Oh! My Poor Back!

No Trouble At All to Know When Your Kidneys and Bladder Are Diseased.

You don't have to have a doctor or anybody else to tell you that. When your kidneys and bladder become weak, exhausted and diseased, the symptoms are very plain and unmistakable.

Those wearisome, continuous back-aches—those excruciating, sharp, stabbing pains and "catches" in the back hips and groins (when you attempt to lift something or to straighten up too quickly)—those rheumatic pains and twinges—all signify kidney and bladder disease.

DeWitt's Kidney and Bladder Pills have afforded prompt and permanent relief in every case of kidney and bladder disease—no matter how far advanced—where they have been given an honest trial.

Mr. Wallace H. Brunner, 3214 Ohio St., Omaha, Neb., states that these pills cured him entirely of his kidney trouble. And Mr. Brunner is only one of many thousands.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these pills will be sent free by return mail postpaid. Do it today.

President Cruikshank and Manager Hough have not yet announced the lineup or the pose but it is anticipated one scene that will create enthusiasm will show Manager Hough in the center waving the Three I pennant with the players gracefully distributed about the stage, deep center, deep right, etc. All will be attired in full regalia to enable them to catch all bouquets without injury to themselves or the flowers.

Those of the faculty who were present were: Misses Solomon, Pittman, Craig, Kiedaisch and Messrs. Reid, Vestal and Locke. Mr. and Mrs. W. C. Kummer were also present.

The bride will be attired in a light grey traveling suit with hat and gloves to match. The groom will wear the conventional black. The young couple will reside at Fourteenth and Fulton streets where they will be at home to their many friends immediately after the wedding.

The bride is the attractive young daughter of Mr. and Mrs. James Corbett and has a host of young friends in this city. Until recently she has been in the employ of the Elgin Jewelry company. The groom is employed at the Mills-Ellsworth company and is a young man of sterling qualities. The many friends of the couple wish them success and happiness during their wedded life.

The senior class party of the high school given at the home of Miss Grace Strickler last evening, 227 North Fifth street, by Miss Strickler and Miss Meta Kummer, proved a very enjoyable affair for the members of the class and faculty who were present.

The decorations were indicative of the Easter season, decorations of painted egg shells and Easter chicks being used very cunningly. From the chandeliers, the shells were suspended and were used on the tables in a tasteful manner. Pretty Easter lilies and narcissus gave a pretty touch to the decorations.

During the evening, various games were played, they also being in harmony with the Easterlike thought, various contests such as counting Easter eggs and the performance of Easter tricks made the evening pass happily for the forty members of class and faculty present.

DAY'S WORK IN FEDERAL COURT

Voting Machine Case From Burlington is Being Heard Today Without Presence of the Jury.

MACHINE ON EXHIBITION

Grand Jury Made a Report But Found no Indictments and All Jurors Have Been Excused.

The Federal court today took up the case of the security Trust Company vs. Des Moines county, the litigation arising over an order for twenty-seven voting machines by the county at a cost of \$17,000.

The Standard Voting Machine Co., entered into a contract with Des Moines county for the sale of twenty-seven voting machines, but after a dozen of them had been shipped, the county wished to annul the contract.

The company furnished the machines, turned it over to the Security Trust Company, of Rockchester, N. Y., which brought suit to recover.

A month or so ago Judge McPherson handed down an opinion in a remonstrance holding that the instrument of indebtedness given by Des Moines county to the voting machine company was negotiable. The issue now being argued is whether the board of supervisors of the county had any authority to make a contract for the machines.

One of the voting machines was brought down from Burlington and taken to the court room as an exhibit in the case. The machines were never used at Burlington but those received, were stored in the basement of the court house.

County attorney Kuhlmeier and W. E. Blake are representing Des Moines county in the case and J. J. Seerley is the counsel for the Rochester Banking Company.

A jury was waived by both sides and the court is hearing evidence and listening to depositions in the matter.

Other Matters. The petit jury was excused this morning, there being nothing for it to do.

The grand jury made a report and has also been excused. No indictments were reported.

In the case of the United States vs. the C. B. & Q. Ry. Co., the defendant pleaded guilty to not having safety appliances on cars and was fined \$100 and costs.

The case of Roan Iron Co., vs. the Murray Iron Works Co., was settled and dismissed.

The case of Martin Upton executor et al vs. F. E. Brown Co., et al, has been settled and dismissed at plaintiff's costs.

The case of Rogers, McGinnis & Humphrey vs. Austin Drainage and Excavation Co., has been settled and dismissed.

New York Stocks. NEW YORK, April 14.—There was a slight weakness in the first few minutes, due almost wholly to the selling because of lower early London cables and in expectation of the continuation of the reactionary tone of yesterday. Heavy buying by the arbitrage brokers caused a general upward movement, at the end of the first hour and the prices generally showed net gains ranging from fractions to over a point. The governments were unchanged and other bonds held strong.

NEW YORK, April 14.—For a good part of the early afternoon the market ruled extremely dull with most trading based on a further reaction. Before 2 o'clock another upward movement started that was most pronounced in coal stocks. Lackawanna went to high record price of 650 and Jersey Central made an advance of four points. St. Paul, Southern and Union Pacific were heavy.
