

# KIDRICH CARTER AND KESSELING

Chief of Police and Well Known Colored Character Had a Little Mix-Up on Corner of Fourth and Main.

## CARTER TRIES FOR GUN

Made Several Fruitless Attempts to Snatch Gun From Pocket of Marshal—How the Battle Started.

Kidrich (Kid) Carter, the notorious police character who has been one of the city's disturbing colored elements for a number of years past, put up a fight last evening about 9 o'clock and strenuously resisted arrest by Marshal Henry Kesseling. The officer was compelled to use force in the subjection of his prisoner, but several forceful blows on the point of the jaw eventually took the fight out of him.

The battle transpired on the corner of Fourth and Main streets. Carter was somewhat under the influence of liquor and came to Kesseling, who was standing on the corner, complaining that one of a quartet of young colored fellows had pulled a gun on him. They were William Irvin, Roy Robertson, James Grigby and Howard Jordan. Kesseling went to where they were and after a search announced that he could find no concealed weapons in their possession nor could he find a gun of any kind. Carter, in his insolent way, proposed to go through their pockets himself, and proceeded to do so until Kesseling hastily put a stop to such outlandish methods on the part of the "Kid." This seemed to anger the man with the "frog-like" voice and he proceeded to abuse the city marshal and even went so far as to make a pass at him. Kesseling rightfully would not stand for such actions on the part of a man who should have been exiled from the city years ago, and promptly swung a mighty left on him. A little mix-up followed and the officer got much the best of it, hammering Carter's face until it was somewhat mangled. During the conflict Carter made several vain attempts to reach the gun Kesseling had in his pocket and there is no doubt but he would have used it had he been able to. Carter offered resistance even when he was being brought to the station, but the arrival of Officer Baldwin ended whatever effort he may have made in this direction. In the superior court today Carter was charged with being drunk and disorderly and with resisting an officer. His sentence was thirty days in the county jail, but officers believe they can effect his removal from the city, which would be much more satisfactory to police and citizens than a county jail sentence. In fact it is believed that he is to leave Keokuk for good.

### The Officious Jailer.

However, the little Carter incident did not pass without the city jailing taking the opportunity of becoming officious in the so-called discharge of his duty. As has been customary in past years the reporters are permitted access to the corridor of the city jail and given an opportunity of talking to prisoners, especially after they have been committed shortly after an offense. Marshal Kesseling has never sought to object to this legitimate means of giving the public additional information that may be obtained by questioning the prisoner, or at least getting a glimpse of his face to see if he is badly bruised or shows evidence of a conflict. When a reporter stepped to the jail door this morning the officious jailer, whose duties about police headquarters are mostly confined to taking life easy and occasionally driving the patrol horse like a blind man, stepped forward denying the newspaper man the privilege, reciting orders from the chief. From his demeanor one would think "Kid" Carter a young Jesse James or a car-barn bandit, instead of an overbearing negro who has been in and out of the city jail often enough to deserve a permanent berth there. The jailer holds an exalted position in the minds of many, and because of his good judgment and keen ability in enforcing orders, it is difficult to see why he is not made a police captain.

### Kelly Twins.

The case of the Kelly twins, that is as far as their bond is concerned, was not settled this morning in the superior court this morning as was expected. They were either to furnish a bond, go to jail or be released on their own recognizance. Attorney Bauninger appeared in court and stated that he was in communication with an

## THE HERPES COMES OUT

Frequently Shows Itself in the Same Place Every Winter. The herpes very frequently shows itself only in the winter time and in identically the same spot every year. When it comes out, a little possum should be at once applied, and this annoying skin affection will quickly vanish. Poslam is the new skin remedy which has cured thousands of the worst cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use poslam for these minor skin troubles should immediately secure one of the special 50-cent packages recently adopted to meet such needs. Both the 50-cent package and the regular \$2 jar may be obtained at Wilkinson & Co.'s and other leading drug stores. Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 32 West Twenty-fifth Street, New York City.

uncle in Missouri, who is able to furnish bond and would arrive in the city Friday to investigate the case. Attorney Ballinger is of the opinion that the requisite bond of \$200 will be forthcoming. It is understood that the prosecuting attorney is not in favor of releasing the twins on their own recognizance, and they must either furnish the bond Friday, the time set, or go to jail.

## ANALYSIS SHOWS WATER DEFECTIVE

Fort Madison People Are Worried, for State Chemist Discloses Surprising Conditions.

