

WARSAW PROTESTS AGAINST TROLLEY

Order Issued That the Cars Are to Stop Hereafter at the Foot of the Hill, Does Not Please.

THE NEWS OF WARSAW

William Sivil Has Resigned as Foreman of the Shoe Factory and is Succeeded by Ben Brinkman.

WARSAW, Ill., Sept. 25.—Mrs. Thos. J. McMahan and niece, Miss Mattie Moore of St. Louis, Mo. are visiting the family of Capt. J. R. Williams.

There is a general protest on the part of Warsaw citizens against the recent order of A. D. Ayers, superintendent of the trolley line, which states that after Sept. 24th, the cars will stop at foot of Main street hill and not come up town.

Mr. Frank Conner of Chicago is in the city visiting relatives.

Mr. Oscar Johnson of Hamilton is interviewing the Presbyterian people in the interest of a four number Lyceum course for the coming winter.

"Big Jim," the popular rural comedy, was presented at the opera house Thursday night to a large and appreciative audience, and will in the future pack the house whenever the management favors Warsaw with a call.

On Oct. 18th one of Lincoln J. Carter's plays, "Just a Woman's Way" will be presented at the opera house with special scenery and handsome costumes.

Wm. Sivil, foreman of the cutting department of the Hulskamp shoe factory here has resigned and Ben Brinkman, cutter in the same department has been promoted to the position.

Several real estate deals are hatching, some of them pretty large.

The fire laddies had two practice runs on Main street last night, in preparation for the tournament on the 20th of October.

\$3.50 RECIPE CURES WEAK MEN—FREE

Send Name and Address Today—You Can Have It Free and be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back brought on by excesses, un-atural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4081 Luck building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$3.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

ful weather on their western trip and are enjoying themselves beyond measure. They have visited Yellowstone Park, Spokane, Seattle and many other points of interest and the end is not yet.

Dr. A. R. Stanbery of Keokuk, was a Warsaw visitor yesterday.

Harry Bliesner, city bill poster reports that his business has doubled in the past year, and that he now has more work than it has been possible to put up for many years. Posting piled up waiting for room on the boards and yet he is increasing the number of his billboards wherever he can.

Isn't it strange in spite of pullbacks and knockers, that within the last five years whenever a man sold a piece of property in Warsaw he made from \$200 to \$500 on his investment and in some cases doubled his money and the city not booming either. You can't keep down a city like this, a fact that should appeal to strangers desiring to locate.

It Saved His Leg. "All though I'd lose my leg," writes J. A. Swenson, Watertown, Wis., "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Tein Bucklen's Arnica Salve cured it sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Bolls, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Wilkinson & Co., J. F. DEATH CAUSED FROM INJURIES

Lee Hardy, a Section Hand While Boarding Train at Elvaston, Thrown Under the Cars.

WAS TERRIBLY INJURED

Right Arm Almost Twisted From Body and Right Side of Head Badly Injured Beneath Cars.

Death resulted at five o'clock last evening from the terrible injuries received by Lee Hardy, a section hand residing at Fountain Green, Ill., whose right side and head were terribly torn by the wheels of a freight train which he was trying to board near Elvaston at one o'clock yesterday afternoon. The injured man was at once picked up by the train crew and a special train made up of the engine and caboose of the freight was rushed to Keokuk with all possible speed and the injured man taken to the Graham hospital in the Red Cross ambulance. He was immediately put on the operating table and everything that could be done for the injured man by the attending physicians was put forth in an effort to save the man's life but he had been greatly weakened by the loss of blood sustained from the injury to his right arm and he passed away at 5 o'clock.

Had Left Wife.

Hardy had left his wife only a few hours previous to his accident, having taken her and his child to Ferris, where Mrs. Hardy was to have spent Sunday. He then boarded a train and came back to Elvaston. It was while a freight train was pulling out of Elvaston that Hardy made a run for it and was swinging on when in some unknown manner his feet slipped and he was thrown under the wheels of the cars being thrown between two freight cars and as a result his right arm and shoulder were terribly mangled. He was picked up as soon as the train could be stopped and was brought to Keokuk, where he was on the operating table for an hour and fifteen minutes but his life was despaired of on account of the serious nature of the accident. His right arm was literally torn from the socket and the right side of his face was badly bruised from his fall beneath the wheels.

The heart-broken wife was notified of the accident and came to this city last evening and a brother-in-law of the dead man and a sister also arrived to look after the body, which was taken to the morgue of the Hawkes' undertaking establishment.

The unfortunate man was young, being but twenty-eight years of age. He had been in the employ of the T. P. & W. railroad company for the last four or five years, being a section hand. He was well known near his home at Fountain Green and at Ferris, Ill. He was returning to his work at Elvaston after taking his wife to her mother's home at Ferris. The freight which Hardy tried to board was the train known as the "dinky," which leaves Keokuk and Warsaw over the La Harpe branch. The injured man was brought to Keokuk about 2:30 and at once rushed to the hospital.

Hardy was born at Stillwell, Ill., twenty-eight years ago. He had lived at Ferris for some time until his removal to Fountain Green, Ill., two years ago last year where his wife and child now reside.

He is survived by his wife and little daughter, Della Marie Hardy, his par-

ents, Mr. and Mrs. Felix Hardy residing at Fountain Green, two brothers, Jeff Hardy of Warsaw and Harvey Hardy of Ferris, besides a sister, Mrs. Leona Harrison of Ferris.

