Iowa Navigation.
Ottumwa Courier: This question of making the Iowa rivers navigable and the equally important question of straightening the Iowa rivers, should be taken up seriously by the legislature. When considering the importance of utilizing the rivers as freight carriers and harnessing their water powers, the fact should not be overlooked that by straightening the rivers many thousands of acres of land will be added to Iowa's productive area. It will have to be done sometime and now is the time to begin. The members of the legislature and prospective legislators should begin at once to study out practical plans.

Where the Money Goes.
Logan Observer: For the family who ten years ago were content with "round" or "flank" steak, now "porterhouse" is none too good. It is the same along other lines. The nation has become extravagant. As an example of this a short time ago a number of men wished to go to a neighboring town to an evening meeting. Plenty of livery rigs were available to take the entire crowd to the place at an average expenditure of 50 cents each. However, only those would go who could hire an automobile to carry them there at a cost of \$1.25 each. Not so many of them went, but the average expenditure was much higher.

FILE AN APPEAL TO THE DECISION

Standard Oil Company Makes Reply and Charges That the Court Erred Only 66 Different Times.

AN APPEAL IS GRANTED

Exchange of Stocks Years Ago is Mentioned as no Good Reason For the Recent Court Decision.

ST. LOUIS, Dec. 17.—The decision of the U. S. circuit court, dissolving the oil monopoly, was today appealed to the supreme court of the United States by the Standard Oil Co., of New Jersey and its co-defendants. An assignment of error, pointing out 66 alleged irregularities in the proceedings in the trial court and the findings of the judges, was filed in the circuit court and the appeal was granted.

The bill of errors was prepared by former Federal Judge Henry Priest of St. Louis and attorneys M. S. Elliott and Martin Pearey of New York. The bill first takes up errors alleged to have been committed during the

Institution of the proceedings and a hearing of evidence. These are followed by the errors alleged to have been committed by the four judges of the circuit court in their finding of facts and in their decree.

The points in the bill follow: It is alleged the court erred in compelling non-resident corporations and individuals to appear in the U. S. circuit court in St. Louis and plead.

The court erred in ignoring the plea of defendant that the court here had no jurisdiction.

The court erred in finding the 19 corporations taken over by the Standard in 1899 were then competitive.

The court erred in finding that the seven individual defendants among whom are John D. and Wm. Rockefeller, Henry M. Flagler and the late Henry H. Rogers, ten years prior to 1879, acquired competing oil companies to suppress competition.

The court erred in finding that since 1899 the Standard of New Jersey had prevented competition, because that time there had been common ownership of the properties.

In finding that the exchange of stocks in competitive companies for that of the Standard, had the effect of restraining competition and its finding that an exchange of stock which restricts competition, is a combination in restraint of trade, are pointed out as errors. The court is alleged to have erred in finding that the Standard of Ohio, in exchanging stock for stock in competing companies, tended to create a monopoly.

The court is also alleged to have erred in finding that the Supreme court of Ohio, decided that the oil trust of 1882 tended to create a monopoly.

LIVED IN VALLEY FOR MANY YEARS

Benjamin Mayhew Passed Away Early This Morning at His Home From Dropsy From Which He Suffered.

FORMERLY CONTRACTOR

Came to This State Many Years Ago and Was One of the Prominent Settlers of Lee County.

This morning at 5:30 occurred the death of another old and respected pioneer resident of Lee county, Benjamin Mayhew passing away at his home, three miles from here, in the Des Moines valley, after an illness of several years duration. For the past eight years Mr. Mayhew has been blind and coupled with his illness from dropsy, his death was not thought to be far off, for some time.

Deceased was born in Cincinnati Ohio, June 30, 1837. In the year 1857, he came to this state, residing at Mount Pleasant. In the year 1860 he was united in marriage to Miss Elizabeth Garvin at Carlisle, Ill.

By occupation, Mr. Mayhew was a contractor, a brick layer by trade, and there are several monuments in this city and elsewhere to his credit, several public and many private buildings. He was one of those who built the Dupont powder mills, many years ago, and a contractor for the

WORTH KNOWING.

Simple Remedy that Any One Can Prepare at Home.

Most people are more or less subject to coughs and colds. A simple remedy that will break up a cold quickly and cure any cough that is curable is made by mixing two ounces of Glycerine, a half ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whisky. You can get these in any good drug store and easily mix them in a large bottle. The mixture is highly recommended by the Leach Chemical Co., of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure for dispensing.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants.
