

### HAMILTON ENJOYS BUILDING BOOM

Many Improvements Are Being Made—Twenty-One Homes Under Construction and Several Miles of Cement Walk to be Laid.

### HAMILTON NEWS NOTES

A Few of the Many Happenings of Interest That Have Taken Place During the Last Few Days.

A stranger going over the residence district of Hamilton after a year's absence could very easily believe that he was in one of the towns of rapid growth in the west. Improve is the watchword and many are the new improvements being made. A firm of Keokuk contractors have been awarded the contract for the Odd Fellows' new \$15,000 building and they will start work immediately. The building is to be of brick, two stories and a basement. The lower floor will be divided into store rooms and the second floor will be used as the lodge home. In the residence district many new homes are being built. The Hamilton Realty and Improvement company is building nine residences on their additions. The following is a partial list of the homes being built by Hamilton people at the present time: Mrs. Osborne, George Dennison, Maurice Dandant, John Elder, George Cooper, Ira Guy, Earl Rayburn, W. A. Rayburn, Oscar Johnson, B. O. Outhier, George Kinkade, C. O. Dickinson and the nine being constructed on the O'Hara additions. The old engine house will soon be occupied by the branch of the Irwin-Phillips garment factory as the owners expect to have everything in full running order by July 11. The contract for 12,000 feet of cement walk has been let to John Bland, who will begin work at once. In addition to this last contract, Bland has the contract for two miles of cement walks in O'Hara's addition.

**Hard Time Social.** The ladies of the Social Circle have planned a unique affair for this evening to be given in the basement of the M. E. church. The affair is in the nature of a hard time social and all in attendance are expected to come in hard times attire. Any evidence of prosperity will be noted and a fine assessed on the offender. The committee has arranged an interesting program and will serve refreshments.

**News Notes.** Carl Miller and Charles Hull, formerly of Hamilton, but at present located in Springfield, were in the city

### WORTH WEIGHT IN GOLD

Lady Learned About Cardui, The Woman's Tonic and is Now Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all you claim for it, and more," writes Mrs. M. E. Rail, of this place. "I was a great sufferer for 2 years and was very weak, but I learned about Cardui, and decided to try it. Now I am in perfect health. "My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she enjoys good health. "Cardui is worth its weight in gold. I recommend it for young and old." Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action, Cardui is the best medicine for weak, sick girls and women. It has no harsh, powerful, near-poisonous action, like some of the strong minerals and drugs, but helps nature to perform a cure in a natural easy way. Try Cardui.

Wednesday and Thursday visiting friends and relatives.

Fred Thomas left Thursday evening for a short visit with relatives in Carthage. Russell Forq of Chicago, who is visiting at the Thomas home, accompanied Fred.

Clifton O'Hara was down from Carthage on business Thursday. The German Lutheran church of Keokuk enjoyed a picnic in Hamilton Thursday.

The one-legged deaf man who was around the streets for the last few days, met with an accident at the depot. In walking along the platform the crutch on his injured side slipped through a crack and broke off, throwing the injured man onto the platform. With the help of some of the people near and some string the damage was repaired enough to allow the man to proceed east on the Wabash.

S. R. Parker was in Hamilton Thursday, going to his home in Carthage Thursday afternoon.

Mr. De Lois Cowdry, who died in Tennessee, was a former Hamiltonian, leaving here a few years ago. He will be remembered by many of the citizens.

Mrs. Ray Smulling entertained the Social Circle at her home on Walnut street Wednesday afternoon. Refreshments were served and a good social time enjoyed by all the members present.

Miss Hazel Russell is visiting relatives and friends in Alexis.

Mrs. Rhoda Ewing and Mrs. Clara Frank have returned to their home in Quincy, after a week's visit with relatives and friends.

Sam Chestnut of Keokuk was a business caller Thursday. The grading for the water power switch is finished up to the street car

tracks and the work of laying the rails will begin soon.

### The Conservation of Nature's Resources.

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I., realized his condition and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late. Wilkinson & Co.

**\$100 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure acts internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### STILL TICKLED OVER THE RESULT

"Is Everybody Happy?" is the Cry of the Stalwarts from Iowa at Washington.

