CITY NEWS

—50th Iowa Band excursion to
Quincy Sunday, June 20.

—Next Sunday the Knights of
Columbus will have a memorial mass
for the late Father Vaughn at St.
Francis De Sales church.

—Yesterday afternoon the largest
class that ever graduated from the
University of Iowa received diplomas.
E. W. McManus of this city received
a diploma in the law course.

—Three games will be played at
the athletic field Saturday afternoon
in the Commercial league. The S. Ham-
ill and rwin-Phillips teams will play
at 2:00, the Elks and Huskamps at
3:30 and the Elks and High school at
5:00 o'clock.

—The annual picnic of the Sunday
school of the Trinity M. E. church was
held today at Wild Cat Springs. It
required two street cars to carry over
the crowd this morning and the pros-
pects were for a very fine day and a
good time spent in the woods.
Preparations had been made for a
grand good time.

—Two steamboat excursions are
scheduled to arrive in Keokuk tomor-
row. The English Lutheran church of
Fort Madison will run one on the
steamer Ottumwa Belle and the Ver-
mont Street Baptist church of Quincy
will come up on the steamer W. W.
Both excursions should arrive here
around the noon hour, the one from up
stream getting here at about noon and
the one from below, shortly after-
wards.

—The sodality of the Children of
Mary gave a lawn social on the large
and pretty lawn of St. Vincent's
Academy last evening which was
largely attended by the young people
of St. Peter's parish and a number of
others. The large lawn was lighted
brilliantly with Japanese lanterns,
about a hundred of them being sus-
pended about the grounds. Refresh-
ments were served during the evening
and the affair proved a big success.

—The boards of registrars are in
session today and will also be in ses-
sion tomorrow and on June 29, pre-
paring for the special election of July
1, but there is very little business be-
ing done by the boards. The registra-
tion is the same as for any city elec-
tion and the location of the boards in
each ward are as follows: First street
engine house; Second ward, Peerless
laundry; Third ward, Smith's hotel;
Fourth ward, West Keokuk fire sta-
tion; Fifth ward, Bevering's cigar
store; Sixth ward, Ewers' cigar store.

—Nauvoo Independent: P. J. Kie-
ran and party returned to the city
Monday afternoon from Chicago and
Toronto. Mr. Kieran informed us that
a corps of surveyors are expected to
arrive tomorrow to begin a new sur-
vey of the interurban line from Car-
thage via Powellton to Nauvoo and
Niota. It will not be long until a
survey is completed. The Blake Con-
tracting Company is the name of the
new company that will have charge of
the Nauvoo interurban project. A
meeting of the Business Men's Asso-
ciation was to have been held last
night, but for some reason the meet-
ing did not take place. Probably lit-
tle could have been done anyhow. At
the last meeting the executive com-
mittee was authorized to appoint com-
mittees to solicit stock or bonds for
the interurban, but so far no committees
have been appointed nor has any stock
been solicited. Why this neglect and
indifference on the part of the com-
mittee? It was supposed that an ef-
fort at least would be made to do
something. We have had repeated
assurances that the interurban will be
built whether we give anything or
not, but our indifference may result
in losing us the power house, barns,
etc. Nauvoo cannot afford to ignore
a matter of such importance, and
there will be a show down pretty soon.

CITY NEWS.

—There was a gentle sprinkle last
evening, the rain starting to fall
shortly before 11 o'clock.

—Nauvoo Rustler: The friends of
Miss Isabelle Luddington of the
southeast country surprised her with
a post card shower last week. She is
still in Graham hospital in Keokuk,
but improving nicely, which is good
news to her many friends.

—The commission plan of govern-
ment for cities, which is to be voted
on by the people of Keokuk at the
special election on July 1, is a current
topic of conversation and the major-
ity of citizens are in favor of the plan.
There are some people who are not
in favor of the plan and they are work-
ing hard to defeat it at the polls.

—The flood danger is a thing of
the past now for the two rivers are
falling at a rapid rate, the Mississippi
going down another half foot during
the past twenty-four hours and the
Des Moines river making a drop of
over a foot yesterday at Ottumwa.
By the end of the week the water will
have receded from the lowlands and
the farmers can possibly get into their
fields next week and plant new crops.

