

PORTER MADE NOISE LIKE A GOVERNOR BUT CARROLL HAS GOT THE VOTES

Latest News is That Present State Executive Will Occupy the Chair For His Second Term

SOME MORE FIGURES ON THE ELECTION

Entire State Republican Ticket Has Been Elected, But Democrats Have Won One Congressman

DES MOINES, Iowa, Nov. 10.—As indicated by the returns the river counties and other democratic strongholds failed to roll up the required majority for Claude R. Porter, democratic candidate for governor, and there is no reason to doubt Gov. B. F. Carroll has been re-elected.

Unofficial returns from eighty-four counties give Carroll an estimated majority of 10,859. There are sixteen counties missing, four of which, Chickasha, Allamakee, Howard and Keokuk, are almost certain to go democratic. The first three are nominally democratic. Republican leaders estimate that there is not a sufficient majority in these four counties to wipe out the indicated lead of Gov. Carroll. The democrats claimed the election of Porter on the basis of the first 235 precincts, which indicated that he would have about 25,000. The returns by counties gave a different aspect to the estimates on precincts.

Senatorial Vacancy Bobs Up.

With the probable election of Carroll, politicians are again discussing the senatorial vacancy caused by the death of Senator Dolliver. Gov. Carroll having stated that he would appoint his successor immediately after election. In connection with the senatorship, the Sioux City Tribune, John C. Kelly's paper, in an editorial brought out Congressman E. H. Hubbard, who is regarded as the pioneer progressive of Iowa, and who was returned to congress from his district by a majority of 5,000, as a candidate. In the same editorial Senator Cummins is suggested as presidential timber.

Gov. Carroll has long had senatorial aspirations and it is believed by politicians that he will appoint some wheelhorse of the party until the legislature can elect in January, with the understanding that he be not a candidate before that body. This will give the governor a chance before the legislature. In this connection W. P. Hepburn, John F. Lacey and George D. Perkins have been mentioned.

Two Democratic Congressmen.

The legislature, however, will be progressive if returns up to date are an indication, and an effort will be made among progressives to agree upon a candidate. Among the progressives mentioned are Harry Ingham, editor of the Register and Leader; Senator Smith, Senator Funk, Attorney General H. W. Byers, Warren Garst and others.

Late returns indicate there is little doubt that the democrats have elected congressmen in two districts. Pepper is conceded to be elected in the Second, and it is believed that D. D. Murphy (dem.) has defeated G. N. Haugen, the present incumbent, in the Fourth. The result in the Sixth is very close. The other districts went republican. Walter I. Smith's majority in the Ninth has been cut to less than 1,500.

The entire republican state ticket has been elected, although the majority of Thorne, candidate for railroad commissioner, and George Gosson, candidate for attorney general, were reduced because of opposition by the railroads and the liberal element in the state.

Porter Admits Defeat.

CENTERVILLE, Iowa, Nov. 10.—Congratulatory telegrams poured in on Claude Porter during the afternoon, and plans were in progress for a big jollification last night when disquieting returns began arriving and during the evening Porter conceded his defeat by 4,000.

DES MOINES, Nov. 10.—On the face of returns from eighty-eight counties Governor Carroll has been re-elected governor by a plurality of 13,450 over Claude R. Porter.

It is believed by the governor's friends that the plurality will increase to 15,000.

Mr. Porter at Centerville yesterday

ninety-nine, show republicans elected nine congressmen and the entire state ticket, headed by Governor Carroll. The latter's plurality is probably 15,000.

The Ohio legislature is democratic. Governor Hammon's plurality for governor is 98,000.

Hitchcock won the senatorial, and Aldrich, republican, the gubernatorial race in Nebraska.

Haugen Also Wins.

DES MOINES, Nov. 10.—The latest returns indicate that Carroll is elected by about 15,000. All the state republican officers are elected. The Fourth district has gone for Haugen, republican, by about 100.

ST. LOUIS, Nov. 10.—Late returns show the election of twelve democrats and four republicans to congress from Missouri.

PITTSBURG, Nov. 10.—Tener, republican, is elected governor by 35,000.

CHEYENNE, Wyo., Nov. 10.—Late returns show the election of the entire republican state ticket.

SEATTLE, Nov. 10.—The women of Washington have named Nov. 24 as a Thanksgiving day to celebrate the carrying of the suffrage amendment.

Kennedy's Good Showing.

BURLINGTON, Nov. 10.—Practically complete returns from the First Iowa district give Kennedy a majority of 2,161. Louisa county is the banner one of the group having given Kennedy 844 majority. Des Moines, however, deserves the ribbon. It gave him a gain of nearly two thousand votes, it having given Tracy nearly 1,600 plurality two years ago.

The only county carried by Pollard was Lee, his home county, which gave him 639 majority.

Democratic Congress.

CHICAGO, Nov. 10.—Complete returns from the election of representatives in congress indicates that the democrats will have a working majority of 29 in the next house. The number of democrats elected to congress, according to the latest returns, which are of an unofficial character, is 225. The republican representation will be 164 or 165 or eight seats less than the democrats now have in the sixty-first congress.

