 —C. F. Conradt, city ticket agent for the "Burlington" road, favored The Gate City today with a copy of an interesting book issued by the Chicago Association of Commerce.  —A smoldering fire in a large pile of coal near the furnace room of the Keokuk Canning company, corner of Seventh and Johnson streets, which might have entailed a several thousand dollar loss, was discovered Sunday night about 10 o'clock and proper steps were taken to protect the property. W. J. Fulton, general manager, notified Fire Chief Anderson, who went to the Canning company with several men. The fire was deep down in the pile of coal and was burning slowly. It had started from spontaneous combustion. Little could be done from a fireman's standpoint, and a man was placed to watch over it until this morning, when the coal was shoveled out to a safe place. Fire Chief Anderson regards the discovery as a fortunate one. The pile of coal was of sufficient dimensions to cause quite a blaze had it been given a chance to kindle far enough.  
 —Children, 10c, adults 20c, reserved seats 5c extra, at Keokuk's big Air Dome.