—The proper way to look at the
eclipse this evening, will be through
a piece of smoked glass, for the sun
will be too strong to look at with the
naked eye. To make a piece of
smoked glass, a small fragment of
window glass can be smoked by burn-
ing a bit of paper beneath it and let-
ting the flame come in contact with
the glass. When the sun is seen
through the glass it appears as a red
ball upon a black background and the
eclipse can be plainly seen.

—A number of traveling representa-
tives of various railroads were in the
city on business yesterday afternoon
and among them were the following:
W. H. George, traveling freight agent
for the Peoria, Chicago and Milwaukee
with headquarters in St. Paul; W. S.
Blair, traveling freight agent for the
Kansas City Southern railway, with
headquarters in St. Louis; W. H.
Burke, traveling agent for the Lack-
awanna-Grand Trunk line, with head-
quarters in Chicago; and A. B. Ayres,
traveling passenger agent for the Rio
Grande System, with headquarters in
St. Louis.

—The thirty-sixth annual session of
the Van Buren County Teachers' nor-
mal institute convened in Keosauqua
on Monday afternoon for an eight days
session, Hon. John F. Riggs, state su-
perintendent of schools being present
on the opening day. Among the in-
structors are R. L. Reid of Keokuk,
physiology, physics and physics;
Mrs. Alice Immegart of Keokuk, gram-
mar and orthography, and Mrs. R. L.
Reid of Keokuk, music. Besides these,
Miss Ethel Brownings of this city is
attending the sessions. There are
over 100 enrolled at the meeting.

—Because of the fact that it looked
like rain the baseball game yesterday
afternoon was called at 3:30 o'clock.
Quite a number of fans were delay-
ed in reaching the park by the slow
service of the street cars. The excu-
sionists from New London took a
street car ride and the regular base-
ball cars were delayed by the cars
carrying the visitors to the park and
return. Owing to the improvements
being made on North Thirteenth street
the service has been very poor of
late and those going to the game
should leave early as to reach the ball
park before the game starts.

—There will be an eclipse of the
sun this evening, visible in Keokuk
as a partial eclipse, but in many parts
of the world as a total one. The
first glimpse to be had from Keokuk
will be at 6:04 o'clock, this evening,
and from that time until the sun dis-
appears in the west, the obstruction
on the face of the sun can be seen
from this point. The sun is sched-
uled to set at about 7:40 this evening,
thus giving over an hour and a half
for it to be watched. The day being
a bright and clear one, the people
will have an opportunity of seeing the
phenomena and not be disappointed
as they were during the eclipse of the
moon early this month.

—The postoffice department is pre-
paring to issue a new postal card.
Postmaster General Hitchcock has
called in the expert chemists of the
department of agriculture and has
instructed them to work out a formula
that will give a much better paper
than can be made under the contract
now in force. He says the postal
cards issued by this government are
inferior to the product of almost
every other country and that it is
contemplated to make improvements
in the general style of printing and
arrangement of the type and designs.
It may be decided to change also the
color of the ink and the tint of the
paper. The government issues 75,
000,000 postal cards a month.

—A Quincy woman found a mouse
in the trap, with six little mice as
well. They had, of course been born
after their mother's capture—an
amazing thing. But more amazing
still was the fact that they lay in a
small round nest like a bird's made of
bits of paper, thread, straw and
threads of linen and flannel. The
woman, instead of drowning forthwith
the mother and her brood watched
the trap secretly. Her watch soon
was rewarded. Another mouse trotted
up with great caution, thrust a straw
through the bars, and a few minutes
later returned with a thread of pink
calico. The captive mother with these
contributions proceeded to complete
her nest. This incident so moved the
woman that on retiring that night she
put a handsome piece of cheese in
the trap and opened the tiny door.
When she came down in the morning
mother and young and cheese were
gone.

SPECIAL NOTICE.

The Keokuk Dental Parlors will
hereafter be open each evening from
6:30 to 8:00 o'clock and on Sunday
mornings from 9:00 to 12:00 o'clock.

CITY NEWS

—A refreshing little rain came last
evening about 10 o'clock and drove
the sultriness from the air.

—Don't forget Dr. Potter's Illustrat-
ed Lecture tomorrow night, Trinity
M. E. church, 15 and 25 cents.

—Yesterday was pay day on the
Rock Island and local employes of
that road were made happy by the
appearance of the paymaster.

