

ANOTHER ROBBERY LAST EVENING

Home of Bert E. Fuller on Exchange Street Entered and Considerable Money Was Taken.

NO ARRESTS MADE AS YET

It is Thought That Robberies Are Being Performed by Same Persons and Police Are After Clews.

A very mysterious burglary occurred last evening at the residence of Bert E. Fuller, between Second and Third on Exchange street. The police suspect that the night marauders are the same persons who were about Saturday and entered three Keokuk homes from which they removed valuables.

The robbery occurred some time about 12 o'clock, the burglar entering the house in the rear and stealing with the stealth of a cat through the rooms occupied by the inmates of the house.

Cures Eczema Quickly. New Discovery Has Revolutionized the Treatment of Skin Diseases.

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of eczema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks.

WAS REMEMBERED BY QUINCY FRIENDS

Mrs. C. H. Dodge, Who Died in Keokuk Several Days Ago, Formerly Lived in Quincy.

The Quincy Herald speaks of the death of Mrs. C. H. Dodge, a former resident of that city, in the following paragraphs:

Mrs. William W. Penney and George B. Bowman returned from Keokuk Saturday night after, in the afternoon, attending the funeral of Mrs. Charles H. Dodge, at Hamilton.

Mrs. Dodge died Friday of paralysis after being an invalid for two years. The services were conducted by Rev. Nelson Hall, pastor of the Hamilton Presbyterian church, and were attended by many friends of the deceased.

Besides the Quincy friends there were present in addition to the Keokuk friends: Mr. and Mrs. S. F. Hughtell, of Plymouth; W. H. Turner, of La Grange; Harvey and John Veach, Mrs. M. C. Mills and Mrs. Susan Ceell of Bowen; Mr. and Mrs. John R. Miller and Mr. and Mrs. Julian Dodge, of Bushnell, and Mr. and Mrs. William Smith of Galesburg.

Mr. and Mrs. Dodge, formerly residing in Quincy and Mr. Dodge was for a time employed in the business department of the Herald. He drifted into the show business in partnership with Mr. Bowman and for several years has been successfully managing a theater similar to Quincy's Bijou at Keokuk.

Mrs. Dodge was a member of the Royal Americans and of the Westminster Presbyterian church and the members sent floral tributes that with those sent by other friends completely covered the handsome casket containing her remains.

KEOKUK SCHOOLS' BANKING SYSTEM

Our System is the Best and Has Become Known Far and Wide as the Simplest and Best of Any.

LETTER FROM VICTORIA

Asking For Information Regarding Keokuk System Which is Being Adopted Every where.

The fame of the Keokuk public schools banking system is far reaching. The plan which was originated ten years ago by Dr. A. B. Hughes is the simplest that can be devised for a school banking system, and has been adopted by a large number of cities over the country.

Today Superintendent of Schools, William Aldrich, is in receipt of a letter from Margaret Jenkins, a member of the Victoria, B. C., school board, asking for information regarding the Keokuk schools banking system. A system which has not proved entirely satisfactory to the Victoria school was tried and the Keokuk system which is simple and the best that can be devised will be tried when the school board of that Canadian city receives the desired information from Mr. Aldrich.

Following is the letter received from the member of the Victoria school board:

Oakland, Cal., June 18, '09. To the Superintendent of Schools, Keokuk, Iowa.

Dear Sir—While visiting in this city, I read an account of your school saving's bank system which is said to be very simple.

In an interview with Superintendent McClymonds of this city, he referred me to you for further information on the subject and I shall feel greatly obliged if you will furnish me with the desired information. I am a member of the Victoria, B. C., school board where we have introduced a schools' saving's bank system which has not proved satisfactory as being too elaborate for school purposes and as a member of this committee would be glad to arrive at a solution of our present difficulty which I think may be solved by putting into operation a simple plan and yours as far as I at present understand it, seems to be just what is required.

Thanking you in anticipation, Sincerely yours, MARGARET JENKINS.

JUNE A GREAT BRIDAL MONTH

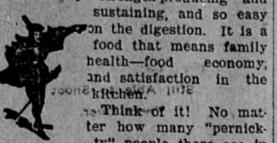

Made so by Dull Business Conditions Says an Employer of Labor.

