

BABY'S ESCAPE WAS MIRACULOUS

Fell From Third Story of South Fourth Street Home and is Alive This Afternoon and Not Much Injured.

NINETEEN MONTHS OLD

Baby Boy of Mr. and Mrs. Hullinger, 327 South Fourth Street, Had a Very Narrow Escape From Death.

Stephen, the nineteen-months old son of Mr. and Mrs. Hullinger, of 327 South Fourth street, miraculously escaped death this morning in a fall from the third story of the Hullinger dwelling and is alive, but serious internal injuries may follow, although the attending physician says not.

The little baby boy crawled to the low window sill of a bed room on the third story shortly after 6 o'clock while the mother and father were down stairs and tumbled to the board sidewalk below, a distance of between thirty and forty feet.

The mother heard the fall and says that she knew immediately what had happened. She ran quickly outside and picked the little boy from the heap on the sidewalk and carried him into the house crying, but seemingly very much alive.

A physician was called as quickly as possible for the parents were fearful lest the child had been seriously hurt, but upon a careful examination it was found that no bones were broken. The parents stated this afternoon that an X-ray examination would be made for the child seemed to be in pain and may be suffering from internal injuries.

An Unparalleled Case.

The case is one unparalleled in Keokuk at least. The entire neighborhood including many friends of the family have visited the house today and all pronounce the escape of the child from death or even more serious injuries as miraculous.

Mother Had Left Room.

The mother had just left the room intending to go down stairs for a few minutes. The baby was awake and up, and the window had been left open, the mother little thinking that the child would be able to crawl through it. The sill is quite low, in fact lower than is ordinarily the case and the little child playfully climbed up and without any warning whatever plunged to the sidewalk below.

The only injuries from which the child is suffering is to its side. The child one fell full upon its left side and no ribs seem to be broken and the baby is not bruised.

This morning the child rested quietly but this afternoon grew restless and the mother had to carry it in her arms during the greater part of the time. The child did not cry but simply moaned softly and seemed to be in slight pain.

Fall Not Seen.

Many people live in that neighborhood and had the incident happened in the day the spectacular fall might have been witnessed by some of the neighbors. As it was few of them were aware of the narrow escape of the little boy some time after the accident.

The little boy is a bright baby and will be two years of age next October. Neighbors and friends hope that nothing in the way of internal injuries develop.

A Home Remedy for Dandruff and Falling Hair

What is claimed to be one of the best preparations for the hair can be easily prepared in your own home by getting from your druggist one ounce of beta quinol (liquid) and half a pint of alcohol; mix the alcohol with half a pint of water, then add the beta quinol, or you can use one pint of Bay Rum in place of the alcohol and water. Shake well together and it is ready for use. The beta quinol contains all the best known chemicals, in highly concentrated form, for the cure of dandruff and falling hair. If this is rubbed into the roots of the hair every day for a week or so, then two or three times a week, your dandruff will surely disappear and your hair will stop falling out. This simple mixture will strengthen the roots of the hair and will make the hair light and fluffy. Any druggist will supply you with the beta quinol and alcohol, and it is preferable to use warm water in mixing.

Gate City reporter this afternoon stated that an X-ray examination would be made.

A Bad Taste in the Mouth.

It is anything but pleasant to awake with a bad taste in the mouth. This always arises from a disordered stomach, and may be corrected by taking a dose of Chamberlain's Stomach and Liver Tablets immediately after supper. They cleanse and invigorate the stomach, improve the digestion and give one a relish for his food. They are easy to take and pleasant in effect.

CITY NEWS

The condition of Mrs. Emile F. Renaud who is ill with typhoid fever is quite satisfactory. She seems to be having the disease in a light form.

The Chicago newspapers and Des Moines papers also have not succeeded in getting the percentage of the teams of the Central Association straight yet. Keokuk is given fifth place and tied with Kewanee in the percentage columns of these papers.

E. F. Renaud left for Des Moines this afternoon being called there by Governor Carroll to take the oath of office as one of the members of the state board of optometrists. This is the first meeting of the examining board and the annual meeting of Iowa State Association of Optometrists is also to be held May 18, 19 and 20th at the Savory Hotel. Mr. Renaud is also on the program for an address.

The North Star and how boat Harriet came down the river this morning at 1:30 with half of the Taber lumber raft. The two boats returned up stream at 3:05 after the other half of the raft which was brought down at noon time. Ten barrels were in the raft which was brought from St. Paul. The boat ran into the bridge at Dubuque and the raft was broken causing some delay. Another raft is expected by the Taber people in about two weeks.

WILL IMPROVE "Q" PROPERTY

A Conference Was Held This Morning at the Office of Attorney Trimble Regarding Land Question.

WOULD BUILD ELEVATOR

O. A. Talbot Company Still Wants Lease of Twenty-Five Years on Three Acres of Land.

A conference was held this morning at nine o'clock at the offices of General Attorney Palmer Trimble of the C. B. & Q. between Messrs. A. C. Scudder, real estate agent of the C. B. & Q., Palmer Trimble, A. N. Willis, superintendent of the Hannibal division and James R. Howe, the newly appointed trainmaster of the Q. with headquarters in Hannibal. The two latter gentlemen were in the city more for the purpose of acquainting Mr. Howe with this end of the Hannibal division of which he took charge on Saturday.