—The new police have all received
and donned their uniforms now, the
last two suits having arrived from the
Chicago clothing dealer yesterday.

—Egypt and Italy, illustrated with
stereopticon, Trinity M. E. church to-
morrow night. Lecture by John Wes-
ley Potter. Don't miss it. 15 and 25
cents.

—Word has been received in this
city of the death of B. S. Griffith, hus-
band of a former well known Keokuk
girl, Miss Nettie Wederbrook. He
died at his home at Forsythe, Mo., on
June 2, and leaves three children be-
sides his wife. He was an old soldier
and pensioner.

—I. S. Ackley has on exhibition at
his establishment the finest mahogany
casket ever seen in this city. It is
made from solid three inch mahogany
lumber, with beautifully carved sides
and handles. It is covered with silver-
grey broadcloth and is lined with
French plate glass and coppered joints.
The casket box is also made entirely
of mahogany in a plain but handsome
finish.

—Three stranded and forlorn look-
ing St. Louis youths were seen on the
levee this morning, waiting to take
the first palace car out of town for
the Missouri metropolis. The boys
said they had been taken with a num-
ber of other laborers from St. Louis
and were enroute to Memphis, Neb.,
where a railroad camp is located.
On the way while stopping over for
food, they missed their train and
"bummed" it back to Keokuk.

—President N. A. King, of the Com-
mercial league, has issued the fol-
lowing bulletin: "Inasmuch as we
are compelled to play three games in
one afternoon upon our own field, and
as the first game is scheduled for 2:00
o'clock, notice is hereby given that
for each ten minutes after the sched-
uled time, one inning shall be forfeit-
ed. For instance, if the team sched-
uled to play at 2:00 p. m. is not ready
until 2:30, they shall play a five inning
game. Managers are instructed to
notify their men in order that the
games may be played as scheduled."
This arrangement will be fair to all
teams as each have several chances
at the first game during the season.

—H. T. Powers, boys' secretary of
the Young Men's Christian Associa-
tion, returned home this morning from
Detroit, in which city he attended a
gathering of boys' secretaries of the
country for the purpose of studying
the temptations to the youth of our
cities and towns. There were pres-
ent five international association men,
four state men and six local men of
the Y. M. C. A. The Y. M. C. A.
men present made a careful and thor-
ough study of the Sunday School,
church, saloons, gambling houses,
amusements of various kinds includ-
ing the five cent theater, pool and
billiard halls, amusement parks, dance
halls, secular problems, the schools,
the unemployed boy and conditions of
employment, the street boy, the social
settlements, special homes for the de-
fective youths, juvenile courts and
many other things which have a ten-
dency to influence the youth one way
or the other. The secretaries were
assigned special routes and made a
careful study of each of the above
afterwards making reports and offer-
ing recommendations. A recommenda-
tion for a five year constructive policy
was offered to co-operate with the
church and other constructive agencies
to be used in counter balancing the
destructive agencies. The conference
of association men at Detroit is of
national significance as it will shape
the policy of boys' secretaries through-
out the country.

PERSONALS.

Ex-Officer Warren Holliday is spend-
ing a few days in Quincy, with friends
and relatives.

F. J. Schenk and son Frank go to
Ottumwa and Fairfield tomorrow on a
business trip.

Mr. and Mrs. E. W. Monogue and
children have returned home after a
visit in Chicago of several days.

Miss Nann Barr has returned from
the Western College for Women at
Oxford, Ohio, and will spend the
summer at home.

Miss B. H. Henzel accompanied by
Mr. M. Wiggins of Denver, Colo., who
is visiting in Keokuk for a few days,
spent yesterday in Nauvoo. Mr.
Wiggins is a former resident of Keo-
kuk.

8 WALLS
OF
INSULATION

ALWAYS INSURES
A LOW
TEMPERATURE

The question of insulation in a
refrigerator is largely one of honor
on the part of the manufacturer.
It's on the inside, where you can't
see it. That's why.

We have here a sample wall
showing just how the great Auto-
matic is insulated, and we'd like to
show it to you. There are eight
layers of heat-defying, cold-retain-
ing material used.

Built on honor—in every sense of
the word. Even the doors of Automatics are
insulated. It's the insulation that saves you
ice. It is the automatic insulation that
makes this great refrigerator the
biggest ice-saver known. You
actually save the purchase price of
the box in a few seasons.

