THE CHURCH WAS DEDICATED

Over a Thousand People Gathered There on Thursday and Attended the Impressive Ceremonies.

BISHOP DAVIS PRESENT

New Church is a Beautiful Structure and Takes Place of the One Burned on March 13, 1908.

Thursday, May 20, 1909, will go down in the history of the Catholic congregation of Houghton, Iowa, as a red letter day it being the date upon which the new beautiful St. John's church was dedicated to God.

The dedication services began at 10 o'clock, the Rt. Rev. Bishop James Davis officiating, assisted by the clergy present. The bishop and priests, preceded by acolytes, walked in solemn procession around the church, blessing it on the exterior.

Visiting Clergymen.

The celebration of solemn high mass followed. Rev. B. Jacobsmeier of Riverside, Iowa, was celebrant, Rev. Jos. Rungger of St. Paul was deacon, Rev. A. J. Zaiser of Fort Madison sub-deacon and Rev. Peter Kern of Fort Madison master of ceremonies.

Uncle Sam and Faust Spaghetti

The United States Agricultural Department declares Spaghetti to be a highly nutritious food—rich in gluten and other strength-producing elements. These qualities are found at their best in Faust Spaghetti a food that has no equal anywhere as regards tastiness, nutriment and low price, a price which, when compared to that of meat and other food, seems insignificant in view of the great food value.

Faust Brand Spaghetti is a strictly American food. American grown and American made. Put up in clean packages, reaching you fresh and dainty, ready for immediate cooking. Faust Spaghetti always delights because its adaptability prevents its becoming tiresome. To better understand its all-round cooking usefulness, get a five or ten cent package from almost any grocer, and write for book of Faust Spaghetti recipes—free on request.

field, Rev. James Troy of Farmington and Rev. J. N. Adam of Houghton.

The Very Rev. Dean F. W. Hoppman of Ottumwa delivered a powerful sermon in English and Rev. Peter Kern of Fort Madison spoke briefly in German. Both the speakers congratulated the pastor and parishioners upon the grand result of their zealous and untiring efforts and expressed the hope that God's richest blessings would be ever upon them for the many sacrifices made in behalf of the religious and educational welfare of themselves and the generations to follow them.

Bishop Davis Present.

At the close of mass Bishop Davis made a most pleasing address to the children, whereupon he administered the sacrament of confirmation. This was followed by benediction and the singing of the Te Deum by the congregation, which concluded the services.

The people then repaired to the school house where the ladies of the congregation served a splendid dinner. Light refreshments were also served upon the grounds adjoining during the afternoon, ample provisions having been made for the comfort of all attending. The crowd was variously estimated at from 1,200 to 1,500 people.

hollow building blocks. The tower is 100 feet high, copper covered and surmounted by a large gilded cross. The altars are white decorated in gold and of beautiful design. The windows are Munich antique figure and the pews are oak, mission style. The entire interior finish is in golden oak and the vestibule is laid in imported Mosaic tile. The building will be heated by hot air. The total cost of building and furnishings will aggregate \$25,000.

The old frame church burned down March 13, 1908, and the corner stone of the present structure was laid August 2, 1908.

The pastor and congregation are justly proud of their achievements and the beautiful new church will be a lasting monument to their united efforts.

Kills Her Foe of Twenty Years.

"The most merciless enemy I had for twenty years," declares Mrs. James Duncan, of Haynesville, Me., "was Dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything, I am seventy years old and am joyed to get my health and strength back again." For indigestion, loss of appetite, kidney trouble, lame back, Only 50 cents at Wilkinson & Co., and J. F. Keldalsh & Son.

ON WAY TO VISIT HER SICK DAUGHTER

Accident Which Befell Mrs. Nelson in Keokuk on Monday Evening.

The Hamilton Press has the following:

HERE AT HOME.

Keokuk Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Keokuk citizen.

H. M. Reynolds, 1110 Main street, Keokuk, Iowa, says: "I had a chronic backache that made it hard for me to work. When I remained in one position for any length of time, I could not straighten without assistance and in the morning I was more tired than when I went to bed. The many remedies I tried, did me little or no good until I procured Doan's Kidney Pills at Wilkinson & Co.'s drug store. They cured me and I have had no further trouble from my back or kidneys."