Late returns from the 11th Pennsylvania district indicates that C. C. Bowman, republican, is elected, removing this district from the doubtful list, but the 12th district in Pennsylvania, normally republican, is still doubtful.

Confidence is not felt in the returns from some of the Wisconsin districts, and it is not improbable that the official figures will change the totals of the two parties. The Fifth Wisconsin district is claimed by Victor L. Berger, socialist, but Henry P. Cochems, the republican candidate, does not concede Berger's election and a recount may be necessary.

Notable in the New York vote is the gain of the socialist vote, not only in the cities, but in the outlying districts.

In Washington, woman suffrage carried the state, and in a number of sections where the question was up local option shows gains.

Missouri, however, voted against the "dry" proposition.

The republicans of Chicago and Cook county find a grain of comfort in one candidate saved from the entire list—Probate Judge Charles S. Cutting.

The general results are likely to be maintained by the final official counts.

Complete (unofficial) returns give Robert E. Lee, democrat, a majority of 55 over Robert D. Heaton, republican, in the 12th Pennsylvania district.

The probability is that Governor Stubbs of Kansas, plurality will exceed ten thousand.

The election of Whiteacre in the 18th Ohio district, increases the democratic total, and the democratic gain by one.

For the first time in thirteen years the democrats control every branch in the Indiana state government two United States senators, and all but one member of the congressional delegation.

The Nevada legislature passes from doubtful to republican.

Oswald West, democrat, is leading Jay Bowerman, republican, for the Oregon governorship.

Lee Cruce for governor, and the remainder of the democratic state ticket are elected in Oklahoma.

Judge Alton B. Parker is prominent as a successor to Senator Dewey as a result of the New York democratic victory.

The republicans are assured of 17 new United States senators which with thirty-four hold-overs, gives them a total of fifty-one. The democrats are assured of fifteen new senators, which with twenty-five hold-overs, gives them a total of forty. One senatorship is still in doubt—in Montana. There is prospect of a tie.

The governorship of Idaho is not yet beyond doubt.

Colorado went democratic and John F. Shafrath was re-elected governor. Complete returns show the socialists polled an unusually heavy vote in many parts of Pennsylvania.

JAKE NOBLE KILLS ANOTHER

Borrows Pistol and Sends a Bullet Through the Heart of the Jailer While Working Along the Street.

IS A DESPERATE MAN

Escaped After the Murder and Says His Captor Should Bring Two Coffins Along in the Search.

JACKSON, Ky., Nov. 10.—Jailer Wesley Turner, the second Breathitt county official to meet his death at the hands of Jake Noble, was shot and killed by the latter on the street near the jail building.

Noble, it is reported, made the second trip to the jail before he could induce Turner to go out on the street with him. Noble proposed that they go down to his house and get a drink of whisky, but Turner, who by this time seemed to realize something of Noble's purpose, declined to go with him.

Just as he started to turn away from Noble, two young men, Percy Crawford and Harrison Hall, came along, and the men walked together. At this time hundreds of shots were being fired all over town in celebration of the victory of the republicans carrying Breathitt county. Noble asked Percy Crawford for his pistol, and Crawford, thinking that Noble merely wished to join the celebration by firing in the ground, handed him his pistol.

As soon as Noble got hold of the pistol he wheeled and fired upon Turner, the first bullet striking under one arm, went directly through his heart and came out under the other arm. As he started to fall Noble shot him a second time, this bullet taking effect in the shoulder. Noble then turned and ran across the Kentucky river bridge to South Jackson and is supposed to have struck the road to Lost Creek.

Shortly after daylight Noble met a traveler coming to Jackson and informed him that he had killed a man there and told him to tell the authorities at Jackson that if they sent any officer after him to have him bring two coffins, one for the officer and one for himself. It is the firm belief here that Noble will not be taken alive, as he is known to be a desperate man.

Wesley is the fourth man now known to have been killed by Noble. No motive for Turner's assassination has been discovered, except that the jailer compelled Noble to give up a razor which he had managed to secure when he was confined in jail last winter.

Turner was elected jailer of Breathitt county last fall.

Turner is the third man to be assassinated at this place within three months. Turner's friends and relatives have offered a reward for the arrest of Noble.

MAKE WAY FOR SOCIALISM

Party Has Polled the Third Heaviest Vote in the Country and Continues to Grow.

WILL SOON BE IN POWER

Defeated Candidate on That Ticket Predicts That His Party Will Some Day be in Power.

NEW YORK, Nov. 10.—Tuesday's election marks the turning point in the history of socialism in the United States.

This is the opinion today of Charles Edward Russel, magazine writer and candidate for governor on Tuesday. The vote cast makes the party the third largest in the state.

"Our party is now the third strongest in every state in the union," he said, "with the exception of Vermont. Our greatest difficulty heretofore had been to get an audience for socialism. Both the democratic and republican parties are unable to settle the questions which are downing the working people who must turn to us. By the time that the democrats have elected a president the situation will have become so acute that there will be a revolt, just as there was Tuesday against the republicans and it is then that the socialists will come into their own."

