

MISSING COUPLE NOT LOCATED

Dragging of the River at Alexandria Has Been Discontinued After a Long Unsuccessful Search.

FATHER WAS IN KEOKUK

William Bartlett Was in the City This Afternoon to Make Investigation of a New Clue.

There are no new developments in the Alexandria suicide case, although hopes are getting stronger that Herman Bartlett and Belva Pugh did not take their own lives.

Dragging Discontinued.

The dragging of the river has been discontinued. The abandonment of this work, is not because the couple are not thought to be under the water, but because all of the immediate vicinity has been gone over and if the bodies are in the water they have rolled far down stream.

The double drowning having occurred on Sunday evening, the bodies are expected to rise to the surface within a short time now unless caught in some brush or being held by some other object below the surface.

Mr. Bartlett came to Keokuk this afternoon to make some investigations. He came to look into a clue to his son who is said to have driven to Keokuk recently. He has not given up hope that the boy is alive and expects to find him.

Word came from Alexandria this afternoon that Bartlett's hat had been found in the river, about three miles below Alexandria today.

This adds to the suicide theory, although it was reported at first that the boy left his hat at the hotel.

It invigorates, strengthens and builds up, keeps you in condition, physically and mentally. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Wilkinson & Co.

TWO PLAYERS ARRIVE TOLAY

Jack Landry, the Outfielder from Flint, and Pitcher LaVelle in Town Today.

Jack Landry, the fast outfielder from Flint, Mich., and LaVelle, the pitcher, arrived in the city today from their respective homes, the latter coming to Keokuk from Center Point, Iowa. The rest of the players will arrive this evening and on the morning trains and a game for the public will be arranged for Sunday if possible. It will be between the two picked teams.

Landry is expected to prove a star and comes with a good record, while LaVelle is a pitcher well known to Belt, and the manager says that if he keeps in condition he will play plenty fast enough for the league.

Selt has ordered Dea. Burton, the outfielder to report. Burton is the Kansas man signed by the directors on strong recommendation of baseball men who had seen him in action.

In the Sunday game mentioned above it is likely that several local stars will take part to fill in.

FALL RESULTED IN HIS DEATH

Charles Yerke Died This Morning at St. Joseph's Hospital From Injuries Received.

Charles Yerke, aged sixty-four years, received a fall Saturday from a hayloft of a barn on the Wyand farm, on the Middle road, which resulted in severe injuries and caused his death this morning at St. Joseph's hospital.

From time to time he had been making his home at the County farm, but during some time past had been living on the Wyand farm, not far from the city.

Following the accident he was removed to St. Joseph's hospital where he lingered between life and death until this morning.

Society

A private dance will be given on next Tuesday evening in Hawkes' hall by Walter Bode and Roy Wolf. Agne's orchestra will furnish music for the party.

The Saengers of Warsaw will give a dance in that city on next Monday evening. A number of young people from this city are planning to attend.

The spring dancing season will be on in full swing next week and lovers of this amusement will have their fill of dancing by the time the after Easter week is at an end. Engagements for dancing each night next week, both private and fraternal have been scheduled for the week beginning Monday, April 12th.

A good looking Illinois couple, Oscar Huff and Edith Hickman came to the city today from Sciota, Ill., and at one-thirty this afternoon were joined in the holy bonds of matrimony after procuring their marriage license at the court house. The couple were accompanied by a brother of the bride, Preston Hickman of Sciota. After the marriage ceremony, the wedding party which consisted of several friends and relatives of the contracting parties, repaired to the Grand hotel where an excellent wedding dinner was prepared for them. Those accompanying the couple to this city returned this afternoon at 2:05 on the T. P. & W. to Sciota.

One of the most successful social affairs of the season was the enjoyable dancing party given last evening by the Rebekah ladies of Colfax lodge No. 4 in Odd Fellow's hall.

About thirty couples were present and enjoyed the evening as guests of the ladies who are royal entertainers when it comes to an affair like the one given by them last evening.

