A Night Alarm

Worse than an alarm of fire at night is the metallic cough of croup. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. Foley's Honey and Tar saved many lives. No opiates. Wilkinson & Co.

A SHELL BARGE STOLEN IN NIGHT

Craft Belonging to Burton Wilkinson Taken From River Front During the Dark Hours

DOWN RIVER NOTIFIED

Several Arrests During the Night, Gertie Carlisle, Wife of Lee Carlisle Arrested on Suspicion.

Some parties stole a shell barge from the river front here during the night, the property being that of Burton Wilkinson. The barge was nine feet wide, thirty-four feet long and unpainted. Who took the craft is not known, but the local police were notified of the theft and Deputy Marshal Harrington was busy this morning, early, telephoning to towns down the river as far as Hannibal, Quincy, Canton, LaGrange and Warsaw police officers were notified and a lookout will be kept for the stolen barge. It is thought by the police here that whoever stole the barge, will take it to one of the down river islands, paint it and change its appearance, so that probably, chances for its recovery will be slight.

Gertie Carlisle Arrested. Gertie Carlisle, the young woman who claims to be the wife of Lee Carlisle, recently arrested and implicated in the theft of the trammel net from Frank Burt, was arrested last night on suspicion, by order of Marshal Kesseling.

Arrested On Suspicion. James Corcoran was arrested on the levee at two o'clock this morning by Officer Brennan on suspicion. The officer overheard Corcoran remark that he had "cleaned a party of eighteen dollars in the back of Peg Fuller's saloon."

James Wilson was arrested at 1:30 this morning for being drunk, Officers Freeman and Tighe bringing him to the station in the wagon.

Capt. Bogardus Again Hits the Bull's Eye.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I have suffered a long time with kidney and bladder trouble and have used several well known kidney medicines: all of which gave me no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I was subjected to severe backache and pains in my kidneys with suppression and oftentimes a cloudy voiding. While upon arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley's Kidney Pills and always recommend them to my fellow sufferers." Wilkinson & Co.

BEAUTIFUL TRIBUTE TO YOUNG LIFE

Recent Death of Winnifred Fannin Has Caused Sorrowing Among Many Friends Here.

"In the midst of life we are in death."

The unexpected demise of Miss Winnifred Fannin, which occurred on the 15th day of March, verified the words of the poet to a realization more than common among us. Although apparently she seemed slowly but surely regaining strength and health from her illness during the winter and had in the last two weeks been able to go about among her friends and neighbors and had the day before her last illness spent the day most pleasantly performing home duties which had been beyond her strength for some time.

Miss Winnifred had passed her twenty-first birthday on February 24. Reviewing the life of the deceased there are so many beautiful characteristics which attend its memories it suggests the unfolding of the budding rose with its fragrance. She was called while as yet in the bud—young, tender and frail, beautiful in feature, form and

grace and as time rolled on we looked for the petals to reveal new beauties and richer fragrances. Her life is a day star gone out, but its memory will long be cherished and emulated by those who loved her.

Life was a very pleasant and cherished gift to Miss Winnifred. It was her aim to make it profitable, both to herself and mankind. Her ideals were practical. Usefulness—"use and to be used," was her incentive to higher ideals, and to such a character we owe a great tribute of praise and sustain a great loss in non-appreciation.

Five years ago she took the stand in life which transcends her mortal being by inscribing the Savior in her young heart, and she has since been faithful in the duties of the Christian life. She will be missed in the Sunday school class and in other departments, where her presence was needed.

The funeral took place in the same church where she learned the "sweet peace of God's love" and friends and admirers gathered together with her for the last time here, in this vale of tears, but steadfastly knowing that "What we mourn not as those who have no hope, for we know our Redeemer liveth, and He will call forth all those that are in their graves" on the glorious resurrection morning and we confidently laid her away—"asleep in Jesus."

The floral tributes from loved ones were magnificent, profuse and splendid. Six young ladies, daily companions to her, acted as honorary pallbearers, each carrying a white lily. As they viewed the face of their lifeless companion they laid a lily on her

You can thread "The FREE" Shuttle with your eyes shut

When you put the bobbin into the Shuttle of The FREE Sewing Machine, you can shut your eyes—put it in any way—either end first—thread over or under. However you do it, it's right. This is but one of the many improvements on

The FREE Sewing Machine

which make it the Simplest, the Lightest Running, the Easiest to operate, and the Fastest Sewing Machine in the world.

When we became the Exclusive Agents

for The FREE we told Mr. Wm. C. Free, its inventor and president of the Free Sewing Machine Co., that there was but one objection to The FREE—it is so wonderfully perfect that you can't tell the people the truth about it without seeming to exaggerate!

He Replied: "Ask them to come and see it."

"Let them see with their own eyes its marvelous "Rotoscillo" movement, its eight sets of Ball-bearings, its Automatic Shuttle Ejector, its Automatic Locking Drawers, its French Leg Design, its Rotary Spool Pin, its Needle which can't go in wrong, its Automatic Tension Release, etc., etc."

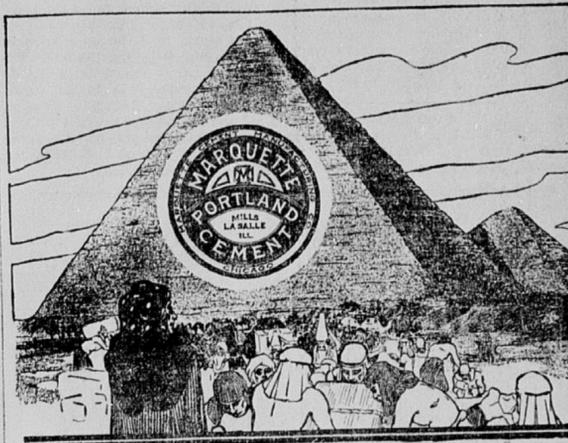

"Then They Must Believe"

So we want every woman in our city to come and see The FREE for herself.
