

FINAL REPORT IN JAEGER ESTATE

9.4 Per Cent in Dividends Has Been Paid Out in Payments of 5 Per Cent on First and 4.4 Per Cent on Second.

MEETING OF CREDITORS

Was Held This Morning and the Report of Trustees Was Read and Accepted by Them.

A meeting of the creditors was held this morning at 10 o'clock in the office of Attorney W. J. Roberts, to receive and act upon the final report of the trustee, George R. Narriey, in the Edmund Jaeger estate.

The report was received and accepted and all bills ordered paid by the court, including attorney's fees, commission paid to referee and trustee and other general expense accounts, in all amounting to \$2,978.49.

The amount received by George R. Narriey, trustee in the bankruptcy case from John A. Dunlap, was \$1,811.86 and from the sale of assets was realized \$6,841.29, the total collections made by the trustee being \$8,653.15.

Dividends Paid Out. The dividends paid out in two dividends, the first being 5 per cent and the second being 4.4 per cent, making 9.4 per cent in dividends to be paid out to creditors.

The \$2,978.49 includes expenses of the court, merchants and business men of the city, for insurance policies, light, water and many other incidentals incurred in a case of this kind. In all there are several hundred creditors who will receive payments according to the above dividends, the amount of dividends being \$5,674.66 after the expenses of the attorneys and court have been paid.

Several creditors could not be found but all except one have been located. All checks for dividends have been paid out, except two, one of which is the party that cannot be located and another to a party in California.

HARRIMAN'S NEPHEW IN COMMON "PEN"

A Long Island Judge Makes the Fly Young Man Keep His Place With Other Prisoners.

NEW YORK, June 21.—Herbert M. Harriman, a nephew of E. B. Harriman, spent an unpleasant two hours in the Flushing Police Court this morning, when he was compelled to sit in the "pen" with a riff-raff of offenders while his chauffeur scoured around for his bail. The young man stormed in vain, threatening to "break" the policeman who had arrested him.

Mr. Harriman was held up in Flushing for speeding his automobile. The prisoner was arraigned before Magistrate Connelly and held in \$100 bail for special sessions. He didn't have the money with him and started out to get it when the Magistrate called out to a policeman to stop him. "You can't go out of here like that," cried the court.

"Well, I haven't the money with me," the man retorted, "and I will have to go out and get it." "No you won't," said the Magistrate, "send your chauffeur after it if you want to. Meanwhile you take your seat with the other prisoners until he returns."

Young Harriman demanded of Magistrate Connelly that he be treated like a gentleman. The court smiled, but made no reply to the request. Harriman stormed and flung his arms about in a rage. He delivered a tirade against Patrolman McAvoy who arrested him and said: "Somebody's going to get 'broke' or transferred for this."

The ball was procured and the young man was released.

Masters Roy and Harry Lilley went to Corridor, Iowa, this morning, their old home where they will visit for a few days.

ROBBERS VISITED THREE RESIDENCES

Midnight Burglar Carried Off Considerable Loot From South Side Residences, Last Evening.

WORK OF DARING NATURE

Police Have Started Vigilant Search For Midnight Marauder and His Capture is Looked For.

Three Keokuk residences were robbed last night between the hours of 10 p. m. and 4 a. m. and considerable loot in the form of jewelry and some money were carried off by the midnight marauder. The houses entered were the following: Patrick J. Concannon, 1003 Palean street; the Craig residence, 1127 Bank street; and the LaPorte home, on Park between C and D streets. The loot carried off included about \$10 in money, a valuable diamond stud, a number of rings and a gold watch. The police were notified early this morning and have been keeping a vigilant watch over all outlet in the city and resorts where the plunderer is likely to show himself. Several officers were detained to the search immediately but have not yet located the man.

A Daring Move.

By far the most daring move made by the burglar, as the three are thought to have been done by the same person, was at the home of Patrick J. Concannon, 1003 Palean street.

At this residence the burglar entered through a kitchen window and passed through a lighted room in the middle of the night and into the room where the occupants of the home were sleeping. The trousers and shirt near the bed were taken from the room and were hanging within a foot of the bed. The thief moved cautiously about and in the adjoining room removed considerable money, which was contained in bills and currency, from the trouser pocket and also cut the shirt in order to extract a valuable diamond stud. A gold watch in a small pocket of the trousers was found in its place this morning, having evidently been overlooked during the quick work.

