

MISS HOPKINSON TAKES CHARGE

Washington Lady Arrived this Morning to Assume Active Work in Laymen's Federation Plan

THE CITY IS DISTRICTED

The Federation Feels Fortunate in Having Secured the Services of Well Trained Woman.

Miss Aura Hopkinson, who is to superintend the seventy districts mapped out by the Laymen's Federation of Keokuk, assumed her duties as active head of the work to be carried on in this city for the next six months by that organization, during which time she will make her home here.

Miss Hopkinson is a graduate of the Deaconess' school of Des Moines, and also of the Moody Bible Institute. An office has been established for her in the Dorsey building at 701 Blondeau street, where, during the morning hours, Miss Hopkinson will be occupied with clerical duties and during the afternoons, calls will be made by her on the newcomers to Keokuk.

MISS AURA HOPKINSON Who will superintend Laymen's Federation Work in Keokuk. The work of dividing the city into districts and placing over them sentinels who will report to Miss Hopkinson, has been mentioned previously. The principal work of Miss Hopkinson will be in making calls on all new comers to the city, ascertaining their desire in a denominational way and reporting to the pastors of the churches of Keokuk.

Busy This Week. Miss Hopkinson will be busy this week calling on the sentinels of the seventy-five districts, getting better acquainted with them and instructing each in their work. Next week she proposes to begin active work of receiving reports and corresponding with those in touch with the movement.

Up Against Stern Logic. Mother-in-Law (to her husband)—"You must take my part. Our son-in-law is getting too impertinent. Yesterday he told me that 99 devils and one mother-in-law makes 100 devils." Husband (after thinking)—"What can I do, my dear? Ninety-nine plus one does make 100."—Boelan.

Early Morning Marriage.

At seven o'clock this morning occurred the wedding of Miss Bertha Schneider to Mr. John Malmstead at the home of the bride's parents, 519 South Fifteenth street. The bride being the only daughter of Mr. and Mrs. Louis Schneider, being a very beautiful and charming young lady, popular among her circle of friends. The groom being a trustworthy employ of Bricklayers Union of Moline, Ill.

The house was beautiful decorated in the colors of green and white. The couple taking their places under a beautiful arch, and the ring ceremony being performed by Rev. Neusch.

The bride carried a beautiful bouquet of brides roses. The young couple left on the 1:55 train for Moline, Illinois, where the groom has a fine cottage furnished for his bride, at 1224 16th street.

Many beautiful presents were received, and their friends wish them much happiness in their future life.

The Women's Club to Meet. In the interest of our trees, and all work to which women can assist the new city officers, in making our city more beautiful, as well as the great work done by women's clubs throughout the country, there will be a meeting Tuesday afternoon, April 5, at 3 o'clock at the residence of Miss Elizabeth G. Ivins, 112 North Second street. All women interested are urged to be present.

Pneumonia follows a cold but never follows the use of Foley's Kidney and Urinary Pills. It stops the cough, heats the lungs and expels the cold from the system. Wilkinson & Co.

STR. KEOKUK HERE TOMORROW

Keithsburg Bridge Draw Opened Today for the First Time Since Completion and Boats Can Pass

BLACK HAWK OUT TOO

Tri-Weekly Service Between Quincy and Davenport Will Commence on Wednesday.

The steamer Keokuk, carrying a whistle that has been familiar to the ears of Keokuk people for years, will arrive here some time tomorrow, possibly in the afternoon, from Davenport. Word was received at the local offices of the White Collar line today, that the boat would be here tomorrow and on Wednesday morning at 6:30 will leave for Quincy and will leave that port on the return trip on Wednesday afternoon at 3 o'clock. The boat will lie here until Thursday afternoon again, and will leave on that day for Burlington. This will be the inaugural of the tri-weekly service which will be continued for two weeks. After that time, the regular daily packet run will be furnished for the river shippers and passenger business. The officials at the boat office this morning stated that more could be told about how long the tri-weekly service would be continued after the arrival of the steamer Keokuk tomorrow.

Keithsburg Bridge Completed. The Keithsburg bridge of the Iowa Central railway, which crosses the river thirty mile above Burlington, was opened this morning at day break and the Black Hawk left that port this afternoon at 3:30 for Burlington, to begin her Monday, Wednesday and Friday trips between Burlington and the tritides. The other boats of the Blair line, the Columbia and the Helen Blair, will be put on later in the month.

Tipton Down. The government steamer David Tipton left for down stream at 9 o'clock this morning.

Abundant Health is assured when there is good blood in the veins. Hood's Sarsaparilla is the medicine to make good blood. Begin taking it now. It is just what the system needs at this time and will do you great good. Sharpens the appetite, steadies the nerves.

French Gardens for England. London spends millions of dollars every year for somewhat stale vegetables imported from France and the coast countries, but England now is wising up, and France exports are on hand to explain and introduce intensive culture, really a highly scientific art, which the future must depend upon to feed some sadly crowded countries. Gardener McKay says: "There has been a tremendous stride forward in intensive culture. There are many French gardens springing up in all the best parts of England, many being very large ones. Those at Eresham and Poole are well over four acres, and my new garden at Walton-on-Thames is larger still. I feel sure that in a few years we shall produce at home every salad that we require. The first French garden in Ireland has been started near Dublin and promises well."

