Are you in the self-satisfied army? Resting and Rusting?—Doing today what you did one year ago?—What you will be doing one year from today? It is easy to HOPE for success in 1909, but the Big question with you, Young Man, Young Woman, is not what you are HOPING to do, but what you are DOING to enforce these hopes? What are you doing to compel a betterment in your income? Do you figure that you are \$50 ahead because you have not taken a course in Carthage Business College? Do you KNOW you are \$50 ahead? Indeed you do not. You do not know how many opportunities you may have missed by not being prepared to do something the world wants done. You will never have an opportunity worthy of mention as long as you remain in the untrained class. There is nothing you can do. The demand for better men and better methods knows no over-supply. Remember that times are rapidly changing and unless you prepare to meet competition NOW you will surely be a back number—merely a hanger-on. The business world has no patience or sympathy with self-satisfied, unambitious, young men and women. What it wants is Energy, Grit, Determination—coupled with KNOW HOW and DO IT NOW. Carthage Business College Gives young men and women this today. Would it mean anything to you to be one of the happy, enthusiastic students of this school? Do you say, "I cannot afford to?" Better ask yourself "if you can afford NOT TO." Start Now and don't be compelled to say when some golden opportunity is past. It Might Have Been Write for records made by our students during the past year. Write for information regarding our home-study course in shorthand and typewriting. We will furnish you a typewriter upon which to practice. M. E. Davenport, President