At Bank Street First. According to one theory the burglar must have entered the Craig home on Bank street earlier in the evening and then moved farther south of Main. At the Craig home several small articles were taken.

The Concannon home was next visited and not content with his plunder a visit to West Keokuk was made. The thief entered the LaPorte home early in the morning some time and here also carried off a number of smaller articles.

Police Notified.

It was about 4 o'clock this morning that the police were notified of the robberies and a search was immediately launched which is expected to eventually lead to the capture of the man.

This morning a lady called at one of the Keokuk jewelry stores and stated that her watch had been taken during the night from her home in Alexandria. This news advances the theory that the same burglar was at work there either early or late.

Other Police Notes.

William Pruitt was picked up last evening about 9 o'clock by Deputy Marshal Harrington and locked in jail. He had \$7.60 on his person.

Edward South was arrested late Saturday night for disturbing the peace in the neighborhood of South Sixteenth street.

LARGE EXCURSION GIVEN BY BAND

Mississippi Was Filled With Various Sizes of Crafts Sunday, Owing to the Fine Condition of Weather.

RIVER IS STILL FALLING

Fiftieth Iowa Band Was Host to a Large Crowd of Excursionists—Other Late News at River Bank.

Sunday was an ideal day for an outing on the river and the many launch and skiff owners of this vicinity took advantage of the same. The stream was crowded with small boats going every which way. Motor boating is gaining quite a hold on the people around here and the number of this sort of craft is constantly increasing. Many people who possess a little knowledge of tools build their own boats and there are many fine examples of these home made craft on the river.

Two Excursions.

There were two excursions given yesterday, one to Quincy given by the Fiftieth Iowa Band, while another one went to Burlington, being given by the Knights of Tabor on the steamer Wenona. The former was on the steamer W. W. and a large crowd took advantage of the hospitality offered by the band boys leaving here about eight o'clock in the morning. Of course the band was on board and furnished music for the dancing. The Knights of Tabor is a colored organization and the members went to Burlington for the purpose of attending some exercises held there pertaining to their work. Both parties enjoyed themselves.

A Canoe Stolen.

Some time Saturday night or early Sunday morning, two young men forced their way into the warehouse of W. E. Steele on the levee and took there from a canoe. After affecting entrance to the main building through the cellar way they entered the office in which the canoe was stored by forcing the back door off the hinges. They returned the canoe but stole two paddles. As this is a penitentiary offense, the possibilities are that the ride is liable to prove very costly to the young house breakers. They were seen by several parties.

The Dubuque Up.

The steamer Dubuque arrived at the local port from St. Louis about ten o'clock last night leaving again for St. Louis this morning about six. The North Star and bow boat Harriet brought a raft down early this morning. Quite a large excursion was in from Burlington Sunday.

A WARNING NOTE TO THE GROCERS

Lid Will be on Tight in Future According to J. A. Pollard of the Retail Grocers' Association.

NO OPENING ON SUNDAY

Grocery Stores Must Stay Closed in the Future on Sabbath Day—Information Filed This Morning.

The Retail Grocers' association of Keokuk is on the trail of grocers who persist in keeping open on Sunday which is contrary to state legislation. J. A. Pollard stated this morning in the superior court that an effort would be made to strictly enforce this law as regards to grocers only, although the law deals with business of all kinds.

The first violation of the law which has caused action of the organization, occurred yesterday and an information was filed this morning against the defendant, Mrs. Gusta Welsh, who operates a grocery store on South Seventh street. The information charges the defendant with willfully, unlawfully and maliciously engaging in the selling of merchandise, to-wit: Sugar and soap; said day being the first day of the week and commonly called Sunday. The information is signed by J. A. Pollard, secretary of the Retail Grocers' association, although his title is not given in writing. This information will probably be a warning to other grocers of the city and the lid is expected to be on tightly in the future.

Mix up on Street Car.

Harry Mackie and Emmett Bowman, the latter a street car conductor, engaged in a slight altercation on the West Keokuk car early last evening, which resulted in a lively mix up for some minutes. The two parties had some differences regarding the ringing of the bell and a fist encounter ensued. This morning an information was filed by Bowman charging Mackie with assault and battery.