Fort Madison Democrat: By a recent action of the city board of health the physician to the board was requested to submit a sample of the city water to the state board, not considering it impure, but to keep acquainted with its condition. The result of the analysis by the state chemist is quite surprising and his report as subtended is self-explanatory:

Des Moines, Iowa, Feb. 24, 1910. Dr. J. M. Casey, Fort Madison, Iowa. Dear Sir: Enclosed please find report on analysis of sample of water received for analysis on February 22, 1910. As you have sent us no data concerning the source or surroundings from which the water comes and the depth, strata and character of the well from which the water was obtained, we can therefore only give general statements regarding the character of the same.

From the data we have at hand it will be seen that the water is in a defective condition, indicating imperfect filtration and purification of the water. Whether this is the cause of typhoid fever or not that you speak of, of course, can only be inferred, as it is absolutely impossible to determine the presence or absence of typhoid fever germs in a sample of water. The best that can be stated is that this is a probable cause of the trouble which you are experiencing, as there is entirely too much organic matter present. The presence of algae and considerable animal life indicates imperfect filtration. It would be very likely that typhoid fever germs would be present in the Mississippi river, and if the same is being received without proper filtration or purification it would of course be possible for them to be present in the water.

If you need more discussion of the condition than here given we will be glad to go into the matter more thoroughly on receipt of a plat, showing the location and surroundings and the manner of collecting the water and the possible sources of contamination. Please be as full and explicit in description as possible.

Thanking you for your cooperation, and trusting we may be of future service, we remain, Respectfully, C. N. KINNEY.

## GOOD MARKS IN BOWLING DOUBLES

Harry Cook and John Crimmins Are High Thus Far, with Very Good Scores—Four Matches.

Good scores attended the opening of the tournament on the Olympia alleys and the first day's play in the doubles found some high marks recorded. Four pair went the route, all hanging up good marks. John Crimmins and Harry Cook carried off honors of the day and are high, with 1086. The scores were:

Cook	580
Crimmins	556 1086
E. Maas	581
Loomis	482 1063
W. Maas	581
King	482 1002
Azinger	458
Scott	519 977

Those hard night coughs of the children! What shall you give them? Just what your mother gave you, and just what her mother gave her! In some families, Ayer's Cherry Pectoral has been the only cough medicine for seventy years. Once in the family, it stays. Keep it on hand.

## KEWANEE TO HAVE GOOD TEAM

Boiler Makers Will Have a First Division Team With "Silent Bill" Connors at the Head.

## LATEST MEN SIGNED

Gasper, Brother of the Famous Twirler Has Affixed His Signature to a Contract and Will Twirl.

The Kewanee baseball club, with Manager "Silent Bill" Connor, as pilot, promises to be in the first division during the coming season, and will likely land well up in the front. The following from the Star-Courier tells of the latest additions to the club: Edward Gasper, brother of the sensational Central Association pitcher, who was with Waterloo two years ago and whose debut with Cincinnati in the National league last year, was the subject of much comment throughout the leading papers of the nation, has signed a Kewanee contract and when the call for the players is sent out young Gasper will come to Kewanee and will try to establish his right to one of the outfield positions of the Boiler-makers.

### On Brother's Say So.

Kewanee got next to the younger Gasper, through the name Harry Gasper, who is leaving for the south this week with Cincinnati. The big leaguer states that he believes his brother has the making of a wonderful player, though as yet he has had little or no experience in fast company. Most of his playing has been done with independent teams, though it seems that Kewanee made a bid for the player at just the right time, for several clubs have made overtures for his services.

### With Traveling Club.

During the past two years the young Gasper has been playing an outfield with an organization of traveling ball players that toured Nebraska, Iowa and Kansas and so favorably did he impress some of the club owners that saw him, that efforts were made to secure his services. The youngster left it to his older brother to decide and after looking over the offers, decided that the younger lad had better wait a season or so.

### President Hill on Trail.

In some unexplainable manner President Hill had heard of the youngster's work and invested a two-cent stamp to see what result it might have. The older Gasper answered the letter and made plain his statements about the brother. He stated that he would rather see him get a place in Kewanee than any of the other places that had made bids for him and a correspondence was started between Mr. Hill and the little brother. It was not long until an engagement was reached and the contract, nicely signed up, came last week.

