impurities which prevent the making of coke that is of any use in metallurgical work. The washing tests not only prepared these coals so that they made good coke, but also demonstrated the fact that many coals of the west which have too much ash and sulphur to be used economically under a steam boiler may be rendered of commercial value through such treatment. A bulletin describing the washing and coking tests at the Denver fuel testing plant from July 1, 1907, to June 30, 1908, has just been issued by the Geological Survey, the authors being A. W. Belden, G. R. Delamater and J. W. Groves.

EVERYTHING NEW AT DODGE'S THEATRE

Camraphone Program and Motion Pictures Change, and Program Will be Fine.

The program at Dodge's theater promises to be unusually interesting tonight as everything changes, the Camraphone presenting entirely new numbers, and the motion pictures all changing. The show is getting better and better at every change, and there will be a large crowd to see the new bill tonight. One gratifying feature about the Camraphone entertainment is that so many women and children are attending. The matinees are growing in attendance every day, and the evening crowds also keep getting larger. The entertainment is one that especially appeals to ladies and children and the men enjoy it as well. Some especially fine numbers will be presented this evening and there should be a large turnout.

IOWANS CONFER ON TARIFF BILL

Republican Members of House Favor Many Changes in Payne Schedule.

WASHINGTON, D. C., March 30.—The Iowa republican members of the house held a conference on the tariff bill yesterday afternoon and expressed themselves as favoring more than a dozen changes in the Payne measure. No formal action was taken, but the following amendments were suggested, some of which several Iowans insist must be made to gain the support of the bill:

A moderate duty on hides. Restore duty on barley. Protect wheat in drawbacks. Free saags if free hides. A lower duty on cheaper grades and hosiery. Free leather and spices. Free coffee without a countervailing duty. Free lumber without a "dicker" in the bill. A reduction of the duty on glass. A lower duty on steel billets and rods. No countervailing duty on petroleum. Increase the beer tax from \$1 to \$1.50 per barrel.

Representative Woods advocated an income tax and a decrease of expenditures if necessary to make up for the reduction of duties on the necessities of life. But the income tax plan did not receive much support at the conference. Smith, who is believed to hold the balance of power on the rules committee, stated that he thought it would be possible to get a separate vote on four or five amendments to the tariff bill. The majority of the delegation want him to stand firm for a chance to amend the bill according to the foregoing plan outlined. They believe that he can prevent the rules committee from trying to railroad the bill through the house without amendment.

New Members Stand Together.

The four new members, Woods, Good, Pickett and Kendall, were especially insistent on a marked reduction on several schedules of the Payne bill. Haughen, Hubbard, Dawson and Kennedy join with their new colleagues in some of these demands. The entire delegation is united for a duty on hides and all but Smith are for free coffee. He favors a maximum and minimum duty of five and three cents on tea. All are for an increase of duty and tax on beer.

Much encouragement was given the Iowans by the publication this afternoon of a statement by Representative Henshaw of Nebraska, who had a conference with President Taft, and says that Taft desires the duty be taken off of the necessities of life. By necessity Mr. Henshaw means lumber, shoes, coffee, tea, gloves, stockings and petroleum. The conference of the Iowans was held in Captain Hull's committee rooms and was not attended by either Senator Dolliver or Cummins.

Hurry Up Order

Almost any time in the season of clothesmaking you can find our tailors working overtime on "Hurry up" orders. In fact, the majority of orders are given with the injunction "Hurry up."

Just why gentlemen will postpone their orders for clothes until the time comes when they "want them right away" will probably remain a mystery, but they do it—and will probably keep on doing it. What we desire to say is, whether yours is a "hurry up" or "take your time" order, we desire that this season you should wear
