COULD NOT CURE WEEPING ECZEMA

Disease Began over Ear and Spread till Face and Neck were Raw—Itching, Inflammation and Soreness were Terrible—Lasted Over a Year and All Treatments Failed

UNTIL CUTICURA AGAIN PROVED GREAT SUCCESS

"Eczema began over the top of my ear. It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good. At last one side of my face and my neck clear up to my hair were raw. The water ran out of it so that I had to wear medicated cotton, and it was so inflamed and sore that I had to put a piece of cloth over my face and neck to keep the water from it, and it would stain the cloth a sort of yellow. The eczema itched so that it seemed as though I could tear my face all to pieces. The disease began in the fall and I did everything for it until the next winter. Then I began to use the Cuticura Soap and Ointment, and it was not more than three months before it was all healed up. I still use the Cuticura Resolvent Pills once in a while to cleanse the blood. I am very thankful that I tried Cuticura, and I can recommend it to any one. Miss Ann Peavons, Northfield, Vt., Dec. 19, '07."