### Is Good Outfielder.

Those who have seen Sir Edward perform, though there happens to be none in Kewanee at the present time, state that he can go as far as anyone and gather in the hard hit balls. He is fast on bases and has the nerve to take chances, where single chances win games occasionally. In the ranks of the independents he was a powerful slugger, but the one question that has not been exactly settled in the mind of the big leaguer is whether he will be able to crack the balls on the nose hard enough in the C. A. to hold a place. No one knows the calibre of the pitchers in the Central better than the older Gasper and if his brother can hit like he did in the "bush" then it is certain that he will make good. He is a right-handed hitter and right-handed in throwing. Like his brother, he is a powerful built rian and stands more than six feet in height. Up to date Gasper will have to compete with Connors, Overaker and Kelling. One or two other outfielders have been recommended very highly to Kewanee and it may be others will be signed before the week has progressed to any extent.

### Upholds the Dance.

INDIANAPOLIS, Ind., March 1.—Dancing, football and other forms of athletics were championed by Dennis Wood, A. M., M. D., professor of physical education in the Columbia university at the opening of the national society for the study of education last night. The first regular session of the N. E. A. will convene today.

### Maybray Lawyer Stricken.

COUNCIL BLUFFS, March 1.—Charles M. Harl, a prominent lawyer and one of the counsel for J. C. Maybray, was stricken with paralysis. His condition is critical.

### Found Dead in Bed.

WEST GROVE, March 1.—W. D. Sawyer, when retiring, complained of feeling bad. When the family went to awaken him, he was dead, having died during the night some time.

## ITCHING ECZEMA WASHED AWAY

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. D. Laboratory of Chicago, we are able to make a special offer of a 25-cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call, or write or telephone to McGrath Bros., corner of Fifth and Main.

We absolutely know that the itch is stopped AT ONCE by D. D. D. Prescription, and the cures all seem to be permanent.

## LATE AFTERNOON BULLETINS

[By United Press.]

ICE GORGE BREAKS. PORT PETOSI, Md., March 1.—The great ice gorge that has blocked the swift Susquehanna river at McFalls Ferry for three weeks, has broken and vast ice floes backed by a wall of water 30 feet high are now rushing in a mad torrent down the river toward this place. The news caused a panic among the people here and they are escaping to the hills.

GALESBURG ACCIDENT. GALESBURG, Ill., March 1.—The collision occurred on the Illinois Central Electric railway. The cars met in a heavy fog. The dead are: EVERETT ENGLE, Motorman. JACK OWENS, Road Foreman. HIRAM HENRY, Trackman.

STRIKE WILL END. PHILADELPHIA, Pa., March 1.—A positive settlement of the street car strike within 48 hours by arbitration was promised this afternoon by one of Philadelphia's millionaire merchants, coming from the secret conference in the office of George H. Early, a city representative on the board of directors of the Philadelphia Rapid Transit Company.

## CITY NEWS.

Read The Daily Gate City. —The monthly meeting of the board of directors of the Young Woman's Christian association was held this afternoon at 2:30.

—One of the greatest evidences that spring has almost arrived, came to the city today, in the form of a Wabash railroad car filled with garden seeds of every description, there being 24,000 pounds in the consignment for Keokuk merchants.

—Today was an unusually quiet one in hotel business, the list of traveling men stopping at the several hosteries of the city numbering over ten or a dozen, when a usual day's run of traveling men alone represents an enrollment of over a half hundred as an ordinary run. Tuesday is supposed to be the heaviest day in the week in the hotel business, but bus drivers claim that no one was getting off at the station when the trains stopped today.

—It is understood that an extension has been granted on the option held by Keokuk people on the Messenger tract, comprising about fifty-eight acres, and which if sold will bring about \$30,000. Efforts are being made to form a syndicate to finance the purchase. The option formerly held expired today.

—There will be a meeting of the Men's club of the city this evening at 8:00 o'clock in St. Peter's hall. To this meeting is invited all of the Catholic men of the city who may become members without making application. It is desirable that all who anticipate joining this organization in the future be present this evening and assist at the first regular monthly meeting. It is expected that the club will soon be in a flourishing condition and as soon as matters are well under way application for membership will be necessary. Considerable activities are being planned by officers at the head of it.

—William Gorgas today brought suit for divorce against Mary E. Gorgas on the statutory grounds of desertion. The couple was married on July 14, 1904, in Carthage.

—In consideration of \$500 Anna Costello has transferred to John W. Peterson, lot 11, block 28, Kilbourne addition.

## CARROLL MAN KILLS SELF.

CARROLL, March 1.—Tom Conley committed suicide at the poor farm by cutting his throat with a razor.

