Negro Coachman Gets Friend to Beat His Employer After He Had Been Reprimanded and Discharged

WAS SEVERELY CHOKED

Mail Man Ran to the Assistance of the Traveling Man Who Was Being Choked by the Black.

An atrocious assault was made on Harold Johnson, traveling salesman for the Hulskamp Brothers wholesale shoe firm, on last Saturday, and from those who know of its nature, has caused much indignation toward the black, who secretly planned to do Johnson a foul trick.

The Hulskamp family, who reside at Seventh and Grand Avenue, being in Seattle at the present time, left the negro, a coachman, in charge of the stables and to look after the house generally.

Instead of attending to his duties properly, the negro got drunk and in this state he remained for three or four days until Harold Johnson returned from a trip up the river with a party of friends. On going to the house and to the stables he found that the negro was under the influence of liquor and inquired the reason why he had not attended to his duties in a proper manner. The negro in his reply was highly insulting toward Mr. Johnson who gave him an uppercut which brought the disgraceful black back to his senses. He then paid the coachman off and discharged him on the spot, acting in absence of Mr. Hulskamp and a more worthy stableman was employed to take the place of the drunken negro, who by the way had failed to feed and water the animals in the stables for several days, the horse being without feed and water for that length of time.

Wrecks Vengeance.

When the coachman was discharged he went to an athletically inclined negro friend of his and told his tale of woe, smarting under the blow that had sobered him up considerably.

The "Joe Gans" friend agreed to take up the fight for the discharged and disgruntled coachman and the pair laid for Johnson. On Saturday, their victim walked down Eighth street, leisurely and was approached by the negro engaged to take up the quarrel, who stopped him and stated that he had heard he, Johnson, had struck his friend, Johnson replied that he had and stated further that he would repeat the act if necessary.

At this stage of the game, the heavy black hit the traveling man a blow which laid him out for the moment. The black followed up his advantage by falling on the man he had hit unawares, and fell on him, and nearly choked him to death.

A postman who was coming around the corner saw the black strangling and beating a man and dropping his mail pouch, rushed to the rescue and pulled the black fellow off.

No injunction was filed against either of the negroes by Johnson who stated that the affair was not yet ended and is out of the city at the present time.

END OF A RED NOSE

New Flesh-Colored Product That Heals and Hides Skin Imperfections.

A peculiar feature of psoriasis, a new skin discovery, is that it is naturally flesh-colored and contains no grease, so that when used on the face for the complexion, or for pimples, red noses, or any other inflammations, blemishes, or discolorations, its presence cannot be detected. It can thus be applied in the daytime, the natural color of the skin being immediately restored and the actual healing and curing process accomplished in a few days. It can be had of any pharmacist who sells pure drugs. Wilkinson & Co. make a specialty of it. Fifty cents worth will answer either for the troubles mentioned or in curing ordinary cases of eczema. Itching, stops at once.

Any one who will write to the Emergency Laboratories, No. 32 West Twenty-fifth street, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema surface or clear a complexion over night and remove pimples in twenty-four hours.

ent time, to let his anger against the black villains cool.

The manner in which the two negroes used in dealing with him, should not be passed over with mere comment but the assailants brought to justice.

The whole affair was witnessed by several neighbors.

THE Y. W. C. A. TENNIS COURT

Will be Open July 14, at Eleventh and Franklin Street Court.

A most desirable location has been secured for the Y. W. C. A. tennis court, through the kindness of Mr. John E. Craig, at the corner of Eleventh and Franklin.

The court, after considerable work, promises to be a fine one, and is today being rolled and marked out ready for use tomorrow.

The use of the tennis court is strictly a membership privilege there being no fee whatever.

Each player is expected of course, to provide herself with her own racket and balls.

It is hoped that the members will avail themselves of the opportunity and it is also hoped that many who are not members will pay the small membership fee of \$1.00 and thus gain this privilege along with all the others afforded.

As soon as the work can be done, a croquet set will also be installed.

The grounds will be open to use from early Monday morning each week, until dark Saturday night.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. Wilkinson & Co.

TOOK A PLUNGE INTO MATRIMONY

Western Couple Were Married While Standing in the Middle of a River.

SAN FRANCISCO, July 13.—With teeth chattering until they could hardly answer the solemn questions of the officiating minister, W. N. Lynch, of Fruitvale, this state, and Miss Violet Pert, of Colorado Springs, Colo., were married while standing neck deep in

the icy waters of the Sacramento river; near Shasta retreat.

Deciding that they must take the plunge into matrimony, the couple persuaded a Methodist minister to perform the unique ceremony, but they could not induce any of their friends to support them, although support was needed as the current almost swept them from their feet several times before the preacher pronounced them man and wife.

They explained that they considered the middle of the river the most appropriate place to take the plunge into matrimony.

CATCHER MOODY TO UMPIRE TODAY

President Justice Has Signed Him and He Will Officiate in First Game Here.

President Justice today signed H. S. Moody as umpire. He is the former Oskaloosa catcher and is expected to make good in this new line of work. Moody is a familiar figure in the old Iowa league and Central Association for several years and is well known to the fans about the circuit. Gleason, who worked here in the last few games went to Waterloo and will work there today.

Ann's consulted a doctor in Keokuk today and was given three kinds of medicine which he will take during the present week. He was sick yesterday and had to retire in favor of Grodnick in the second game.

Prough may pitch today, although his finger is not entirely well. It is unable to go on the mound Bramble will do the work.

A double header with Burlington will be played in Keokuk Sunday and a record breaking crowd is looked for.

Louis Sterne made an effort to have Egan transfer, by permission of President Justice, one of the postponed game to Keokuk during the series, but the Burlington man could not see it that way.

There will be no game Monday as a result of the double header. Extra arrangements will be made for the day to take care of the crowd.

The game tomorrow will be called at 3 o'clock on account of a number of fans who will come from Quincy by boat.

The Quincy team arrived this morning from Carthage.

LITTLE PROGRESS MADE WITH BILL

Conference Committee Meetings Are Satisfactory So Says One of the Senate.

WASHINGTON, July 13.—"Pretty soon the house conferees will be hearing from the colleague and then we will be able to make better progress. No change will be made in the tariff bill but one more congressman will back it," is the statement today by one of the representatives of the senate on the tariff conference.

When snags are struck in the consideration of the bill, the report comes that there is a deadlock, and pressure by the house members will begin to be exerted in favor of the senate rates, the house conferees find, in the opinion of this senator, that they have fallen behind in front. The senator said that the bill as it passed the house contained lower rates than many members of the house wanted. He says the conference committee meeting is altogether satisfactory, but little progress is made. Practically nothing has been done further than reading the bill over the first time. Even this is uncompleted. Minor amendments are agreed upon. He reported the biggest fight to be over raw materials. It is said that there is a disposition among the senate conferees to make concessions to the house on iron ore.
