

LOVELY AUTUMN AT VINCENNES

People Sleeping Under Blankets and Sitting Around the Stove When May Becomes a Fall Month.

AIRY CORRESPONDENCE

Prophets Who Predicted an Early Spring for This Year Can't Now be Found Anyplace.

VINCENNES, May 5.—Although this is the 5th month of the year, the stove feels good these cool mornings, and it is not uncomfortable to sleep under warm blankets yet, and a good deal of other covering.

It has been frosting for several nights, but no material damage can be noticed from it yet. The last two freezing storms so froze the leaves on almost all the trees that it makes it look somewhat like the fall of the year instead of the month of May.

What about those prophets that predict an early spring when we have an earlier than last, taking everything into consideration. Anyway, the writer has not "taken them off" yet, and he doesn't intend to until about June 1 and he advises all people to do the same.

That was a big down pour on last Sunday night, and was a good cleanser of the earth, for the volumes of water that came down and covered the earth washed away a good deal of impurities that had accumulated during the last winter.

The small grain needed it, and if we can only have warmer weather from this on it will make rapid advancement.

The rye has commenced to head out; the oats have got a good start, and the wheat is coming right along, but here like all other places in this section of the country, the garden truck got a set back from the last freezing spells.

Mr. and Mrs. Jacob Lind made a trip to Keokuk on last Tuesday, Mrs. Lind going to do some spring shopping.

The Christian Endeavor of Melrose will hold one of their monthly socials at the residence of Andrew Olsson on Friday, May 6.

It is the custom of this association to hold a social monthly at one of the members' homes, and it falls this time to Mr. and Mrs. Andrew Olsson.

Robert Deer has been rebuilding his residence in Vincennes, and when he gets it completed it will look very nice and be an ornament to our little city.

Edward Meister has built a fine porch to his residence and it makes his substantial residence look very neat.

Ed. Sargent is painting and papering

FROM A WOMAN IN KANSAS CITY

Who Feels It Her Duty to Tell Other Women of the Treatment That Cured Her and Her Daughter.

As a woman's health is dependent upon the condition of the blood, every mother, who fails to regain her strength after childbirth, should hasten her return to health and save herself from years of unnecessary suffering, by giving Dr. Williams' Pink Pills a thorough trial.

Mrs. Etta Estes, of No. 333 South Lawrence street, Kansas City, Mo., received such great help from the use of Dr. Williams' Pink Pills that she feels it her duty to give them her hearty recommendation.

"After my baby was born", she says, "I did not gain in strength as I should have. I was generally run down. I had trembling spells so that I could hardly walk across the floor. It seemed as though I was going to fall. I did not have any color and kept losing in flesh until I was almost a skeleton. I had severe headaches and pains in the side, arms and shoulders. I was unable to do my housework."

"I grew worse under the doctor's treatment and finally gave it up in order to try Dr. Williams' Pink Pills. The pills helped me immediately and I became stronger each day. I was soon able to do my work and am now in the best of health. I have since given Dr. Williams' Pink Pills to my daughter for poor blood and severe pains in the side. After a short trial she was restored to health. I am convinced that Dr. Williams' Pink Pills will do all that is claimed for them and advise any woman who is suffering as I did, to take Dr. Williams' Pink Pills at once and not wait another day."

As most of the diseases from which women suffer are directly caused by a lack of blood, Dr. Williams' Pink Pills have been found unequalled in the treatment of anemia, green sickness, delayed development, leucorrhoea and all irregularities arising from impure or watery blood and weak nerves.

Every mother should have our booklets, "Pain Talks to Women" and "Care of the Baby," which will be sent free upon postal card request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

his residence on Walnut Bluff farm, and intends to build a new barn this coming fall. In fact, he is doing a lot of repair work this spring on his farm.

Mr. Wesley Johnson, who built an addition to his house, has it completed, and has the painting done. Roswell Case, Vincennes painter, has been doing the work.

There has been and will be a good deal of rebuilding and repairing done in this section of the country this spring and summer.

Rumor has it that Dr. James R. Wedel has sold out and intends to move to Keokuk. We are very sorry Dr. Wedel has sold out and intends leaving Vincennes, for he is a very fine physician and we hate to lose him. He has practiced in Vincennes for a great many years and has been eminently successful. But we are glad for one thing, that he is not going to leave the state, and even if he goes to Keokuk he will not be clear out of our reach.

The doctor is able to hold his own

with any of the city doctors and in many consultations upon serious cases he has proven his diagnosis to be correct and the city physicians were wrong. Dr. Stroussler takes his place. Here's luck to you, doctor, and may success and happiness go with you, wherever you may go.

Thomas Ganley, foreman of the Rock island yards in Keokuk, came out to Vincennes last Sunday and spent a quiet day in our little burg. He came out on his car, and says he don't want to come again, as the wind, when it blows makes it too hard to work.