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

Goat's \$15,000 Meal. A peasant followed by a goat walked into the local bank at Aurillac to pay in some money. As he was going out a clerk noticed that the goat had a piece of paper in his mouth. He vaulted over the counter and caught the animal just in time to prevent it swallowing a bond worth \$15,000 which it had nibbled off the counter.

Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla this undertaking will be successful. This great medicine purifies and builds up as nothing else does.

Makes Best Drumhead. Wolfskin makes the best drumhead.

HUGH ROBERTSON LAID AT REST

Obsequies this Afternoon for Prominent Citizen Held at Residence at Four O'clock.

The Hugh Robertson obsequies were attended this afternoon by several hundred friends of the late well known citizen who was laid at rest in the family lot in Oakland cemetery, following the solemnly beautiful services at the residence, No. 322 North Second street. The handsome bier was covered under a mass of beautiful floral offerings and pieces, the tributes of friends and employes of the Iowa State Insurance Company and other business and social institutions of the city with which Mr. Robertson was affiliated during his long life.

Dr. Ezra B. Newcomb, pastor of the First Westminster Presbyterian church, was in charge of the services which were held at the residence at four o'clock.

The honorary pallbearers were seven of the city's prominent business and professional men, Alex E. Johnson, Wells Irwin, George Collingwood Tucker, J. M. Huiskamp, Gavin Herbert, J. I. Annable, Dr. W. Frank Brown.

The active pallbearers were gentlemen connected with the various departments of the Iowa State Insurance company, with which Mr. Robertson was one of its officers for many years: S. E. Millsbaugh, J. M. Skinner, William McKenzie, Joseph Cannon, Allen Collison, Roy Whaley.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by Wilkinson & Co. Pharmacy and J. F. Kledalsch & Son.

AMUSEMENTS.

"The Servant in the House," which comes to the Grand this evening, is a stirring drama that does not deliver a feeble theme for its message. It carries eternal truths and treats of the relationship of man and man in a way that makes it more than a play. It is for all people, all tongues and all time.

The manner in which the extraordinary capable company that presents it sends home these truths is unusual in theatricals and a view of the play very readily gives one a thorough idea of the skill and care exercised by Mr. Henry Miller in selecting actors with ability and rare intelligence.

"The Climax," a three-act comedy-drama by Edward Locke, is scheduled to appear at the Grand tomorrow evening.

The piece has been produced by Joseph M. Weber and is said to be an attraction that is really worth while. It comes with the ear marks of success, having made a most emphatic hit at Weber's theatre, New York. Its author is a young American with fresh ideas, and it is said he has supplied his offering with new timber. The story has been told in a straightforward way and has made a strong hit for first place by reason of its simplicity. Love and ambition, gentle intrigue, pathos and humor are dominating notes in an unassuming tale of three people with the artist's temperament and one person contrarily endowed.

Daily Grain Letter. CHICAGO, April 4.—Wheat—Considerable rain shown by the weather map, but is still clear and dry through the southwest where moisture is mostly needed and the outsiders are showing but little interest in the market, principal holdings being in the hands of professionals. Many traders are disposed to await the government report, due the latter part of this week.

Corn—Seasonable weather conditions with considerable moisture in the corn belt. Pressure of farm work will continue to restrict the already light movement. Local stocks are pressing heavily and holders of May contracts have shown a strong disposition to liquidate.

Oats—The advanced condition of the seasonable weather and expectations of large acre will have a bearish effect on the market. Light movement, light stocks and strongly held May contracts may result in some congestion.

Sorrows of Motherhood. The joys, unfortunately, outweigh the sorrows of motherhood. But there is no denying there are some sorrows. For example, isn't it pathetic to hear the baby cry, or the child refuse food, and not know what to do for it? The next time this happens in your family, instead of giving a narcotic, see if the youngster's bowels have moved that day, or if it is otherwise bilious. In such cases give it Dr. Caldwell's Syrup Pepsin, the great laxative tonic for the stomach, liver and bowels. The child will take to it readily because its taste is pleasant. It is pure in ingredients; effective in results. Try a 50-cent or \$1 bottle, which you can obtain of any druggist.

I have been somewhat costive, but Doan's Regulates gave just the results desired. They act mildly and regulate the bowels perfectly.—George H. Krause, 306 Walnut Ave., Altoona, Pa.

See it shine!

The pans on which Whiz is used are outshined only by the wisdom of the housewife who uses it.

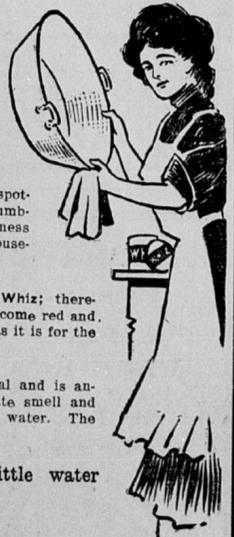

They glitter with antiseptic cleanliness after the first contact.

The bathroom enamel resumes its spotless whiteness, and the nicked plumbing, faucets, etc., radiate that newness and brightness which every careful housekeeper so much desires.

And too, there is no free alkali in Whiz; therefore it does not cause the hands to become red and tender. It's as good for the hands as it is for the pan.

Whiz lasts longer, is more economical and is antiseptic. It has a pure, clean, delicate smell and lathers ever so freely in the hardest water. The grocers have it.

Just apply a little Whiz—a little water—a rub and—