Cupid is working overtime as usual in June and the preachers and others qualified to perform marriage ceremonies are getting their vacation money together in a hurry this year. There is an unwritten rule in every household where there exists the wife of a minister or justice of the peace, that all marriage fees belong to her.

Yet it is noted that June is the month for preachers' vacations. The wise ones explain the vacations on the strength of the wedding fees, but who rises to explain the weddings? The question has been put to a number of brides as well as other interested parties. The average bride has no reason to offer, further than that the engagement was consummated soon after the Christmas gifts were showered on her by her then steady, and along in early spring-time it got past the experimental stage as an agreement. Then while the bright iris glistened on the burnished dove, the handsome young lover began to insist that the date be fixed. She had no special reason, and as June was the month of weddings they fixed it for that time, and that was all there was to it.

It took a dull prosaic business man to give a reason that sounded plausible. He explained June as the wedding month by saying it was the beginning of the dull time in business, July and August being months which are of the most trying nature to the

Vegetarianism and Spaghetti. Many a man who adds a new joy to vegetarianism because it is not limited to a single dish. In fact no other daily food can be served in such a great variety of appetite-tempting ways. And how nourishing it is! Wonderfully strength-producing and sustaining, and so easy on the digestion. It is a food that means family health—food economy, and satisfaction in the kitchen.

Think of it! No matter how many "pernickety" people there are in the family, there can be a new treat every day to please everybody—whether for first, second or last course. And no matter how often it has been served before, the cook will never be at a loss to serve it a new way. That's Faust Spaghetti. Sold only in sealed packages. All grocers. Five and ten cents. man interested in commercial lines. Brides who are stenographers, bookkeepers, sales ladies and the like leave a considerable rift in business conditions when they leave their places of employment. It is easier to break in a new helper when business is light and the manager has time to show her than when he is driven to death with work. Also it is easier for the new one herself. Furthermore, said this business man, bridegrooms are not worth a hang for two or three months after their marriage. Let the best young fellow on the job get married, and it is all of three months before he comes back from heaven and settles down to things on earth. There give when business is dull they get their vacations, and it is no trouble to spare their services for a time. So do the bosses encourage weddings in June for this same reason.

The vacation period in a measure fixes the wedding date for many a young couple therefore, and not the bloom of roses nor the joyousness of mother nature, with her garlands of flowers and her bowers of beauty. It is certainly a prosaic view to take, but the other reasons are in the discard besides this one.

CITY NEWS.

Sunday and Monday were two rather warm days and today was another one, the atmosphere at the present time appearing to have settled down to some warmer weather. Yesterday was the first day of summer and the chilly days of the past few weeks are forgotten.

John Collins was arrested early last evening by Officer Fuqua for imbibing too freely, and today he was brought before Judge McNamara in the superior court and fined \$1 and costs.

James Vaughn got into a little family quarrel last evening which resulted in his arrest by Officer Tighe and the filing of information against him today in the superior court by his wife, Rosie Vaughn, charging him with threatening to kill and being dangerous unless placed under restraint by law. It seems that at the family home last evening he got into an altercation with his beloved running mate and the latter today filed an information against him causing his arrest. He has been placed under a peace bond of \$300 and is still in the city jail, pending the furnishing of same.

A schedule to include St. Peter's baseball club in the Commercial league will be arranged tomorrow evening, effective Saturday afternoon. The league will be composed of six clubs now that the St. Peter's club has become a member and its admission will do away with a team playing more than one game on a Saturday. Reports from the St. Peter's management is to the effect that he will have a star aggregation on the field to battle in the opening game. The games which have been played already in the league will count.

Jack Mertens returned to Keokuk early this morning from Quincy after a session there with Harry Hofer, of the Quincy baseball club. Mertens states that Hofer intends to extend himself to the limit in order to get him to play in that city. He also says that the Quincy management is perfectly willing to come across with the money. Mertens is not at all satisfied with being bumped from one club to another and is patiently awaiting some settlement of affairs. His conference with Hofer resulted in the throwing of little light upon the situation. It is not thought that Hofer will relinquish his claim on the outfielder and that he will fight to the finish for him.

Inspector of mechanical and electrical engineering, John Howatt, paid a visit to the government building this morning and inspected the plumbing and heating apparatus of the building. The plumbing was found to be in good order but the heating plant will need a general overhauling.