Albert Jackson, who has been working on the Sand Prairie section of the Rock Island, off and on for a number of years, under Section Foreman Dan McCarty, has been given the position of foreman on that road at Sugar Creek, and we understand is making good. That is a hard section to keep up and it makes anyone hustle to do the work and keep everything in the proper shape. Mr. Jackson is an honest, hard-working man and we wish for him success in his new undertaking.

Miss Mary Ganley spent Sunday with the family of her brother, James Ganley.

Werd Newberry, who is the day operator of the Santa Fe at Argyle, has become quite an expert in the repairing of watches and jewelry of all kind. While he is off his trick he is busily engaged in the repair work, and on the side makes a good deal of money outside of his railroad work.

The writer had a very pleasant visit at the little city of Argyle one day last week, and he could not help noticing what a great railroad system the Santa Fe is, practically double track from Chicago to Kansas City. The block system, with electric signals almost the entire way. The operator can sit in his office and work the signal's up and down the line by the mere adjustment of a lever.

Christ Nelson of Argyle has rebuilt his residence about one and one-half miles northwest of that place, and by this improvement his farm has been greatly enhanced thereby.

Mrs. James Newberry is painting her residence about one-half mile west of Argyle and the new coat of paint makes it look fine.

We have not had the pleasure of seeing Halley's comet yet. No, not us. This idea of getting up at 3 a. m. in the morning just to see something that looks like a "sun dog," does not appeal to our astronomical imagination.

Our astronomical bump is not developed enough to make us loose any sleep or get up early these mornings just to see a comet, and then it seems funny that if this comet can only come to see us once in seventy-five years, that he could come back and make his appearance at a more convenient time in the morning.

Some people say that this furry monster is causing all this disagreeable cold weather. If he is hot, why don't we have hot weather instead of cold?

Sand Prairie or Vincennes has a great reputation as a watermelon and sweet potato market and a good many acres will be put out this year, but the cold weather has put them back a good deal.

Mr. Mescheisen of Keokuk, who is teaching the Vincennes school, is having a very successful term. He taught the school last winter and the directors thought enough of his services so that they hired him to teach the spring term.

John Lapsley, who formerly lived at Farmington, was in this vicinity buying cattle last week. Mr. Lapsley has been in the business for a good many years and is a success at it.

Roy Bartholomew, who lived last year on the O. G. Sargent farm at Connabes, but has moved out to a farm about three and one-half miles southwest of Hamilton, Ill., was in this vicinity last week.

He came over and bought a horse from Jake Lind. A good many sales of horses are taking place almost every day and good horses bring good prices, too—from \$150 to \$200 and \$225 apiece.

One of the Gate City's representatives was going over the Vincennes rural route last Wednesday and Thursday and your correspondent had a very pleasant conversation with him.

Nothing is finer than every day to go out to your mail box and take out the good old Gate City, and get the news from all over the world. The general makeup of the paper is fine, but we especially like the editorial, of Dr. Moorhead.

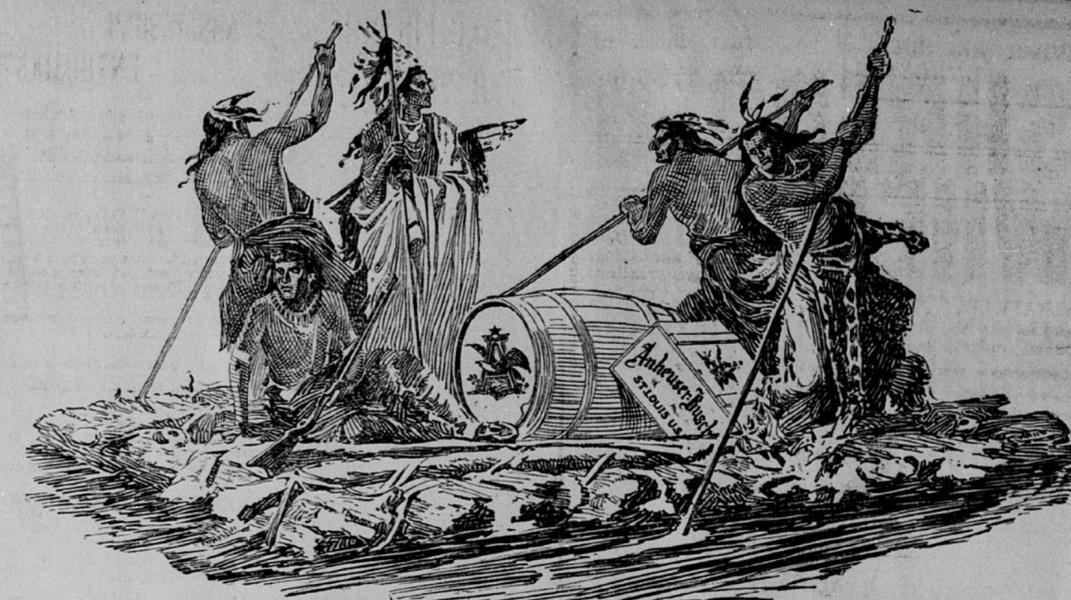

What a wonderful stir-up one man can make all over the world, and that an American. Teddy makes the kings and queens of the old world sit up and

Hay's Hair Health

REFUSE ALL SUBSTITUTES.