"Socialism will go steadily forward because every one of us believes socialism is a great moral ideal and it is not in the province of man to stop a great moral ideal."

He Will Contest.

CHICAGO, Nov. 10.—That Van Lear, the socialist candidate for mayor in Minneapolis, who was defeated at the polls, will make a fight was indicated in a message received here today. The returns show Hayes, d., 12,788; Satterlee, r., 12,754, and Van Lear, s., 11,700. Van Lear says many socialist votes were not counted. Two years ago he ran for mayor and received less than 1,000 votes.

He Will Contest.

MINNEAPOLIS, Nov. 10.—Thomas Van Lear got 11,700 votes for mayor. He will contest for the office on the grounds that many of his votes were not counted.

MEXICANS WILD AT AMERICANS

Demonstration in the Streets of Mexico City During Which the Stars and Stripes are Spat Upon.

WINDOWS ARE BROKEN

Crowd of Students Causes all of the Trouble and Violent Newspapers Add Fuel to the Flames.

CITY OF MEXICO, Nov. 10.—Through insults to the American flag and assaults made openly upon American citizens in the streets, the anti-American demonstration which began with the stoning of the Mexican Herald offices developed into an affair of international importance.

A vigorous protest was registered by the American ambassador with the Mexican Department of Foreign Relations, and at the same time the facts were telegraphed to Washington and instructions asked for. Last night the attacks were renewed. Windows in a dozen American business places were smashed. All about town shutters were hurriedly drawn and establishments closed.

Forces of police appeared in the streets and kept the crowds moving.

While the police looked on and apparently made no effort to prevent it, an American flag floating in front of a candy store in the business district was torn down by a crowd of students and others, trampled and spat upon and torn to bits.

Later photographs of the crowds were taken before the offices of the Diario del Hogar, a Mexican newspaper, with many individuals waving bits of the tattered banner.

The demonstration was caused by antipathy aroused among the people by the burning at the state of Antonio Rodriguez at Rock Springs, Tex. on the night of November 3.

Publication of violent attacks on Americans by several Mexican newspapers tended to further incense the medical students, who were the promoters.

El Diario del Hogar was particularly violent in expressions of animosity toward the people of the United States, characterizing them as "glans of the dollar, pirkles of culture, and barbarous whites of the North," and asking, "Where is the boasted Yankee civilization?"

Shortly before noon the crowd assembled before the new Jaurez monument in the Alameda and proceeded to the municipal palace, where several who were arrested were being examined by the authorities. A company of mounted police followed.

From the palace the students marched through Avenida San Francisco, the principal business thoroughfare, stopping in front of the candy store where the flag incident occurred.

The gathering increased and marched to the offices of the Department of Foreign Relations, making demonstrations on the way against American business places and breaking the windows in the San Francis hotel. Jack Davis, an automobile repairman, had a hand-to-hand encounter with a dozen members of the crowd when they attempted to tear the top from his automobile and enter his establishment. He knocked several of them to the pavement and drove them from his place.

At the head of Jaurez avenue, around the famous statue of the Iron Horse, speeches were made denouncing all Americans and a passing street car conveying school children to the American school was stoned. One child was struck and severely injured.

Revolution in Sight.

SAN ANTONIO, Texas, Nov. 10.—Private telegrams from Mexico City say the city is in a state of siege. The leaders of the anti-Diaz outbreak say that it is the start of a revolution to overthrow the government and not merely an anti-American movement.

Two Americans were killed by mobs last night and the countryside trembled for miles around. One man is missing and five other seriously bruised and burned.

EXPRESS STRIKE NOT SETTLED

Men Are Still Out But an Early Settlement of the Difficulties is Now Hoped For.

THE GARMENT WORKERS

Chicago Strikers Are Becoming More Quiet and Ratify the Agreement With the Federation.

NEW YORK, Nov. 10.—Mayor Gaynor forbid the operation of wagons by unlicensed drivers, thus eliminating the strike breakers, upon whom the express companies have depended. Mayor Wittippen of Jersey City has already taken this stand and a test case is now in Jersey City courts.

More than 10,000 express drivers and helpers, augmented by most of the taxicab chauffeurs are still on strike and rioting is unabated.

Millions of packages are awaiting delivery. John Williams, state commissioner of labor, is due here from Albany today and, with Mayor Gaynor's action and threat of state intervention, it is hoped that a settlement will be reached.

The Garment Workers.

CHICAGO, Nov. 9.—Forty thousand striking garment workers ratified the agreement drawn up by the Chicago Federation of Labor. Copies of the agreement will be mailed today to all manufacturing concerns affected by the strike. It stipulates that concerns hire only union cutters and tailors, provides for forty-eight hours work a week for cutters and fifty-four for tailors and time and a half for over time work. No mention is made of wages.

Several arrests were made for rioting when the crowd of strikers visited the shop of H. H. Marks & Co. and sought to induce strike breakers to leave.