Arrangements for the funeral have not yet been made but the body will be taken to his home at Fountain Green where services will be held. He was a member of no church or society. He was an industrious, hard-working man and his death is a deplorable one.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by Wilkinson & Co. Pharmacy and J. F. Kiedalsch & Son.

KEOKUK HOUSE FORGING AHEAD
The Wholesale and Retail Carpet and Rug Establishment of F. A. Wedler is Growing Rapidly.

One of the largest establishments of its kind in this section, is the wholesale and retail carpet, rug and floor furnishing house of F. A. Wedler which is located at 20 South Fourth street. This is one of Keokuk's many business houses that has started on a small basis and by the aggressiveness of its proprietor and manager, Mr. Wedler has grown to larger proportions until it is at the present time one of the leading carpet and rug firms and one of the foremost business houses of the city.

F. A. Wedler, proprietor and manager of this establishment, has been in Keokuk for the past ten years, during which time he has been employed as salesman for the Collins-Heaslip Carpet Co., and with which firm he was identified for a number of years until engaging in business for himself at 221 Main street, several years ago. Those quarters became too small, however, as the business increased and it became necessary to remove to Fourth and Johnson streets, the large three story building recently purchased where Mr. Wedler is now located. The third floor of the building was recently acquired, where formerly only the first two floors were used, until more floor space became necessary and the business is now located comfortably in its present quarters.

Mr. Wedler has been notably successful in the conduct of his business and the success of this newer one of Keokuk's business houses is assured by the rapid strides with which it has increased its capacity in the past. Since coming to Keokuk Mr. Wedler has purchased several pieces of real estate, among them being a fine home at 913 Leighton avenue with ten lots where some very fine houses are built. He has spent thousands of dollars in improvements in Keokuk. A visit through his business establishment will prove this statement. He sells goods in many of the states and leading cities of this country.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by Wilkinson & Co. Pharmacy and J. F. Kiedalsch & Son.

The New Models in Suits, Topcoats and Raincoats

for fall are marvels of beauty. They show the skill of the designer to a marked degree. Some are cleverly strong on "smartness," others lean to the conservative while carrying out the same general plan for correct outlines--the difference being in such detail as pockets, cuffs, buttons, etc., impossible to picture and difficult of description without the garments with which to make demonstration.

Our Showing in the clever things that High School fellows want in suits and overcoats is the noblest shown in Keokuk. \$12 to \$25.

The fabrics for Fall are wonderfully beautiful, with a strong showing of the new colors and designs in worsteds, the best wearing goods ever made for suits, and also new mixtures in soft chevots.

The variety is larger than we have ever before shown--because we expect an increased business. Our ambition is to do a larger trade each season. That is why we are so careful about quality. In no other way can we maintain our position of Largest Because Best.

Prices--the last item to be considered in buying clothes suits, \$6.00 to 30.00; topcoats, 7.50 to 22.50; raincoats, 10.00 to 22.50. These represent the best values obtainable anywhere--and satisfaction.

The Fall Stocks are practically complete in Hats, Shirts, Neckwear, etc., and the Boys' Section is all abloom with the swellest styles, fashioned from the most beautiful fabrics it has ever been our pleasure to show. We are showing some clever suits for Boys--7 to 17 years--with two pairs of Knickerbocker pants, at \$3.50, 5.00, 6.00 and 7.50.

MAN KILLED LIVED HERE

James Rigney Who Was Killed Yesterday at Peoria in Western Powder Mill, Brother of Mrs. Will Talley.

FATHER LIVES HERE

James Rigney, Sr., Lives in the Valley and Has Been Notified of the Death of His Son.

Mrs. William Talley of this city, received the sad intelligence late yesterday afternoon, that her brother, James Rigney, of Peoria, had been blown to pieces in a terrific powder explosion which occurred yesterday at noon. The explosion occurred at the Western Powder company's mills fourteen miles from Peoria, where Rigney had been working for some time. The news of his awful death came as a sad shock to the sister and father who reside in Keokuk, Mrs. Talley residing at Twenty-first on Des Moines street, and the father, James Rigney, Sr., living in the valley a few miles from this city.

The dead man was born in Keokuk and lived here when a child, with his parents. Later he removed from this city with his parents to the Valley and worked several years ago at the Du Pont Powder mills near Moorar. He left this city several years ago for Peoria where he has since been employed in the mills in which he met his death at noon yesterday.

The deceased was twenty-four years of age, being but a young man and was to have been married in a few days according to night dispatches received from Peoria.

William Talley will leave this morning at 6:30 for Peoria and the body will be brought to this city for burial, probably arriving this evening.

Following is a dispatch received last evening from Peoria telling of the awful death of the former Keokuk man:

[Special to The Gate City.] PEORIA, Sept. 25.—Blown to pieces, his body being hurled over 300 feet and torn in pieces, was the terrible fate of James Rigney at noon today at the Western Powder company's mills located about 14 miles out from this city.

The young man was at work in the plant at 12:30 o'clock when two tons of powder was accidentally set off, the explosion hurling him to a frightful death and wrecking the building.

Sparks from the dynamo in the mixing room fell into some powder damp and two tons of the explosive were ignited. There was a deafening report and Rigney was hurled to eternity.

A sad feature of the tragic accident was the fact that Mr. Rigney expected to be married in a few days. The Western Powder company has