The hall was prettily decorated in pink and green crepe paper, the colors of the order, decorations of this color scheme predominating throughout the hall. In one corner of the room was an inviting punch bowl, presided over by two young ladies who pleasantly served the guests of the evening with the delicious beverage. Pink carnations worn by the committee composed of the nine Rebekah ladies and a pretty bouquet of which made a pleasing effect at the punch table.

Dancing was enjoyed from nine o'clock until twelve, excellent music being furnished by the Agne orchestra, whose many new instrumental pieces furnished entertainment for the dancers.

It is the intention of the ladies to give another dance during the present season and considering the decided success of last evening's affair another dancing party will no doubt be given some time soon by the ladies.

Object to Strong Medicine.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by Wilkinson & Co. Pharmacy and J. F. Kiedaisch & Son.

A GREAT CHANCE FOR THE CHILDREN

Lodge's theater is certainly making a hit with the schoolchildren this week, and they are certainly enjoying their vacation. Tomorrow afternoon Manager Dodge is going to admit two schoolchildren for the price of one admittance, five cents, and it is needless to say the house will be packed. In addition to giving them this advantage in price, he has secured the wonderful film "Awakening of the Toys," or, the night before Christmas a Camera-phone number that will be remembered by the children for a great time. Do not fail to send the children down to this matinee, for it will be a great treat for them. The motion pictures will all be new, and the program will be one of the best of the week. Everyone will wish to see the Camera-phone in its new program, and the evening crowds will also be large.

SALOONS ARE FORCED OUT.

Six Hundred "Third Parlors" and Ten Breweries Must Close in Michigan.

DETROIT, Mich., April 7.—Upwards of six hundred saloons and ten breweries will be forced out of business in nineteen counties of the state, which voted "dry" at the election.

In the eight counties, which the liquor interests carried, there are a total of three hundred saloons, giving the Anti-Saloon league a victory over two-thirds of the saloons which they attacked. The slender majority of 41 votes, which the "dry" received in Jackson county, where there is a population of 47,000, indicates the bitterness of the fight that was carried on there. A recount is considered a certainty in this county.

Washtenaw, Berrien, Monroe and Ottawa counties were four big "wet" victories. Washtenaw, with the university of Michigan within its borders, rejected prohibition by 800 majority. In Berrien, the "wets" secured 2,000 majority, in Ottawa 15, in Monroe 1,900, and in Inosco 172.

[Gate City Special Service.]

SPOKANE, Wash., April 7.—Good roads building by the farmers in Spokane and Whitman counties, Wash., and Lataha county, Idaho, is being materially "boosted" by Jay P. Graves, president of the Spokane and Inland Empire Electric Railway system, who announces he will give prizes amounting to \$3,000 in three yearly installments for the best mile of constructed highway in 1909, 1910 and 1911. The committee appointed to make the awards is to be composed of J. C. Lawrence, state railway commissioner of Washington; Enoch A. Bryan, president of the Washington State College at Pullman and J. A. McLean, president of the University of Idaho at Moscow. The offer is made by Mr. Graves as a private citizen, the primary purpose being to encourage the ranchers in the Palouse wheat district, south of Spokane, in the building of permanent roads with such materials as are at hand, though the use of concrete, macadam, oil or other substance will not disqualify competitors.

The testimony revealed the letter requested Georgia to bring Mildred Servoss, a distant relative of the Alynnes and that Manson has been going with Mildred frequently and the couple were guests of the Alynne home. The strike became effective this afternoon, and the leaders say that when the professors enter their recitation-rooms tomorrow morning not a student will be there to meet them. The students say that last year a full week's extra vacation was requested of the faculty, but the students were informed that, while the request could not be granted for 1908, arrangements would be made for a full week this year. The students were appeased for the time being, but when they learned last week that only two days' absence from recitation were to be given them they decided it was time to declare themselves.
