They are the clothes that have done so much to help make Weil's famous throughout a radius of 10 miles. They've character, tone, individuality and value. Hand-Tailored Suits \$15 to \$30. Our \$10 and \$12 Suits are the best values shown for the price.

Suppose you come in and see some of them. We've an enormous stock in which all this season's favorite fabrics and stylish shades are shown.

Knowledge of Fine Tailoring

You employ your lawyer because you believe in his legal ability and his counsels—your physician because of his confidence in his knowledge and his skill in making use of it. In each instance it is a matter of faith. In neither instance do you tell them how to proceed. That's his business. On the same basis you should select your tailor, because of his knowledge of workmanship, materials and proper style and his exceptional skill in combining the three.

Lowitz & Sons, who have been the leaders in fine tailoring in this section of the country for over 35 years and thoroughly understand every detail of high class tailoring needs, have performed this trust with exactness. They dress their patrons beyond reproach.

If you are not already a patron of the well known house, one trial will convince you of what a difference there is in clothes.

No more costly than inferior or imitation tailoring, but far more appealing in every feature.

As to fabrics, you have the advantage of making your selection out of an immense stock of fine woolsens such as shown only by recognized first class tailors.