## SOFT, GLOSSY HAIR.

It Can Only be Had Where There is No Dandruff.

Any man or woman who wants soft, glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned, and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One Dollar guaranteed by McGrath Bros., special agents."

## PORTER'S SALOON WAS ENTERED

Large Quantity of Whisky Taken Last Evening From Upper Main Street Refreshment Parlor.

## THREE ARRESTS MADE

All are Colored and it is Said That One Has Already Confessed to Having Committed the Act.

Porter's saloon, corner Eleventh and Main streets, was entered some time during the night and quite a quantity of bottled whisky stolen. Three arrests were made today by Officers Real and L. C. Fuqua and Marshal Kesseling and Deputy Marshal Harrington spent a greater part of the afternoon in an examination. The three are Rudolph Martin, Henry Taylor and John Oliver, all colored. It is understood that Martin has made a confession and that efforts are being made to cause him to implicate the other two men.

Entrance was effected through a rear window of the saloon. A knife was used and the pane of glass was removed. Once on the inside the burglars helped themselves generously to the bottled goods, taking five or six quarts, about eight pints and about ten half-pints; also, they picked up a watch lying within their reach. Because of the fact that so much goods was taken the police are led to the belief that more than one was implicated in the act. The first arrest occurred about 11 o'clock, when Martin was picked up in the vicinity of the Kline shops. It is said that he had several bottles of whisky on his person and also a knife that may lead to his conviction. Officer Real made the statement that a small end of the knife blade was found sticking in the window, and this corresponded identically with the missing part of the knife blade that Martin had in his possession when captured. Late this afternoon the examination in Marshal Kesseling's private office was going on and the other two men were being closely questioned regarding the affair. The arrest by the two officers is considered a good one and it is believed that prosecutions will follow the three arrests.

## RIVER MOVING DOWN AT QUINCY

Cracking and Splitting Noise Which Could be Heard For Considerable Distance.

Quincy Whig: With a cracking, splitting noise audible for a considerable distance along the river shore, a huge section of the ice floes that lodged several days ago on the sand bar opposite the warehouse of the Diamond Jo line broke away yesterday afternoon and floated down the river, watched by many river men and pedestrians on the levee.

When the ice began to move above the bridge during the recent thaw, which covered the entire surface of the river with huge blocks, some of which were from eight to ten feet in depth, the sand bar proved an obstruction and a solid phalanx of bergs piled up there. Though on several days the sun shone with spring-like warmth, the barricade of ice retained its solidity and refused to break from the bar. However, the warm sunshine of yesterday and the currents that are swirling through the bridge to the south proved too strong for the floes and their movement was resumed.

It is reported that for miles above the bridge the ice was breaking away yesterday afternoon and the rivermen are expecting another general movement in a few days, if the present weather prevails.

## PERSONALS.

Mr. and Mrs. Thomas R. Floyd of Newberry, S. C., are visiting in the city.

N. E. Anderson of Burlington is in Keokuk today, on business.

J. G. Wolf of Nauvoo was a visitor in the city last evening.

Fred Kent of Fort Madison was a Keokuk visitor today.

## SOCIAL EVENING WAS HAD.

One of the very pleasant events of the week was a reception and social at the Christian church at Bank and

## ROOSEVELT ESCAPES DEATH FROM FEVER

Soon After He Started Down the Nile a Deadly Scourge Broke Out.

GONDOKORO, March 1.—British residents as well as natives are wondering today whether Col. Roosevelt will sail yesterday for Khartoum, is disease proof. Hardly had the party started down the Nile than several cases of African fever broke out among those who had been in close contact with Roosevelt. Today Dr. Trosch, a French missionary, who took dinner with Roosevelt yesterday, died of the fever. The district commissioner also has been stricken with the disease. He was active in entertaining Roosevelt.

## Society

Social Calendar Today. Woman's Whist League with Mrs. Chute.

Happy Circle card club with Mrs. Dorian.

E. O. M. Bridge Whist club with Mrs. Isaac Blom.

Will Sail for Europe. Mr. and Mrs. Alois Weber will sail for Europe on March 26, the present month. They will sojourn in Europe for six months, before returning home. On June twelfth they will witness the "Passion Play" at Oberammergau, the Bavarian town.

