Brady's Plans.
 Comprehensive is the only adjective that describes the plans of Wm. A. Brady for the current season, for they are not limited to any one field, and the Shakespearean repertoire has its place as does the musical comedy. Farce is represented by the successful "Baby Mine," while melodrama of the old school has its vogue with the all-star revival of "Jim, the Penman." Louis Mann is again touring the southland with "The Man Who Stood Still," while Henry E. Dixey is holding the Court Theatre, Chicago, with "The Naked Truth," the comedy which Charles Hawtrey enjoyed so much London popularity. In Boston at the Majestic Theatre there is another Brady enterprise in "The Girl and the Drummer," a musicalization of Broadhurst's "What Happened to Jones." On the Pacific coast, James K. Hackett is flying the Brady colors in an elaborate revival of his former successes. Tom Wise is playing "A Gentleman From Missouri," and work will soon start on the spectacular presentation of Hayden Talbot's "In God's Country," which Mr. Brady has had under contract for some time. Bury McIntosh is to have a new play and Mantell will soon be seen in Justin Huntley McCarthy's "The O'Flynn." The very successful musical comedy "The Balkan Princess," is to be produced by Mr. Brady and later in the year Fritz Scheff's new vehicle "Trilby" set to Victor Herbert's music by Joseph Herbert, will be staged by Mr. Brady. In Maine, Douglas Fairbanks is playing in Thompson Buchanan's "The Cub," while Clara Lipman is touring the south under Mr. Brady's management in "The Marriage of a Star." Grace George is resting at present but will soon be seen in an elaborate revival of one of the old comedies in dedicating Mr. Brady's playhouse in New York City.

Orris Roots.
 The orris root, so familiar to lovers of perfumes, should really be called iris root, since it is made from the roots, or rather rootstocks, of several species of iris, especially Germanica, the common blue flag of the gardens, and Iris Florentina, a white variety. It is reported that the root has to be dried and preserved for some time before the fragrance is fully developed. The freshly dug plants have no fragrance.—American Botanist.

New Recipe for Home Made Laxative Cough Cure.
 A cough or cold is due to congestion and inflammation of the membranes of the throat and lungs. Sometimes to overcome the congestion is necessary if you expect a cure. Morphine and chloroform preparations relieve, but they do not cure—only aggravate ultimately and weaken the natural resistance and health. Here is the formula that will cure chronic cases of old people and acute coughs of old or young: Essence mentho-laxene .25 Ozs. Granulated sugar syrup 1 1/2 Ozs. Get the essence mentho-laxene of any well stocked druggist, empty it into a pint bottle and fill up the bottle with syrup made as follows: Take a pint of granulated sugar; pour over it a half pint of boiling water, stir and let cool. Then add it to the mentho-laxene and take a teaspoonful every half hour or two as needed. This will break up any cold, cure throat, relieve coughing instantly, loosen the tightest cough and soon cure by its laxative tonic action, differing from every thing ever heard of. Try this simple but effective formula and you will forever bless the day you learned of it, and you'll save \$3 or \$4 besides.

LESSONS FROM LINCOLN'S LIFE
 Life of "Honest Abe" Was Made the Subject for Discourse by James K. Shaw at Y. M. C. A. Yesterday.
WAS STUDENT OF BIBLE
 His Early Study of Great Book Was Shown in Some of His Speeches in After Life—Anecdote Told.

James H. Shaw, chautauqua lecturer and bureau superintendent of Bloomington, Ill., was the speaker at the Sunday afternoon Y. M. C. A. men's meeting. His subject was "Lessons from Lincoln."
 The speaker did not plunge into an autobiographical sketch of the life of the well known president, but rather drew lessons here and there from it. Lincoln in his boyhood days, was a great student of the Bible and the knowledge he gained therefrom proved very useful to him during his career as a public man. His greatest speeches were interwoven with difficult truths. The audience was urged to study the Bible for practical use in life.
 Mr. Shaw spoke of the honesty of Lincoln in small matters which won for him the title of "Honest Abe." The speaker referred to the nomination of Lincoln for senator and gave as his reason for not being elected that he was not willing to be where fraudulent means were used. Lincoln made the statement that he would rather be right than be president.
 The lives of Douglass and Lincoln were contrasted for a period of twenty years. Lincoln looked on Douglass as having won fame and success, while he thought his life had been a failure up to the time of his nomination for the highest office in the country. The joint debates of these two public men were also referred to. An amusing anecdote was related in connection with these two men. At one time Douglass and Lincoln were together. Lincoln was tall and Douglass short. A dispute arose among onlookers as to how long a man's legs should be. One of them approached Lincoln and fired the question at him. Lincoln's reply was that "they should be long enough to reach from his body to the ground."
 The speaker emphasized the call of the nation for men who could do things in business and professional lines and closed by speaking of the claims of Christ for a man's life.
 Special music was rendered by the association quartet composed of Messrs. Hershey, Hulson, Young and McFarland. One hundred and ten men were present.

