

NEW SUITS IN DISTRICT COURT

Today is Last Day For Filing for May Term and Docket Will Be Made Up For Coming Session.

TWO DAMAGE SUITS

One is Against Powder Works Company and the Other Against a Farmer Near Here, One Wants \$5,000.

John H. Cashman, by his father and next friend, J. D. Cashman, has brought suit in the district court against the E. I. DuPont de Nemours Company for \$1,950 damages, because of an accident more than a year ago at the powder works.

It is alleged that during the year 1908 John H. Cashman was in the employ of the defendant corporation, and that on December 31 of that year he was engaged in sanding and operating what is known as a heading or cutting machine, in the plant of said defendant; that the said machine is propelled by power and is composed of knives and plates and used for the purpose of cutting out of steel, or sheet iron, heads for powder kegs or cans; that the machine was a dangerous one to operate and from frequent use and want of repair, had got into such a condition that a jar, or slight movement, would start it in motion; that said minor, John H. Cashman, was not aware of the fact that the machine was out of repair, and while engaged in operating it, the machine was jarred into gear, started revolving and cut off a portion of the palm of his right hand, the little finger of the right hand, and permanently crippled the ring finger.

The petition represents that the injuries were received through the fault and carelessness of the defendant, and that the injury is of a permanent character.

Kicked by Mare.

William R. Crall has brought suit against Philip Doyle for \$5,000 damages. The plaintiff states that he was kicked by a vicious and unbroken mare while in the employ of the defendant, while on the latter's farm, March 27, 1910. His injuries from the accident consisted of two broken bones in his left arm and a deep hole in his left hip or thigh.

Suit to Establish Title.

Charles F. Buss and Julia H. Buss have brought suit against Rev. R. C. McIlwain, C. J. Carr and A. B. Carr, asking for a judgment and decree establishing their title in and to a part of lot 9, block 94, and also of lot 11 and lot 12, in block 133; and also decreeing the said conveyances to said McIlwain to be a mortgage and establishing and enforcing the right to a reconveyance to them of said property by the defendants or cancelling the said conveyances to the respective defendants upon the payment of the indebtedness; that upon the repayment to said McIlwain in redemption of the property, the title to it be quieted in the plaintiffs' names.

Wants a Divorce.

Setting forth cruel and inhuman treatment as the statutory grounds, William A. Frye has brought suit for divorce against Crystal Viola Frye. He alleges that his wife has falsely accused him of improper acts, at times refusing to talk with him or do ordinary household duties; at times striking him in the face and attempting to strike him with an iron poker. They were married on October 24, 1905. The defendant's maiden name was Crystal Viola Teabean.

Jesse E. Baker has instituted an action against The Northwestern Mutual Life Insurance company, asking \$18,500 for alleged failure of the company to pay dividends on three policies held by him.

Today is the last day for filing suits for the May term of the district court, which opens here on May 23. Judge H. Bank, Jr., will preside.

Roy Allison has brought suit against Susan J. Gunn to quiet the title in his name to lots 4 and 5, block 21, town of Montrose.

DEMOCRACY IS NOT ALL SERENE

(Continued from page 1.) Porter would undoubtedly win, as Bashor was a 'weak candidate' and he (Moon) was unfortunately not generally acquainted over the state. In this way, while apparently urging his own cause, he was really doing so only in a negative way and was creating the impression that Porter was sure to win and that Bashor had no show whatever.

The friends of Mr. Bashor are very much in earnest, and very much disgusted with the tactics which they allege the so-called democratic leaders in Des Moines have adopted in their anxiety to kill off Bashor. Some of them are not inclined to think that Mr. Porter is aware of the way in which he is being used, and some say that they believe when it becomes plain to him that he is but being made a cat's paw, as they say, in the interest of a democratic-progressive-republican combination, he will withdraw from his candidacy.

They say that Mr. Bashor's position in favor of local option is the only democratic position which can be taken upon the only question involving a state issue before the people. Senator Moon, it is claimed, has urged that this question be disregarded entirely and he put the matter strongly up to Mr. Bashor in that way. Mr. Bashor, however, believes that the liquor question will not down until it is settled right and he believes the right way is by the adoption of a clear-cut local option law.

The democratic state convention is to be held in Ottumwa in July and the state committee have selected Jerry Sullivan as temporary chairman, but the friends of Mr. Bashor are protesting against this, as they express serious doubts of the genuineness of Jerry's democracy.

The charge which is made by the friends of Mr. Bashor that Jerry Sullivan and his crowd were acting as assistant republicans when Curmins was a candidate for governor four years ago, and also when he was a candidate before the primaries for United States senator against Lacey, adds a decidedly sensational feature to the campaign, and promises to develop considerable political activity among the democrats before the primary is held next month.

The Grimsley Case, After All the Testimony Has Been Handed in, is Under Advisement of the Superior Court.

MAY RECOVER PROPERTY

Mrs. Grimsley May Again Come Into Her Own, if Developments Show Up—May Receive Sentence.

All testimony in the Grimsley case is in and the matter has been taken under advisement by the court. This morning the case proved only to be a wordy contest, of legal terms between Attorneys Ballinger and Dolan.

Now that the matter is under advisement and all the testimony is in, Judge McNamara has promised that it shall receive his first attention and the decision in the case given out soon. It has been aired that a move to set aside all tax titles and return Mrs. Grimsley to her former home, as sole proprietor once more, is being contemplated. This would annul all tax titles now held by those figuring in the case and the aged woman, who has caused the litigation to remain in the supreme and lower courts for years, would come into possession of the property at Seventh and Morgan streets again.
