

JUNKIN'S TRIAL COST OVER \$2000

Wapello County Approves Claim of Sister County in Recent Sensational Murder Case.

THE DETAILED REPORT

Jury Service Along Amounted to Nearly \$800 While Other Expenses Ran Total Away Up High.

Wapello county will pay to Appanoose county the sum of \$2,247.25 for the trial of John Junkin, who last May was convicted of the murder of Clara Rosen and sentenced to death by hanging.

The greatest cost to the county was in the matter of Junkin's guard. Twenty-five citizens of Centerville and Appanoose county, most of whom were ex-officials, were employed to prevent any violence being done the murderer.

Cornell's Report. The complete report of County Attorney Cornell, which gives the itemized account of every expense in the case, follows:

SCALP DISEASE PUZZLED DOCTORS

Began with a Little Pimple—Itched and Spread Till Whole Head was Raw—Hair Fell Out in Bunches—Suffered Three Years and Cure Seemed Impossible.

IMMEDIATE RELIEF AND EASY CURE BY CUTICURA

"My disease started with a little pimple on my head. Then it began to itch. The more I would scratch, the worse it grew until it spread all over my head. So I went to the doctor. I continued his treatment for some time but, finding no results, I decided to change and try some other remedy. Little warts began to grow on my head. I would wash it every day but it grew as raw as a piece of beef and my hair commenced to fall out in bunches. So I changed doctors. This doctor prescribed a wash and a salve. My head at this time was so sore I could not touch it. After trying several doctors and many patent medicines, nothing would cure it and I lost much time from work."

"Then I decided to go to the hospital. Several doctors were called in to look at it, and after some consultation they said that I had scborrhoea in its worst stage. They began to treat it but it improved very slowly. For over three years I was a sufferer from this disease. I thought all hopes of a permanent cure were impossible. A friend of mine, upon seeing the condition of my head—which was a mass of running corruption—asked me if I had tried the Cuticura Remedies. I told him nothing would do me any good; but being very anxious to be cured, I decided to try them. The first treatment (with Cuticura Soap, Ointment and Pills) brought immediate relief. My hair became alive and stopped falling out, all the scale left and now I am perfectly well and have a full head of hair. I can truthfully say that it was entirely due to the use of the Cuticura Remedies and I recommend them to all sufferers from any skin disease. George E. Jefferson, 1518 Reed St., Philadelphia, Pa., Jan. 24, 1909."

A BIG RAFT IS BEING TOWED

The Steamers North Star and Harriet Are Both Engaged—Takes Long Time to Move it.

The steamers North Star and Harriet have been engaged all day in towing a raft to the Taber lumber company. The logs were brought down through the canal, just a lock full at a time and the process is a very tedious one. This morning they had gotten as far as the first lock and are probably at the mill by this time.

The North Star which is the largest of the boats pulls the raft down past the bridge where it is met by the Harriet and towed to the mill. It takes an hour or more to get a section through the lock and on down past the bridge the rafts being very clumsy and hard to handle. The boat which pulls them past the bridge unattaches it self from the raft as soon as it gets down far enough and then it is met by the other steamer which allows the logs to run into it and then they are fastened with ropes. It is a very interesting sight to watch the maneuvering of the boats when attaching and unattaching the raft.

Company Continues to Please.

The Casino Stock Company has succeeded in establishing a very pleasing patronage and each evening audiences are given about two hours of clean, wholesome amusement. One noticeable feature of the nightly attendance is the predominating number of ladies in the auditorium. This speaks for itself and reflects credit upon the character of the company's performance. The play last night was again well attended and no doubt a large house will be present tonight to see the change of program when "True Hearts" will be the offering.

The specialties will also be entirely changed. Prices are ten and twenty cents.

Here is a pipe dream in the way of a dispatch from Helena, Mont.: Montana is believed to have a baseball club possessing an undisputed world's record—fifteen years without the loss of a single game. Naturally, the club at the present time does not possess a single player of the original nine, but the organization has been maintained constantly, with changes from time to time. The club is not a professional organization, but just a "club," such as are formed in all small towns each year. The club holding this remarkable record is at Libby, Mont. The club was organized in 1890, and during that time has played games with Kalspell, Whitefish, Troy, Jennings, Rexford, Columbia, Falls, Cabinet, Snowshoe, Howard Camp, Sylvanite and Gateway, Mont., and Bonner's Ferry and Sand Point, Idaho, as well as the bloomer girls and other traveling organizations from time to time, and has yet to record its first defeat. It is probable that there is not another club in the history of baseball which can show such a remarkable record. If there is such another it is unknown.

Not only did John C. Crimmins pitch a star game at Mt. Pleasant and defeat the team of that place by the score of 6 to 2, but he helped things along by getting a two bagger. He allowed but five hits. Speaking of the game the Mt. Pleasant Daily News says: Salem realized the ambition of her heart yesterday, which has been ranking there ever since her defeat at the hands of the Sox earlier in the season, and with the help of Pitcher Crimmins of Keokuk, took the locals into camp to the tune of 6 to 2. At no time during the game did the chances of the Sox look favorable to win. Numerous times it looked good to the fans for a run or two, but hardly more than that. It seemed the same old story, one out, two men on bases and the two poorest hitters on the team falling to come across with the necessary clout to do the run business. Lyons was on the mound for the Sox yesterday and granted but five hits, one however, being a two-bagger by Crimmins which, had the ground rules not forbidden it, would have scored four runs, for the bases were full. The smash was home run stuff and although "Crim" did go around on it he was put back on second. Had Lyons had the good support that Salem gave Crimmins, he would have won his game.

Commercial League. St. Peter's defeated Hamills in a five inning game last evening at the league park, winning out in the final session by the score of 4 to 3. The game was an interesting one from start to finish.

There will be no games Saturday and with several postponed games now confronting the teams, arrangements have been made whereby they can be played off on Monday and Wednesday evenings. There are but two open dates. The score of last evening's game is as follows:

\$1000 IN GOLD For the Best Ears of Corn We want the best ears of corn that can be grown—not merely the greatest in size—not simply the most bred—but the combination of size, maturity and quality—everything that goes to make a perfect ear. To obtain this we offer one thousand dollars (\$1,000) in gold to the persons who send those to Prof. B. W. Crossley, Iowa State Agricultural College, Ames, Iowa, on or before January 6th, 1910. This contest is open to everybody. No Entry Fee—No Money—Nothing to Buy or Sell—no work, simply a little watchfulness, possibly some care in an endeavor to produce these perfect specimens. Millions of bushels of corn have been used during the past few years in the manufacture of Kellogg's Toasted Corn Flakes. This most delicious of all breakfast foods is made entirely of the Sweetheart of the Best Corn. To further encourage the production of this great American grain—to keep the farmers of the country interested in its development—we make this most liberal offer with absolutely no strings to it. Prof. P. G. Holden, who has devoted the best years of his life to the improvement of corn, will with his associates be actively in charge of this contest. Prof. Holden will judge the corn and award the \$1000 in Gold, which is now in his possession. Kellogg's Toasted Corn Flakes is by far the most delicious form in which corn has ever been prepared. If you have never tried it, ask your grocer for a package today. There's a surprise in store for you. If he doesn't keep it, send us two two-cent stamps to cover mailing expenses and we will send you a liberal test package. The Genuine Corn Flakes has this signature W. K. Kellogg
