The Teeth of Children
are liable to quick decay unless well taken care of. There is so much candy and sweet-stuff eaten by children nowadays that the teeth are called upon to do too much work of a wrong kind. Bring your children to us at the first intimation of decaying teeth and we will point out how they can be saved. We do all kinds of Dental work reasonably.

The gathering will be one of the largest ever held.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent despondency and invigorate the whole system. Sold by Wilkinson & Co., and J. F. Kiedaisch & Son.

Senatorial Bossism.
Cedar Rapids Republican: The spectacle of a United States senator making speeches trying to defeat three Republican congressmen from his own state is something new in Iowa. Our senators have decreed the political death of all those who have not agreed with them and they seem to have the nerve to carry out their system of bossism. Was even Aldrich ever guilty of trying to exercise so much domination over the voters of his state?

Indigestion Cured

Mrs. D. H. Yowell cannot praise Duffy's Pure Malt Whiskey too highly. It completely cured her after she had suffered from indigestion for years and when nothing else did her any good. She says it is the greatest remedy in the world for all stomach troubles:
"I wish to testify to the excellent results obtained through the use of Duffy's Pure Malt Whiskey. I had suffered for years with indigestion and had tried different remedies but received very little relief, so I tried Duffy's Pure Malt Whiskey and the effect was wonderful. It is the best stomach remedy in the world. I can recommend it most highly to any one suffering from indigestion or any stomach trouble." Mrs. D. H. Yowell, 321 So. Pine St., Richmond, Va.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain. When taken at meal-time it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutrient necessary to their sustenance and indirectly to the whole system strength and vigor. It makes the old feel young and keeps the young strong and vigorous.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold in SEALED BOTTLES ONLY—never in bulk. Look for the trademark the "Old Chemist" on the label, and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet, containing testimonials and rules for health, both sent free.

RECOGNITION IN CHICAGO U. PAPER

Frederic C. Smith Writes in Interesting Way of How Keokuk is Gaining Publicity at University.

STUDENTS ARE HONORED

Miss Frances Meigs and Miss Louise Brady Both Appear in Official Publication — Also J. L. Brady.

[By Frederic C. Smith.]
CHICAGO, Ill., June 4.—It has happened at last! Keokuk has been taken cognizance of by the official publication of the University of Chicago, the "Cap and Gown." In the calendar of the year's events appears the following entries:
"December 20—Exams begin.
"December 23—Shopping and the S:49 for Keokuk."
Below these entries are cartoons of the student with suitcase and a broad smile "beating it" for home. No more, now, will the dean's clerks look at you and smile so wickedly when you register from Keokuk. No more will the loyal sons or proud daughters of the "Gate City" feel the shafts of the so-called witty man who tenderly inquires if Keokuk is the name of Blanche Ring's new opera or if it's a new kind of manicure polish used and recommended by the Cubs. Never again will the proud appellation of the great Indian chief be dragged in the mire of scorn by commuters who tell in whispered tones that they come from Berwyn, Greggs, Clarendon Hills, La Vergne, and where under the sun not, but register Chicago, "don't you know." For Keokuk has been recognized by the editors of this publication of the student body. Why, it's almost as good as being put into "Who's Who."
Pictures of Keokukians.
This issue of the "Cap and Gown" contains hundreds of photographs and snapshots of student organizations and campus spots familiar to the students. In these pictures are seen the faces of several of the Keokuk students who are attending the university.
Miss Frances Meigs, daughter of Major M. Meigs, and Miss Louise Brady, daughter of Superintendent Brady of the DuPont powder mills at Moor, both appear in the picture of the "Quadrangles." This is a girls' sorority of which Miss Meigs is a member and to which Miss Brady is pledged.
In the medical department of the book, Mr. John LeBrun Laidy's picture appears as secretary-treasurer of the Freshmen medicals. His picture also appears in the group picture of the Nu Sigma Nu fraternity, Kappa chapter. In this same picture is one of Frederick Wahner of Fort Madison who is also a "Frosh Medic."

YOUNG TRAMP WAS BOLD ONE

Young Fellow Who Gave His Name as Armstrong Locked Up in the County Jail for His Rash Proposals.

INSULTED GALLAND LADY

Accosted Mrs. Arthur Graham of That Place Friday Morning and was Chased by Her Townsmen.

W. L. Armstrong, the young tramp who frightened Mrs. Arthur Graham of Galland on Friday morning, is now in the county jail, and will probably remain there a year, unless some of his relatives from Indiana or elsewhere, furnish bond for his parole. Armstrong is the twenty-one year old tramp arrested by Deputy Marshal John Pearson at the White Ice House Friday afternoon, a short time after he had approached Mrs. Graham, a resident of Galland, and well known in this vicinity, coming from one of the section's best families. The story of his actions and his degrading proposals to the fisherman's wife is well known by this time.
Armstrong was committed to the county jail on the charge of vagrancy and intimidation by a tramp and on the charge and amount of bond which will have to be furnished before he can be released, he is probably good for twelve months if relatives do not help him out of his troubles.

Ruse Didn't Work.

After approaching Mrs. Graham on Friday morning shortly after eleven o'clock and being frightened away by some one putting in an appearance just at the time he had approached the woman, Armstrong removed his shirt after running away some distance over the hills in that locality. He then changed the brown trousers beneath the blue ones which he wore and again started down the road. Several of the neighbors being aroused by Mrs. Graham gave chase to the tramp but he dodged into the woods and was lost for a short time. The irate husband on being informed of the occurrence, set out in a buggy and all but overtook Armstrong. He came to the place near the white ice house where Deputy Marshal John Pearson had concealed himself and was in waiting. Deputy Pearson awaited a short time longer and Armstrong walked down the canal road and into the clutches of the law.

The Conservation of Nature's Resources.

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I., realized his condition and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late. Wilkinson & Co.

KEOKUK FISHERS HAVE PEACHY TIME

Fishing in Lake Lida is Excellent Just Now, 120 Pike Having Been Caught Last of Week.

Captain Decker, James Cameron, Sr., and Charles Kirch are having the fishing time of their lives in Lake Lida, Minn. Emilie Renaud received a telegram from one of the party of Keokuk and Kahoka fishers, from "Jack" yesterday stating that on Thursday last "an immense lot of pike had been caught in Lake Lida." The lake is up in Minnesota, where each year a number of local fishermen who can afford a few weeks vacation, tie themselves with pole and line and fish, fish, fish for that length of time without a pause, rain not counting.
The telegram received yesterday by Mr. Renaud, who will in all probability go up tomorrow evening, read as follows: "Our bunch caught 120 fine pike yesterday. Come up, Jack."
