

WRECK KEPT SPEAKERS AWAY

Woodmen Initiated a Large Class Last Night, but the State Officers Did Not Arrive.

FRINK AND KORMS

State Deputy and Head Banker of Woodmen Laid Out When Wreck Occurred at Mt. Zion.

A large class of candidates was taken into the Woodman Lodge Camp 622 last night. The two speakers who were to have been present on this occasion failed to arrive however, on account of a wreck on the Rock Island road yesterday afternoon at Mt. Zion when the engine of a passenger train on the line jumped the track and laid out the train on which Messrs Frink and Korms were coming to Keokuk.

George Frink is state deputy of the M. W. A. lodge and F. R. Korms, head banker of the lodge in this state. Both gentlemen make their residence in Des Moines. Mr. Frink arrived in Keokuk this morning at one o'clock via the K line from the north but Banker Korms returned to Des Moines after he found it was impossible to get through. Mr. Korms who is one of those most familiar with the new ritual which is now being used in the Woodman lodge, was to have assisted with the work of putting the candidates "through." Several of the candidates were out of the city last night but will be taken into the lodge later.

Following the initiatory program, a sumptuous banquet was served in the dining room by the members of the committee who had been appointed by the entertainment committee for the season, composed of Messrs. John F. Johnson, O. D. McMains and John Well.

AN HONEST DOCTOR

remarked to his patient who had been cured by Lydia E. Pinkham's Vegetable Compound after his efforts had failed. "Mrs. Weber, I do not believe in patent medicines, but will say that Lydia E. Pinkham's Vegetable Compound is the best medicine ever discovered for women. Continue to use it." This is another link in the long chain of evidence to prove the reliability of this standard medicine for women.

Drummond defeating E. A. Duckworth, for presiding judge by a majority of about forty votes, and S. M. Swanson defeating Henry T. Miller for judge of the Southern district by a majority of over one hundred votes.

Schuyler County voted against state-wide prohibition by a majority of more than one hundred votes. ANOTHER IOWA PYTHIAN BUILDING

Cedar Rapids Lodge Will Erect One in That City Sometime Next Spring.

Another Pythian castle hall is to be erected in Iowa, the lodge at Cedar Rapids having made plans for a home next season. The following from a newspaper of that place is of interest to lodge men:

Star of the West lodge, No. 1, Knights of Pythias, at a largely attended meeting last night, voted to accept plans that have been prepared for the proposed Pythian building. The structure will be begun early next spring and completed not later than December first. The building, exclusive of the furnishings, will represent an investment of between fifteen thousand and seventeen thousand dollars. The lodge has for some years owned a valuable lot on First avenue between Fourth and Fifth streets. It adjoins the properties on which the Elks' building will be erected.

Star of the West lodge has had the proposition under consideration for some time. After considering various plans it was finally decided to erect a structure devoted to lodge purposes exclusively.

The new home of the lodge will be a two-story affair. The first floor will contain the club rooms, which the Pythians expect to make a feature of their work. The club rooms will include spacious parlors and a billiard room. On this floor will also be located an adequate dining room and kitchen.

The second floor will contain the lodge room, of proper size, also a parlor, ante-room and property rooms.

It is expected the plans will be perfected, the bids called for, and the contract let during the winter and early spring, so that work on the structure will begin not later than the first of June. It will be stipulated that the work must be completed not later than the first of December, 1911.

Star of the West lodge has leased its present quarters for the ensuing year.

CITY NEWS.

—Buy harness of Sherwood.

—Look for Hornaday's ad Friday.

—A marriage license was issued yesterday to Mark Broadway of Carmin, Ill., and Miss Inez Davis of Keokuk.

—Mrs. Cortes Maxwell, 713 High street, began her primary music class for piano, on November 1. Graded pupils two weeks later.

—The Rock Island passenger train No. 470, which was derailed yesterday at Mt. Zion, did not make its return trip on schedule time. It returned in the evening and left this morning on time.