KODAK EXHIBIT IS INTERESTING
 Beautiful Enlargements of Amateurs' Work Included Among the Pictures on Display—Various Processes Explained by Attendants.
 Tomorrow is the opening day for the exhibition of kodak work at Woodman hall, which is being given by the local agent of the Eastman Kodak Co., Rollins & Co. The exhibit is one which is interesting to both amateur and professional devotees of the camera, while anyone who is at all interested in art for art's sake, can very well pass away an hour or so in studying the pictures which are for the most part, enlargements made from the negatives "snapped" by amateurs of the world over.
 Among the collection are several photos which have been taken of cloud effects and also those in which sun and atmosphere play a prominent part. One especially noticeable, was taken from one of the first negatives taken by an amateur and is a flock of sheep wandering along a lane shaded by tree-covered banks in the dusk of the day. The tender tones in the picture of the distant misty hills and the soft atmospheric effects in the foreground are a study in themselves.
 The exhibition is offered purely for entertainment and instruction and no sales of any kind are made. In addition to the prints, there is an exhibit of post card work, and a full line of kodaks and all kinds of photographic paraphernalia.
 The exhibition is in charge of W. B. Haskell, W. J. Murphy and P. E. Conner, representatives of the East-

 How to Tell if Your Hair is Diseased.
 Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.
 Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.
 We want every one whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. IOWA PUBLICITY BURDEN OF EFFORT
 Executive Committee of Commercial Club League Held Meeting in Des Moines and Takes Action.
WANT STATE BUREAU
 Bill Will be Framed Establishing Systematic Methods of Advancing Knowledge of Iowa's Resources.

"Let the world know that Iowa is on the map," is the plan of the members of the Iowa League of Commercial clubs. A publicity bureau which will extol Iowa, its resources and its opportunities, which will transform the call of the west to the call of Iowa, and by consistent work boost the state as a whole, is to be asked of the coming legislature.
 A bill will be prepared by the league and presented to the legislature which will provide for such a bureau to be under the direction of the state. That the bureau will do for Iowa what the different commercial clubs of the state at present are doing for their home cities and towns is the hope of the league members.
 Plans were definitely outlined at a meeting in Des Moines Saturday at Sec. H. E. Stout's office to ask the legislature not only to pass a state publicity bill, but to pass a measure providing means for the establishment of agricultural short courses in every county in the state.
 It was cited at the executive meeting Saturday afternoon that with a great land show in Chicago, Iowa was not represented, and it is thought that with a state publicity bureau, such an opportunity for advertising the state would not be passed again. Next year another land show will be held at Madison Square garden in New York City and the league members hope that the Hawkeye state will be adequately represented there.
 Committees have been appointed to take charge of these bills and will work out the details.
 The Iowa League of Commercial clubs which was organized Aug. 30, now has a membership of between thirty and forty commercial clubs of the state, and has a vice president in each congressional district in the state. "We desire to make it plain, said President R. N. Carson of Iowa City, "that we are working for the good of the whole state, not any particular part; support and co-operation is sought on the part of all commercial bodies in Iowa, in fact all Iowans. Making Iowa known to the world is what we are seeking."
 The executive committee is composed of the president, vice president and the secretary-treasurer. The vice presidents who were not present have sent letters indorsing any action which the committee might take in furthering Iowa publicity, and the short course movement. Those present were President Robert N. Carson of Iowa City, Vice Presidents E. E. Egan of Burlington, Gels Botsford of Des Moines, C. H. Van Nostrand of Bedford and Secretary H. E. Stout of Des Moines.

MARK TWAIN
 A NEW EDITION
AT 1/2 PRICE

NOW for the first time you get a complete set of all Mark Twain's writings at just exactly one-half the price they have ever been sold before. This is a new edition, just as complete as the old one, which still sells, by the way, at \$50.00. This new edition is only \$25.00—for the 25 volumes.

It had been Mark Twain's ambition to have his books in every American home, and he made a great personal sacrifice to bring about this remarkable opportunity—for the first time in the history of publishing copyrighted books are sold at the price of non-copyrighted books—the chance will not come again.

But for Mark Twain's action this would have been impossible. Never before has a copyrighted library set of a standard author's works been issued at such a low figure.

 Mark Twain

THIS complete set of all the great humorist's works breathes his spirit—the spirit of eternal youth—they are new books; to own them is always to have new books, a fountain of youth. They never age, because humor, kindness, and truth never grow old. Mark Twain himself wrote a preface to this edition. Brander Matthews has written the biographical criticism of Mark Twain and his work. There are portraits of the author from photographs and paintings taken at periods when the different books were in process of writing. This edition includes his later collected writings, such as "Eve's Diary," etc., etc.

Brander Matthews says: "Mark Twain will be included in that group of writers headed by Molière and Cervantes. With the exception of Count Tolstoi, Twain was the greatest of recent modern writers and will be handed down to posterity through the trio of his works 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or Thoreau, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature."

There are beautiful pictures by such artists as Brown, Frost, Newell, Beard, Dielman, Smedley, Thulstrup, Clinedinst, Mora, Weldon, Kemble, Gilbert, Du Mond, Merrill, Oppen.

THE binding is in rich red rep silk book cloth with title labels stamped in gold. The books are printed on white antique wove paper, especially made for this edition. Each volume is of generous size and bulk, 5x7 1/2 inches.
