

FINAL REPORT OF THE GRAND JURY

Expected That Body Would Make Wind-up Statement Late This Afternoon.

ANDERSON CASE NEXT

Abe Anderson, Defendant to be Tried For the Murder of Moses Jordan—Henry Rose Follows.

The grand jury was expected to make its final report this afternoon late, and all business of the body completed for the term.

John Morris, a witness in the Nelson Warner case, fearing incrimination of himself, refused to answer three questions which were asked him by the examining attorneys yesterday afternoon. The court ordered the witness to reply to two of the questions asked him.

Anderson Murder Case.

The case of the state of Iowa vs. Abe Anderson for the murder of Moses Jordan, will commence on Thursday afternoon at 2 o'clock.

The court, over-ruled a demurrer to the indictment, refusing to sustain the defendant's demurrer.

It is possible that the court will issue an order soon for a new venire of jurymen, to sit in the Anderson and subsequent cases, as the panel at present does not contain enough names to fill up the jury on account of several excuses being granted during the present term of court.

Rose Case Next.

The Anderson murder case will be followed by the Henry Rose case, held for the murder of Chas. Cutwright.

SPECIAL OCEAN MAIL SERVICE

Wire to Eastern or Western Ports and Message is Mailed on Next Steamer.

The Western Union Telegraph company announced today another innovation in telegraph service called the "Special Ocean Mail Service," designed to save time in foreign correspondence.

A letter from San Francisco to London requires as much time crossing the continent as it does crossing the ocean.

A New York merchant writing to Yokohama must post his letter practically a week before the mail steamer sails from San Francisco or Vancouver.

The Western Union has arranged for the use of its night letter and other telegraphic service in connection with outgoing ocean mails so that this week of trans-continental time may be saved. Its New York office will receive telegrams from any part of the country destined to European addresses and will forward them in a sealed specially addressed envelope by the first outgoing Atlantic steamship mail. The same plan will be followed in San Francisco, Seattle, and Vancouver for trans-Pacific mails. This will enable correspondence to be dispatched from any part of the United States for an ocean mail within a few hours of sailing time. The only charge in addition to the usual telegraph tolls to the ocean mail port will be five cents for postage. Telegrams should bear the full mail address of the foreign correspondent for whom they are intended and marked "Care Ocean Mail, New York," or San Francisco, Seattle or Vancouver, as the case may be. No charge will be made for the address.

At Dodges.

At Dodges tonight there will be an entire change of pictures and songs and a special musical program with Mr. Martin at the piano, Mr. Hughett drums and Mr. Agne violin. The pictures are all new and are said to be as good as any that have been shown at Dodges this season. Billy O'Brien will sing, "If I But Knew," the big song hit from the "Sultan of Sulu," and will also sing one of the latest illustrated ballads. The music at Dodge of late has caused no end of comment and seems to be as big a drawing card as the pictures. The feature picture for tonight will be the great Essanay production, "The Tie That Binds," then there will be a new picture called "Outwitted," that is said to be very realistic and sensational. Another picture to be shown is a foreign picture, "Around Pekin," a great Chinese picture that will no doubt meet the approval of the picture going public. There are other pictures on the program that will go to make up one of the best bills that has been offered at Dodges for a long while. Two complete shows will be given at the regular hours, 7:45 and 9:00.

CITY NEWS.

—Referring to an organ recital given by William Lester in the Congregational church at Dwight, Ill., recently, a newspaper of that place says: Mr. Lester left nothing to be wished for, and this is another instance where previous advertising had not overestimated the performer. His playing is superb. His interpretation and technique are remarkable. The selections were far above the ordinary and the mastery manner in which they were executed bespeak for Mr. Lester a brilliant future. His own composition gave especial pleasure to everyone and we are sorry that more people could not have heard and enjoyed this excellent program.

TRAIN HIT KEOKUK MAN TODAY

Archie Johnson While Going to His Employment at Basket Factory There, Struck by Train.

WAS THERE TWO WEEKS

Injury to Occupant Though Seriousness is Unknown—Wife Received Telegram This Morning.

Archie Johnson, a white resident of this city who has been working in Burlington for the past two weeks, was hit by a Rock Island passenger train in that city early this morning, and seriously hurt about the head. No other injuries are reported though the exact nature of the accident could not be ascertained.

The injured man's girl wife, to whom he has been married about a year and a half, received a telegram shortly after the accident occurred. Johnson is in a hospital in Burlington and is being cared for. In a talk with the chief of police of Burlington shortly after the reception of the telegram by the wife, Chief Schavers could not find out how seriously the man was hurt.

Johnson has been employed at the Burlington basket company for a couple of weeks, leaving here to enter his new employment there. It is supposed that he was going to work when the accident happened, as the basket company's plant is located on a curve of the railroad tracks and that Johnson evidently did not see or hear the approaching cars in the solution of the mishap at this end of the line.

Mrs. Johnson will probably go to Burlington to be with her husband.

LATE AFTERNOON BULLETINS

(By United Press)

WASHINGTON, Dec. 7.—With 3 reports by members of the Ballinger-Pinchot investigation committee submitted to congress today, one prospect opened for a lively night on Prospect hill. Senator Nelson filed the report of the committee.

As to the rank of the reports, there is a decided difference of opinion. Nelson submitted to the committee what he called the majority report, the one signed by 7 republicans. Another report, signed by 5 members at Minneapolis last summer was filed and still a third one.

DES MOINES, Dec. 7.—E. P. Adler of Davenport, publisher of the Times is here today conferring with editor Schoppe of Tuscola Ill. They were accompanied by a witness so the matter of obtaining the much coveted license was only a simple ceremony.

With the air of a brazen lord of Worcester sauce-shire the groom-elect handed the oblique clerk of the court a five-cent cigar after the papers were made out and the court house man went home to continue his slumbers.

Napoleon B. Camp, a well known farmer in the vicinity of Croton, passed away peacefully into death. He was born in West, Virginia, November 8, 1830, and came to Iowa in 1852 where he was united in marriage with Mrs. Milly Jane Camp, his wife. He came to Lee county in 1860, and settled in Croton, Ia., where he remained until his death. Mr. Camp possessed a wide acquaintance of friends and was at all times willing to assist those in need. These traits shall be long remembered.

He was the first man to board the Rock Island passenger train through Croton, and could relate several other things of early Lee county history.

The deceased is survived by his wife, Mrs. Milly Jane Camp, and eight daughters, Mrs. Dora Raines of Croton; Mrs. Della Ballegoin of Keokuk; Mrs. Priscilla Raines of Croton; Mrs. Belle Sunsen, of Carroll, Wyo.; Mrs. L. L. Camp of Vincennes; Mrs. Lucia Harr of Mt. Sterling, Iowa, and two sons, James Camp of Croton, and William Camp of Moor, Ia. The deceased was buried today in the Croton cemetery.
