A SPECIAL TRAIN TO DONNELLSON

One Will Run From Keokuk on Thursday, August 19 to the Old Settlers Annual Reunion.

ASSURES A BIG CROWD

Keokuk People Will Be Given a Most Convenient Method of Attending the Coming Celebration.

Keokuk people will be able to attend the Old Settlers' reunion at Donnellson on Thursday, August 19, arrangements having been made for a special train on that day on the North road from Keokuk to Donnellson and return.

The train was secured through the efforts of some of the business men of the city who met last evening and decided that it would be a wise thing if a special train could be secured to accommodate the many Keokuk people who wish to go to Donnellson. As soon as the final arrangements have been made it will be announced what the price of tickets will be and the hour of departure of the train which will be over the North road.

Donnellson promises to this year give the Old Settlers a fine time and make everyone glad who attends.

A Keokuk band has been secured to furnish the music and the program for the day will soon be arranged.

One feature of the reunion will be an old log cabin which is being built, also a display of old relics and curiosities from the early days of Lee county.

The securing of a special train will cause a great crowd from Keokuk, for the accommodations will be very convenient and everyone can go and spend the day at Donnellson.

An old settler is one who has been in the county since before July 1, 1860.

Those who have been here since before July 1, 1850, are known as pioneers, while those who have been here since before July 1, 1840, are known as patriarchs.

A fine time is guaranteed for all who will attend the reunion this year and plans should be laid for a big delegation from Keokuk to the celebration.

—Eudaley, the man who has been umpiring here for the past four games left this morning for Hannibal where he will work with Gleason. He thinks that Keokuk is a very nice town to work in.
—Arrangements have been completed for the opening of 70,000 acres of choice irrigated lands on the Valier, (Montana), tract October 7, 1909. The days set for registering claims are October 1, 2, 4, 5 and 6. Everything is being planned for handling the crowds comfortably and for conducting the drawing without delay or discomfort. The Carey segregation is to be thrown open to the public at reasonable terms. The price and terms set by the State Land Board is \$10.50 per acre, including land and perpetual water rights which are the oldest and best established in the state. The first payment required is \$3.50 per acre; fifteen years are allowed in which to complete the payments. The land will grow as good crops as the best \$200 an acre soils of the corn belt without their uncertainty of seasons, and home-seekers will doubtless gobble up the 70,000 acres of irrigated land very quickly.
