

RAILROADS AWAIT HEAVY TRAFFIC

Are Preparing for Big Live Stock Movement, While Christmas Will Also Bring Its Burden of Work.

BEFORE COMMISSION

Iowa Shippers Object to Method of Handling Stock Trains at Galesburg Yards—Railroad News.

Railroad freight traffic continues fairly heavy with indications for a great business east bound when the crop and live stock movement begins. Just before the Christmas holidays the shipments of cattle and hogs to the Chicago market are expected to be especially heavy, and the railroads are preparing for this increased traffic. The shops have been overhauling a large amount of rolling stock.

The Iowa railroad commission has before it a case of interest to all Iowa shippers. A complaint has been made by shippers of this state regarding the manner of handling live stock shipments in the yards of the Burlington road at Galesburg. The matter is one of interstate commerce, but the Iowa commission is delving into it, nevertheless.

The original complaint was entered by shippers of Griswold, Ia., and it is charged that when stock reaches Galesburg, the trains are cut up, and two or three hours are passed switching, during all of which time none of the attendants of stock can be near the animals. As this complaint is general, the Iowa railroad commission has taken it upon itself to attempt to remedy the trouble.

The Burlington is using its "time tables for the purpose of presenting facts and figures relative to railroad earnings. Passengers often, for lack of other reading material make a close study of the time tables and the railroad is enabled to present many interesting points in the freight rate controversy.

In the November time table of the Burlington, the following statements among others, are made:

"It costs more to haul the farm produce of this country from the farms to the railway stations than it does to operate all the railroads of the United States, comprising nearly half of the mileage of the world. This statement will be found in the report of the industrial commission made to the congress in 1901, Vol. VI. Yet farm mortgages pay a higher rate of interest than railroad bonds, and the profits of the farmer average over twice as great as those of the railroads.

"For the eggs, tea, coffee, ice, potatoes, onions, milk, cabbage, meat and poultry consumed in the City of New York during the year 1909, the farmers received \$274,289,000, and the consumers paid \$464,147,000. The freight bill was approximately \$25,045,000, leaving \$164,813,000 for the middlemen.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by all dealers.

Needle Caused Death. The mysterious death of a child at Rotherhithe, England, was explained in a peculiar way at a recent inquest. A doctor said that in some unexplained way a needle had penetrated the baby's chest, and the beating of the heart against its point caused death from hemorrhage.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Wilkinson & Co.

LARGE CROWD IN COURT ROOM

Saloon Cases Not Reached This Afternoon and Case Against Fourteen Defendants Hangs.

OTHER CASES UP

Touch of the Grimsley Case—Again Brought in With Other Matters—Interest is There.

Edgar T. Fee, attorney for the Anti-Saloon League, made the following statement to The Gate City, this afternoon in referring to the saloon cases:

"There are in the town of Keokuk, thirty-five saloons, and of that number charges are brought against fourteen for contempt, and there are three more who have not been served. Eleven others are injunction suits. The object of the Anti-Saloon League is to limit the saloons in number to 15. These suits, if successful, will prevent these saloon-keepers from engaging in business anywhere in the state. This movement will extend to other parts of the state. I have found, upon personal investigation, that Keokuk saloon-keepers have been operating in violation of the law."

Saloon Cases Not Reached. At 2:30 this afternoon the contempt proceedings against the fourteen Keokuk saloon-keepers, instituted in behalf of the anti-saloon league, had not yet been reached. The saloon men summoned to appear were in court, and the court room crowded. The defendants are the following: James Carss, Harvey H. Abell, John Salzer, Frank Weisemann, J. A. Porter, Wm. C. Hewitt, C. J. Hickey, John W. Brady, W. F. Brinkman, Philip Nickel, J. W. Temme, M. J. Noelkemper and John Lelsy, John H. Wolff and John Egan.

The contest of will in the estate of Louie J. Shelley, deceased, was assigned for December 19.

The case of Christian Lock, et al, vs. Amanda Anderson, was set for trial on Monday next. The case involves the title of possession to certain real estate.

An effort to bring up the case of Wm. Sinton, guardian vs. F. T. Hughes, et al, resulted in a spirited fight between the attorneys, B. P. Jones representing the plaintiff and Judge Hughes; the defendant. This cause involves one of the steps in the litigation of the famous Grimsley case.

The case was finally set for two o'clock this afternoon.

The case of Addie Fox vs. Nancy Keppel, was dismissed.

The case of S. M. Schwartz vs. McManus and Cameron was settled and dismissed.

The case of Fred Hilpert, Jr., vs. Peter McAndrew was settled and dismissed.

The estate of Sophia Kuebler, a probate cause, in which the claim of L. E. Williams is involved, was assigned for next Monday.

Judge James D. Smyth of Burlington convened the November term of the district court here this afternoon at 2 o'clock. In calling court the judge expressed satisfaction in being assigned to preside in Keokuk once more, and recalled that some years ago he presided in this city regularly. Judge Smyth is the second outside judge to be sent to Keokuk during the present year, the former being Judge W. S. Withrow of Mt. Pleasant.

Owing to a delay in the arrival of grand jurors Judge Smyth took up the assignment of criminal cases.

The case of the State of Iowa vs. Thomas J. Fightmaster was set for Tuesday of next week. Fightmaster is charged with attempt to commit treason.

The case of the State vs. Abe Anderson was set for Thursday of next week.

The case of Henry Rose, charged with the murder of William Curtright was set for the third Monday of the term. The case of the State vs. Cale Hewitt and George Dunbar was assigned for the third Tuesday.

These cases are the important ones on the criminal docket and some long drawn out trials are expected. It is thought that the trial of criminal causes will consume nearly four weeks.

Law and Chancery Causes. A number of assignments of law and chancery cases were assigned, the first of which was James A. Hirst vs. James S. Burrows, for December 15.

A probate cause involving the contest of the will of Louis J. Shelley will likely be tried this term.

Minor Court Matters. A decree of divorce was issued during vacation by Judge Henry Bank in the case of Addie King vs. Warren King. The grounds set out in the petition were cruel and inhuman treatment and habitual drunkenness. The decree was issued by the judge on November 20, and put on record in the clerk's office here today.

The Migration of Storks. Reference has been made to the departure of the storks from Alsace. The ornithological bureau of Budapest has recently published the results of an interesting experiment. To the leg of a number of young birds a light disk was attached, stating the place of origin and in the event of capture asking that the label might be detached and forwarded to Budapest.

The rings returned show that the birds have reached Basutoland, the Transvaal and Cape Colony. Unfortunately only two of the ten captured birds escaped death. Eight of those graceful creatures had fallen to the un pitying and unerring aim of the sportsman, improperly so called.

FORMER EDUCATION OF GIRLS

Glance at the Methods of Sixty Years Ago Shows Great Advance of Present.

When one realizes the state of female education sixty years ago, its progress as evinced today is marvelous indeed.

In the first half of the Nineteenth Century, the policy of "sewing," rather than of "being," was followed throughout—languages and society manners were considered all important—there were no games and the only form of exercise was that of walking, with riding for the wealthy girls.

The schools were small and suffered from bad classification in consequence, as classes had to be made up from girls of widely differing ages, while "teaching" consisted of hearing lessons "got by heart," often without any explanation.

When one reads the report of an examiner of a girls' school only 30 years ago, that "many girls showed a great aptitude for mathematics, but parents discouraged continuance of sound education after the age of 12 or 13 in order to 'keep the girl feminine,'" the change in the popular estimation of women's capacity is indeed marvelous.—Christian Science Monitor.