Mr. Scudder came to the city this morning from Chicago for the purpose of conferring with Messrs. Talbot and Trimble in regard to the land question which has been up for some time and which has not yet been settled between the elevator and the railroad company.

Attorney Trimble stated this afternoon that nothing definite had been arrived at this morning in the way of a settlement between the companies but matters are expected to be settled satisfactorily in a short time. The elevator company asks for a lease of twenty-five years on the three acres of land which was granted by the city council several months ago. The Q. is not willing to agree to a lease for this length of time, Mr. Trimble stating that it was the intention of the railroad company to extend \$15,000 or more in the near future on new tracks and the improvement of the river front as railroad property.

The coal chutes at the old round house and the foot of Bank streets some time soon.

Should the elevator company get a lease of the land from the elevator up to the old K. & W. shipping station, several new buildings will be erected on the land which is acquired in the lease.

Both companies want the land but neither is willing to let the other have what it wants, thus the matter is still in a condition of unrest with the officials.

Agent A. C. Scudder has returned to Chicago and will make a report to General Manager F. E. Ward regarding the matter discussed this morning and word from headquarters is expected soon.

AN IMPORTANT INDUSTRY

(Special Correspondent) To one who is on the wing with frequent "stop-overs" in the various cities of the United States the fact cannot fail to impress itself that the business of orange culture, as carried on by the California Fruit Growers' Exchange, is a very considerable industry. This Exchange is the largest fruit organization in the world and has nearly one hundred general offices in the United States and Canada, besides a branch house in London to take care of the European demand for the famous seedless oranges grown in the Exchange orchards. The Exchange is composed of 5,000 orchard owners all intent upon the production of the best possible in oranges and lemons, for these fruits, as produced by this Exchange, do not "just grow," but are given such a world of care and attention that it is no exaggeration to class orange culture with the difficult industries of the day. But those who have eaten orange culture with their culture is worth while. "Sunkist" is the name adopted by the Exchange for their choicest selections of oranges and lemons, and with their facilities for distribution there would seem to be no reason why nearly everybody cannot partake of these choice fruits.

P. L. Kennedy will give another of his popular dances this evening in Hawkes hall, dancing to be enjoyed from 9 until 12 o'clock. A regular lesson will be given from 7:30 until 8:45. The full Rabe orchestra will furnish music for the occasion.

This evening at 8 o'clock at the parsonage of the Baptist church will occur the marriage of Mrs. Ethel Blood to Mr. W. V. Martin. Rev. Sanders to officiate. There will be a number of relatives present at the ceremony of these two well known Keokuk people. They will be at home at 28 South Fourth street, after May 18. Both have a number of friends in the city who extend congratulations.

A street crossing is being laid on the corner of Eighth and Blondeau streets.

A marriage license was issued today to Wm. V. Martin and Ethel Blood, both of Keokuk.

The Unitarian ladies will give their usual number of delightful excursions on the river this season, the first one being scheduled for June 14.

An information was filed today in the superior court against Jerry Stack, charging him with violating the saloon laws, in selling a half pint of whisky after hours. He entered a plea of not guilty and says that some one has put up a job on him, charging him falsely. The hearing is set for tomorrow.

Five lost children were reported at the police station yesterday and all of them were found. The warm weather makes little folks restless and they need close watching to keep them at home.

The work of frescoing the Odd Fellows hall is now going on, the scaffold having been erected and the artists being at work.

All credit for the success of having the North road run changed is due to the Retail Merchants' association of this city. J. B. Well recently in Chicago conferred with Q officials in that city and convinced them of the benefit to be obtained from the change.

An incoming street car trailer jumped the track yesterday afternoon at Fourth and Main streets after the ball game. Fifty frightened fans made a desperate leap from the side of the car all at once as the car bumped along on the pavement and started toward the gutter.

This afternoon at 1:30 o'clock the neighborhood of Eighth and Main and for a couple of blocks in all directions was excited by two loud reports from a gun which made the people wonder whether or not the Filipino war had broken out again. An investigation discovered that a couple of men were getting the old muskets in the G. A. R. hall ready for firing the salutes on Memorial day and that a couple of shells had become stuck in the guns which were fired out of the window. Officer Holliday ran down the big noise and found out what was the trouble.

EVERY MAN

in the beginning has the right idea about a Piano—

He feels that he wants to get a good instrument. But often when it comes to purchase he is diverted from his original intention and loses sight of the main thing in a piano. So it is a matter of every day experience with us to see people "saving" one hundred to one hundred and fifty dollars, as they think, but in reality throwing away about double the amount of the supposed saving. Impossibilities are always the most tempting, and if a man once begins to listen to statements of this sort he is very apt to find himself the owner of a piano that is almost a "joke." Every day people tell us that "so and so" has offered them a piano just as good as the KNABE for about half the price. This is a specimen impossibility, for how would it be possible for KNABE PIANOS to occupy the position as the WORLD'S BEST PIANOS if they did not give full value in their instruments?

PIANOS

We suggest that if you are in the market for a piano, you bear in mind that we have here the largest and most varied stock of pianos in south east Iowa. In brief these consist of

Knabe, Vose, Haines Bros., Kurtzmann, Schiller, Price & Teeple, Armstrong, Garland and others

We carry in stock Grands, Player Pianos, upright, ranging in price from \$175.00 up, and invite comparison with others.