For Sale by WILKINSON & CO. and J. F. KIEDAISCH & SON.

BUDWEISER

"The Chief of All"

Just as the American Indian chose his chieftain for deeds of valor in war, and wisdom in times of peace, So has Budweiser, because of its Quality and Purity, been chosen by the American of today the Chief of all bottled beers.

Bottled only at the Anheuser-Busch Brewery J. F. Daugherty & Co. Distributors Keokuk, Iowa St. Louis, U. S. A.

FOLEY'S KIDNEY PILLS

for backache, rheumatism, kidney or bladder trouble, and urinary irregularities. Foley's Kidney Pills purify the blood, restore lost vitality and vigor. Refuse substitutes. FOR SALE BY WILKINSON & CO. AND J. F. KIEDAISCH & SONS.

take notice, and no crowned head has been more honored than he. And it seems wonderful what one man can do and accomplish. Thousands and millions die unwept and ununged, and are never heard of, while one man and his doings are known all over the great globe. Such a man is Theodore Roosevelt. Great will be the day when Teddy "comes marching home."

How to Cure Eczema, Pimples, and Dandruff.

We desire to say that when we took the agency for ZEMO, we were convinced that it was a valuable remedy for Eczema, pimples and dandruff. Yet, we must frankly admit that ZEMO has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as ZEMO has given splendid results wherever recommended. Our customers like ZEMO too, because it is a clean vegetable liquid for external use.

ZEMO effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase, we give a booklet on skin diseases explaining in simple words how any person can be cured at home of any form of skin or scalp diseases by this clean, scientific remedy.

O. W. ELLSWORTH, Druggist.

Robert Noonan, who attended Business College in Burlington, Iowa returned home Tuesday evening for the summer.

Mr. and Mrs. George Cloud of Montrose spent Thursday afternoon at the Morris Johnson home.

Mr. and Mrs. S. P. Johnson were Keokuk callers Friday.

Charles Driscoll of Burlington enjoyed a visit with home folks Sunday.

Mr. and Mrs. James Harrington and children of Keokuk are spending a few days of this week with Mr. T. J. Harrington and family.

Mr. and Mrs. John Noonan attended the graduating exercises at Montrose Friday evening.

Mrs. Mary Hamlin and little granddaughter of Keokuk spent several days of last week with Mrs. R. J. Hilton.

Mrs. T. W. Noonan and daughter, Mrs. John Minter, were shopping in Keokuk Saturday.

Messrs. Glenn Osburn, Virgil Hemingway and John Johnson were in Montrose Tuesday.

Thursday night, report an enjoyable time, those present from out of town being Misses Alice Noonan, Mabel and Blanche Osburn and Pearl Silvis, Gerlie, Mary and Jennie Johnson, Messrs. George Hemmingway, Rhoda Driscoll, Orison Silvers, William, Fred and Lambert Johnson.

Miss Ethel Singer of Montrose made a brief call at the Hemingway home Tuesday.

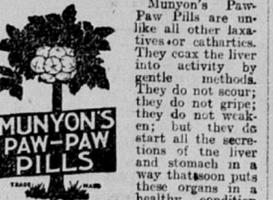

William Johnson is having some dental work done in Keokuk this week.

Foley Kidney Pills contain concentrated form ingredients of established therapeutic value for the relief and cure of all kidney and bladder ailments. Wilkinson & Co., and J. F. Kiedaisch & Son.

Flattering!

Women, according to a German philosopher, are the poetry of the world, in the same sense as the stars are the poetry of heaven. Clear, light giving, harmonious, they are terrestrial planets that rule the destinies of mankind.—Woman's Life.

CONSTIPATION MUNYON'S PAW-PAW PILLS

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by the gentlest method. They do not scour; they do not gripe; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation.

In my opinion constipation is responsible for most ailments. There are thirty-two feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produces rheumatism and kidney ailments. No woman who suffers with constipation or any liver complaint can expect to have a clear complexion, or enjoy good health.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weakening; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it.

These pills contain no calomel, no dope, they are soothing, healing and stimulating. They school the bowels to act without physic. Price 25 cents.

W. JOHNSON QUINN, Prop.

A Clear Brain and healthy body are essential for success. Business men, teachers, students, housewives, and other workers say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half a million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

DR. PIERCE'S FAVORITE PRESCRIPTION Makes Weak Women Strong, Sick Women Well.

Keep Your Eye on the Burlington's New Main Line Through Central Wyoming The Big Horn Basin

is now so well started on its great wealth producing era that it not only appeals to farmers looking for new lands upon which to establish new homes under most favorable conditions, but appeals as well to the investor, who wants to turn his money quickly, and to the Business Man, Professional Man, Mine Operator and Manufacturer in new towns that are springing up like magic and where raw material in plenty can be handed at a profit.