Miss Craig's European Party. Miss Bertha Craig, the well known lady instructor and historian of the Keokuk high school, will chaperone a party during the coming summer months, on a tour through Europe and incidentally a visit will be made at Oberammergau, where the "Passion Play" will be presented during the late spring and summer months. Miss Craig is at present engaged in securing the names of the members for her party though the date of sailing has not yet been definitely decided.

Oberammergau is once more attracting the attention of the world, 1910 being the decennial year for the repetition of the spectacle, which is an embodiment of simple old-world faith, is without parallel in the present day. Keokuk people who visit the quaint little Bavarian village this summer will see one of the most interesting and most unique plays ever given, by quaint European folk. Besides Miss Craig's party, there will likely be a number of others who will visit Europe and eventually witness the Passion Play on one or more of the dates given below. People from all over the world will witness the Passion Play and there will likely be many from this section of the country who will number among the thousands of others, in Europe this summer at Oberammergau.

The Passion Play consists of eighteen acts or scenes, together with a prologue or introduction. The play itself begins with Christ's entry into Jerusalem but a series of tableaux vivants from Old Testament history alternate with the acted, spoken scenes of which they are emblematic, while in order that the spectators may understand the meaning of the living pictures and their connection with the scenes of the acted tragedy, a chorus is introduced with duties similar to those of the chorus of the classic Greek plays. Their part is to explain and make intelligible the action of the drama, and to engage in a kind of running commentary upon it, which is presented, for the most part in a musical form in a series of very beautiful vocal pieces.

The representations last from 8 a. m. to 6 p. m., with an interval of two hours for refreshment, and will take place, weather permitting, on the following days: May 11, 16, 22, 29; June 5, 12, 19, 24, 26, 29; July 3, 10, 17, 24, 27, 31; August 3, 7, 10, 14, 17, 21, 24, 28, 31; September 4, 8, 11, 18, 25.

The old wooden playhouse of former years has been demolished, and one of iron has been erected in its place for the representation of 1910. The new building, which will seat 6,000 spectators, is roofed over, except the stage end, which is still left open to the sky and to the mountains, like its predecessor, to heighten the illusion.

## Brotherhood Banquet.

This evening in the parlors of the First Christian church the Brotherhood of that organization will enjoy its annual banquet and business meeting. There will be an election of officers and other matters of importance, following the repast, which is to be served. P. C. MacFarlane, international secretary of the Brotherhood of Christian churches of the country, will be present and will be the principal speaker of the evening.

## Dance Was Enjoyable.

The social dance given last evening in Woodman hall by Messrs. Roekenbach, Metzinger and Steiger was greatly enjoyed by the sixty couples of young people who attended. The full Agne orchestra rendered a fine program for dancing which was enjoyed until midnight.

## Social Evening Was Had.

One of the very pleasant events of the week was a reception and social at the Christian church at Bank and

Evangelist Thompson and his workers were present and he administered the ordinance of baptism to three persons, and the hand of welcome and christian greeting into the membership of the congregation was extended to eleven who had not previously received it.

## The "pure food law" is designed by the Government to protect the public from injurious ingredients in food and drugs.

It is beneficial both to the public and to the conscientious manufacturer. Ely's Cream Balm a successful remedy for cold in the head and nasal catarrh, meets fully the requirements of the new law, and that fact is stated on every package. It contains none of the injurious drugs required by the law to be mentioned on the label. Price 50 cents.

If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the solid form of this remedy, and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75 cents, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren street, New York.

Fifteenth streets on Monday night, at which a large crowd gathered to welcome and get better acquainted with the new members who came into the church during the revival recently held by Thompson, the Egyptian evangelist. Light refreshments were served by the Willing Workers.

Evangelist Thompson and his workers were present and he administered the ordinance of baptism to three persons, and the hand of welcome and christian greeting into the membership of the congregation was extended to eleven who had not previously received it.

The pastor of the church having resigned, the congregation in a short business session unanimously extended a call to Dr. Bennett of Nebraska to the pastorate, and filled two vacancies on the board of deacons by electing Wm. Virgin and D. J. Droze to those positions. The church is planning for a great meeting in June with Thompson, the Egyptian, as the evangelist.

## With Mrs. Oscar Chute.

Mrs. Oscar C. Chute entertained the Woman's Whist league at her residence, No. 611 North Fourth street, this afternoon, in a very pretty manner.

## Mrs. Elizabeth Cole Dies.

MARSHALLTOWN, March 1.—Mrs. Elizabeth Cole, wife of the chaplain of the soldiers' home, died here.