WASHINGTON, June 10.—Members of the republican congressional committee can not see anything but a sweeping victory in Iowa. Today they rejoiced over the fact that the state convention would be controlled by the stalwart faction, which, in their estimation, clinches the victory. "The insurgents in fact have but one thing to harp on and that is the nomination of Judge Prouty over Representative Hull, but they forget that Prouty has been after Hull for eight years and finally overcame his lead. That was a purely personal contest," said a leading republican member. "The republican party will control the state convention and will endorse Taft and the administration. Already we are sure of six out of the eleven districts in the convention and may have more. We are now preparing to welcome Judge Walter I. Smith." Former Representative Lacy of Iowa, one of the many callers at the white house, was pleased with the outcome of the republican primaries in Iowa. He has been one of the leaders of the standpatners in Iowa and for years a bull's-eye for the Cummins marksmen. "We have won a great victory in Iowa," he said. "And we are now in a fair way to rid ourselves of the domination of the United States senators who undertake to dictate to the people of the state from Washington. Advice is that we will control six of the eleven congressional districts and have full control of the coming state convention and the state organization."

**Value of Ambidexterity.** As a matter of fact, ambidexterity is necessary in several professions and occupations. Surgery and piano playing may be given as examples. Many military authorities are strongly in favor of teaching soldiers to be ambidextrous in the use of the pistol, lance and sword.

## Rogers Silver Spoon FREE

### With "Whiz" King of all Cleansers

See Coupon in Can of "Whiz"

There is placed in every can of "Whiz" a coupon which will tell you how to obtain a Rogers Silver Spoon, free of advertising, of a beautiful carnation design with a French gray finish.

### Pans or Hands

Ever heard of a hand or scouring soap combined—a soap that will cleanse a greasy, grimy pan or sink and at the same time keep your hands soft and smooth and white?

### "Whiz" Will Do It

More—"Whiz" is a mighty good bath soap—nothing strong or harsh in it—no free alkali—that is positively guaranteed—and it lathers furiously in hard, soft or any kind of water.

### "Whiz" Removes Stains

Soak your hands in a barrel of paint—rub the paint into the pores, or do the same thing with ink, tar or any grease or grime—rub on "Whiz"—add a little water and see the stains absorbed by the lather. Note how "Whiz" gets down into the pores and cracks. See how soft it leaves the skin.

"Whiz" Everything.

Take sour, soapy kitchen utensils—rub on "Whiz"—result—time, labor, patience saved; less elbow grease, cleaner pans; pure, fresh, sanitary.

### It Is Antiseptic.

Doctors use "Whiz" for cleaning instruments, then on their hands after operations. If it was not thoroughly antiseptic, mild and a good hand soap, they wouldn't dare take the chances. A physician knows a good soap when he keeps on using it—well, that is a pretty strong recommendation.

### Get "Whiz"

Your Grocer, druggist or hardware dealer should have "Whiz," if he hasn't he can obtain it for you from his jobber.

Insist on getting "Whiz," for it will make the heavy work of cleaning your pans, pots, sinks, bathroom, disappear and brings a pleasant smile on account of the easiness with which "Whiz" removes the dirt—grease—Grime—etc.

For your hands and bath there is nothing finer than "Whiz"—try it.

Just apply a little "Whiz"—add water—rub—rinse—and—

## THE WORLD'S MARKETS

Furnished by James E. Bennett & Co., Members Chicago Board of Trade and St. Louis Merchants' Exchange

**Daily Grain Letter.** CHICAGO, Ill., June 10.—Wheat—Argentine shipments: 1,104,000; Australian, 280,000. Weather map generally satisfactory, except that rains and low temperatures are keeping the new crop backward. Harvest will be late and with the stocks of old wheat run down, July congection and higher prices for this delivery seem very certain. Aside from the influence of July there is nothing that is essentially bullish on September wheat.

**Corn.**—Argentine shipments, 782,000. Rains and cool weather in all directions continue to interfere with the advancement of the new crop. Replanting reports are numerous. The crop is getting a very poor start and it is highly probable that the acreage will be far below normal. With farmers holding on to old corn and a big short interest in the local pit, prices could easily be advanced to a considerably higher level.

**Oats.**—Continued and cool weather are delaying maturing of the new crop, which condition is likely to be an important factor in the July delivery. There is a strong prospect that the ultimate oat harvest will be a big one but the bearish features have been discounted to a considerable extent in the price.