Like a good stove that uses but
little fuel you can compare the
Automatic—it uses less ice than
any other.

We want to show you all of the
exclusive features this refrigerator
possesses, and think you'll be pleased
if you call.

CITY NEWS.

—Read the want column.
—Grace Baker was arrested last
night and locked up for being drunk
and disorderly.

—The fourth and sixth ward pri-
maries are to be held tomorrow even-
ing for the purpose of naming candi-
dates for aldermen.

—Regular meeting of Pucketchuck
encampment No. 7, I. O. O. F., at Odd
Fellows' hall at 8 o'clock tonight. Vis-
iting brethren fraternally invited to
attend.

—The special election is to be held
two weeks from today, at which time
the people will vote on the commis-
sion plan of government and for an
alderman in the fourth and sixth
wards.

—The many new dwelling houses
which were started this spring, are
about completed and by the first of
next month will be ready for occu-
pancy. Next month will see many
changes made by the citizens. Nearly
every new house being built, is con-
tracted for by a renter before it has
been completed.

—The subscriptions for the new un-
iforms for the Power City band have
been raised and bids will be let soon
for the suits, Keokuk tailors and
clothing men being given an oppor-
tunity to put in bids for the uniforms.
The band will have an outing tomor-
row night when the musicians go out
to Moorar for a rehearsal at the home
of one of the members. The new band
expects to make its first public ap-
pearance on Saturday evening, July 3,
when a concert is to be given on
Main street.

—The reconstruction of the corner
of Fifth and Blondeau streets is abou-
t completed, the bumps having been
taken out of the street and new gut-
tering placed in position. The corner
had long been the terror of automo-
bilists and cyclists who received a jar
whenever they crossed that corner.

—The executive committee of the
Old Settlers association is to hold a
meeting at Donnellson on Wednesday
of next week for the purpose of select-
ing a meeting place and setting the
date for the meeting of this year. It
has been many a year since Keokuk
entertained the old settlers and it
would prove a good thing if Keokuk
would extend an invitation for this
year.

—The bogus telegraph boy who
worked Fort Madison and Quincy peo-
ple, has moved to Hannibal where he
is working his scheme, according to
the following from a Quincy paper:
The police need look no longer for
the fake telegraph messenger boy.
He has hied away. Last evening he
was in Hannibal and there turned a
trick that netted him 60 cents. He
called at the home of Miss Mollie
Stevens about 8 o'clock and presented
a telegram bearing the information
that a man had been hurt in Chicago
and that in his possession was found
a letter bearing the address of Miss
Stevens. She paid the charges and the
kid skipped away, with her auto-
graph in his black-covered book.
While cogitating over the message
and wondering who in the world the
man in Chicago who had her address
could be the thought that she had
been victimized flashed across the
mind of the lady and she reported
the case to her brother-in-law, Mr.
Perkins. Mr. Perkins investigated
and soon learned that as the message
was written on a sending instead of
a receiving blank it was bogus.

Special Closing Sale
Ladies'
Tailor-Made
Suits
We are now selling all Tailor-Made
Suits at the following prices:
\$30.00 SUITS NOW \$21.00
\$25.00 " " \$17.90

KEOKUK, IOWA
CITY NEWS.
The police station is undergoing
some much needed improvements in-
cluding a new suit of wall paper.
The weather conditions seem to
have become more settled just now
and the hard rains are over. The
country is now "knee deep in June."
At a meeting last week of the of-
ficers and directors of the Keosauqua
State bank, the old officers and direc-
tors were elected to serve another
year. Col. H. H. Trimble of this city
is the president of this bank.
During the week in Hancock coun-
ty, Ill., the following marriage licenses
were issued: James A. Jackson, Ply-
mouth, Minnie Berry, Plymouth; Fred
Whitledge, Stillwell, Lissie Akers,
Stillwell; Samuel A. Baker, Chicago,
Ethel M. Nash, Bowen; Fred N. Shut-
well, LaHarpe, Margaret A. Maynard,
LaHarpe.
Justice H. C. Landes came down
to his office early this morning and
stated that he was feeling rather
good and was improving right along.
He has been ailing for a long time but
believes now that he will improve
rapidly and be able to attend to his
court and marriage business right
along and incidentally see a majority
of the ball games while Keokuk is on
the upward rise.
