Delightful Short-cake Social. The number of ladies and gentlemen who attended the strawberry short-cake social at the First Christian church last evening, were entertained in a pleasing way by the June committee of the Calendar Club of the church. It is well known, through former social pleasures given by the church club which is accumulating a piano fund, that these entertainments have been greatly successful and the one last evening in charge of the ladies of the Calendar proved very enjoyable.

During the evening a splendid musical program was given by some of the city's best talent in that art, instrumental and vocal numbers making the several hours exceedingly pleasant ones. Following the program numbers, strawberry short-cake made a delectable and pleasing refreshment for the guests.

How to Cure Eczema, Pimples, and Dandruff.

We desire to say that when we took the agency for ZEMO, we were convinced that it was a valuable remedy for Eczema, pimples and dandruff. Yet, we must frankly admit that ZEMO has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as ZEMO has given splendid results wherever recommended. Our customers like ZEMO too, because it is a clean vegetable liquid for external use.

ZEMO effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

FOUGHT CATARRH FOR 20 YEARS

Here is a letter that we sincerely ask every reader of The Gate City to read. If you suffer from catarrh of any nose, throat or lung ailment, read it over twice, and then consider if you can afford to ignore a prescription with the healing virtue of Hyomel (pronounce it High-o-me): Booth's Hyomel Co., Buffalo, N. Y. Gentlemen—"I suffered terribly with catarrh in the head for twenty years, and I tried many prescriptions, but never found relief. I have used Hyomel for two weeks and find it the best preparation I have ever used for catarrh. Every cold I would catch seemed to go to my throat, and I had to use gargles for days at a time. Now when I catch a cold in the throat I use the Hyomel inhaler and this soreness disappears over night. Hyomel has put me on the good road to getting rid of my catarrh, and if you want to use this letter to publish in your advertising, do so. Perhaps it will help some other sufferer.—W. K. Engle, 703 Walnut St., Reading, Pa., Oct. 5, 1909.

PRACTICAL TEMPERANCE

Saving Men by Curing Them of the Drink Habit with the Neal Three-Day Cure.

A mother who had spent years of sorrow because of her boy drinking in writing to Senator Bruce, Atlantic, Iowa, said:

"I am so glad and happy that I want to tell everybody that I am not ashamed that my son went to the Neal Institute. It is too honorable a cause to be ashamed of. Rather pat Dr. Neal on the back and say, God bless you for having studied the liquor habit and originated a treatment that cures the drunkard. He certainly has a good cause at heart, for it calls for patience and constant thought and responsibility and his work with fallen men will do more for the cause of practical temperance than all else, for it certainly removes the appetite that leads men to drink."

(Signed) The Neal is an internal treatment, without hypodermic injections that cures the worst case of drink habit at the institute or in the home in three days.

No Cure, No Pay

It is the moral duty which every person addicted to the drink habit owes to his family, relatives, friends, society and the public, also everyone who is interested in or knows of one who is addicted to the drink habit, to call upon, write or phone the Neal Cure today for free copies of their guaranteed Bond and Contract, booklet, testimonials, endorsements and bank references, which will be cheerfully furnished. UNION'S RAP AT COMMISSIONERS

Typographical Union Passed Resolution Yesterday Afternoon Declaring It Unfriendly to Organized Labor.

UNION LABEL SQUABBLE

Mayor Elder Caused It to be Removed from City Printing, But Stands Ready to Receive Brunt of Action.

Keokuk Typographical Union No. 68 took a rap at the new commission, or rather Mayor Elder, yesterday afternoon, because of the recent order causing the union label to be removed from all city printing. The union's protest assumed a tangible form in the following resolution, which was presented and adopted:

Resolved, That it is the sense of Keokuk Typographical Union, No. 68, that we declare the commissioners of the city of Keokuk unfriendly to organized labor unless they put the union label on all city printing.

The above action will be carried to the Keokuk Trades and Labor Assembly and that body be called upon to take such action as will best further the cause of the union in Keokuk, and for the general benefit of unionism.

Early protests from the typographical union because Mayor Elder took it upon himself and arbitrarily removed the union label from all city printing, were outlined in The Gate City when the union first delved into the cause. Members of the union in connection with the action recite a little history which dates back for a number of years. They state that Mayor Elder's resolution is in direct violation with a resolution adopted by a previous council of the city and a practice that has been followed for many years. In fact, it is hard to recall when the union label was not found on all city printing. Printers of the union had the first indignation of the council's attitude when a proof sheet was returned from the city office with the union label marked out. The action was immediately noted and a committee appointed to wait upon the commissioners and present a resolution that had been adopted, protesting against the removal of the label. The union asked that the label be restored, saying at the time that the action in their estimation, was entirely uncalled for. Mayor Elder, himself, assumed the entire responsibility and declared to the union men that he did not see why the label should be on printing any more than the emblem of any other organization of the city.

The union's committee argued in support of their position, and Mayor Elder suggested that the label be placed on some of the printing, but omitted on other, so that the printing could be placed with any establishment in the city. He declared his friendliness to organized labor, but evaded direct answers to several questions put by the committee.

The Trades and Labor Assembly will now take the matter up with more force and it is difficult to predict what will result from the controversy.

TORIC LENSES

We believe every up-to-date optometrist should recommend and prescribe TORIC LENSES. They are far superior in many respects to the ordinary flat lens. They give a much larger field of vision and eliminate the annoying reflection from behind. They can be adjusted to fit much closer to the eyes without interfering with the lashes. They are especially desirable in bifocals as they give a much more direct focus through the segment and besides they are so much better in appearance. We are well prepared with up-to-date instruments and methods to fit your eyes and to fit you with TORIC LENSES. OUR WORK IS WELL KNOWN. YOU CAN TRUST IT. EIGHTEEN YEARS' EXPERIENCE.

LATE AFTERNOON BULLETINS

[By the United Press.]

SPRINGFIELD, Ill., June 3.—Six members of the general assembly were in St. Louis when Representative H. J. C. Beckemeyer received \$900 as his share of the legislative jackpot and some of them were not mentioned by White in his original confession. One member of the committee on fish and game who held out money contributed for the entire committee is known and will be called here. Full details of the manner in which the funds for the defeat of the fish bill was collected, now in the hands of the jury, will bring about the indictment of bribe givers and bribe takers. These are the principal features gained by the Sangamon county grand jury from the testimony this morning of Representative Beckemeyer, the state fish warden and two deputies. Estimates made this morning on the amount of money that went into the jackpot and the extent of its influence as revealed by Beckemeyer's testimony and the testimony of Senator Holtzlaw last week, intimate that at least \$500,000 was in the fund and probably 150 members of the general assembly were tainted.