—The newly elected directors of the Keokuk Bore Ball association will hold a meeting within the next week for the purpose of electing officers. It is believed that the same officers will be re-elected. They are E. P. McManus, president; A. D. Ayres, vice president, and Louis Sterne, secretary-treasurer.

—The following are the Rock Island railroad officials that were in the city today on their annual tour of inspection: C. H. Hubble, general superintendent, with headquarters in Cedar Rapids, and F. W. Williams, C. F. Brown and V. H. Hagebarger of the Des Moines Valley division, with headquarters in Des Moines.

—Across the river this morning could be heard the boom of the blasts on the water power works as they were touched off by the men excavating and trenching. The dull noise sounds great as it speaks of activity on the other shore and tells that the weeks will slip by to the time when work on the Iowa side of the river will commence.

—The announcement from the water power offices yesterday that additional surveying would begin on the Illinois side above Fort Madison for obtaining data with respect to overflow damages when the water is increased by reason of changes in the dam caused considerable interest. There is no question about the enlarged activity on this important enterprise within a short time and Keokuk and Hamilton are feeling elated over the prospects for a commercial uplift that will be generally felt in this section.

—The election was being freely discussed about the city today. The Gate City received numerous inquiries over the telephone about the election of governor, for until today the democrats claimed the state for Porter. The tie vote for recorder precipitated much talk. This is believed to be the first tie in Lee county, although Keokuk has had a previous tie. C. B. Lake, the republican winner in the race for district court clerk, has been showered with congratulations from his many friends, as were also the republican winners in the offices of justice of the peace and constable.

—Falling from the bridge at Wever George Dorney, a Turk, was probably fatally injured yesterday morning, his back being broken. The injured man was brought to a Burlington hospital and is now in a critical condition. The physicians say it is practically impossible for him to recover. Should he linger he will be paralyzed. Dorney, who is a Macedonian, has been working with the Burlington route bridge builders, who are putting up a new structure over the Skunk river near Wever. He was working on one of the spans and lost his balance, falling to the ground below, a distance of twenty-two feet. Dorney struck a pile of material and his back was broken. The physicians can do nothing for him. The injury is such that the lower part of the body is completely paralyzed. It is probably that should he escape death he will never be able to leave his bed.

—Memphis Democrat: Leonard J. Montgomery, of the firm of Pettingill & Montgomery, has accepted a position in the State Central Savings Bank, of Keokuk, and is now working for that institution. Mr. Montgomery has the position formerly filled by J. O. Boyd, and is in the loan department of the bank. His duties will be the examination of titles when applications are made to the bank for loans. The Democrat congratulates Mr. Montgomery on his new position and also congratulates the bank on securing the services of so careful and painstaking an attorney for this position. Mr. Montgomery is well versed in the law and is very cautious in his official acts and we do not believe a better or more competent man could have been secured in this section of the country. Mr. Montgomery came to Memphis about two years ago from Kahoka, and since his residence here he has made many friends both in a business and in a social way. We regret to see him leave Memphis.

HOBBLE PARTY WAS MOST NOVEL

Thirty Guests Had Great Time Climbing Stairs and Having Races.

ELGIN, Ill. Nov. 10.—Thirty guests all attired in hobble skirts, participated in stair climbing contests and races from parlor to kitchen at the home of Mr. and Mrs. T. R. Parrent, 719 Grand street.

Those in attendance at the party were members of the Epworth League and their invitations specified that all guests should attend attired "closely hobbled." Two girls who arrived without hobble skirts were refused admittance.

Mrs. Belle Paton and Miss Rose Heldt were awarded prizes for wearing the most "hobbled" skirts. Miss Bertha Mayless won the award for climbing a flight of stairs quickest, and Miss Carrie James took the

prize for ascending the stairs most gracefully.

Although the league is composed of both men and women, the men members were barred strictly from the party. Stunts such as hopping upon chairs and the old game of stump provided no small amount of fun.