The above statement was given on May 7th, 1906, and was confirmed by Mr. Reynolds on November 9th, 1908. He said: "I have had no occasion to use Doan's Kidney Pills since they cured me and I can still recommend them as highly as when I gave my first statement in their favor."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ing to say of the accident which befell Mrs. Nelson as mentioned in these columns recently:

Monday afternoon about five o'clock Mrs. Nelson, who lives at the V. R. Faught home in Oakwood, and who is well along in years, had the misfortune to break her hip bone. The injury is a very serious one and on account of her age it is doubtful if she will recover from its effects.

Mrs. Nelson was on her way to see her daughter, Mrs. Schroeder, who is at Dr. Smith's rooms in Keokuk, at the corner of Third and Main streets where she recently was operated on. The open car was being used that day and as it neared the corner where Mrs. Nelson wanted to get off, she arose thinking the car would stop at the corner, but it did not and since the accident Mrs. Nelson cannot remember whether she attempted to alight from the car or if the moving of the car threw her off, at all events she fell to the brick pavement below sustaining the injury mentioned.

The car had gone up Main street a block before it was noticed that Mrs. Nelson had fallen and when she was picked up and medical attention called, it was found that her hip bone was broken in the socket. Later in the evening she was brought to her home in the city in the ambulance but her limb could not be set until the next day. She seems to be a little better at this time but it cannot be determined until she recovers from the shock of the fall whether or not she will recover. The seriousness of the injury and her advanced age will greatly retard her recovery but her many friends are hoping for the best.

Forced Into Exile.

Wm. Upchurch of Glen Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for Coughs and Colds, it dispels Hoarseness and Sore throat. Cures grip, bronchitis, hemorrhages, asthma, croup, whooping cough. 50c and \$1.00, trial bottle free, guaranteed by Wilkinson & Co., and J. F. Keldalsh & Son.

SEARCHING PARTY KILLED A CALF

Did Not Find the Escaped Convict But Shot a Piece of Veal.—The Story Denied.

Fort Madison Democrat: If it takes a half bushel of loaded gun shells to kill an elephant, how many shells will it take to kill a calf? Answer: Nineteen. The above problem has been worked out by Fort Madison penitentiary guards to the entire satisfaction of the public in general, the answer as given above being entirely satisfactory.

The story going the rounds is that

while some guards were out in the vicinity of Augusta about 9 o'clock Tuesday night, watching for Thomas Hatch, the escaped convict, they discovered something moving in the bushes, and to them, apparently, the object was moving toward them. They at once surmised that it was the missing convict. While part of the party laid in ambush one of them went to the nearest telephone and got in communication with the prison and asked for reinforcements, saying that they had Hatch surrounded. Several guards were dispatched to the scene at once. On arrival there a skirmish line was formed and an advance ordered. Again the bushes moved as the skirmishers advanced and the order was given to fire. "Bing! bing!" There were nineteen bings, and the bushes became quiet and the convict had evidently met his fate. It was dark, however, and the army concluded to withdraw and wait for daylight to bury their dead. When the time came it was discovered that the supposed convict was a farmer's calf tied in the bushes. It had been pierced with nineteen bullets. The army then returned to the city, but evidently made no report to their superior officer about their exciting experience. The story of the affair was kept quiet until the owner of the calf came to Fort Madison and visiting Warden J. C. Sanders, demanded pay for his calf. There was some question about the price of the calf, but the farmer, whose name could not be learned, said that the hide would be no good with so many holes in it, and finally his price was paid and the incident closed.

Warden J. C. Sanders was called up this afternoon over the telephone and asked as to the truth of the report, but emphatically denies of hearing of any such an occurrence, and says that no complaint has been made to him about the killing of the calf. From other sources comes the assurance that the story is true in every detail, therefore The Democrat gives it for what it is worth.

Woman's Power Over Man

Women's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

Syrup of Figs and Elixir of Senna acts gently yet promptly on the bowels; cleanses the system effectually; assists one in overcoming habitual constipation permanently. To get its beneficial effects, always buy the genuine. CALIFORNIA FIG SYRUP CO. SOLD BY LEADING DRUGGISTS 50¢ BOTTLE
