That the Central Association did the proper thing in releasing Quincy is the belief of the St. Louis Sporting News, which says editorially "The club owners of the Central Association acted wisely as well as generously in deciding to give Quincy his release. It really was next to useless to hold onto Quincy when the press, public and base ball men of that city were weary of their berth and had sworn to remain out of organized base ball rather than stay in the Central another year. Quincy is too good a town to be left off the baseball map. Its population really does entitle it to a place in a league of higher classification and it is probable the Three-I will take it into the fold. Undoubtedly, the Central Association magnates would have reached their present decision much sooner if Quincy had said 'please' when it made its request to be released. The threatened fight was bad for base ball in general and the Central Association in particular and the happy solution, if it holds, demands the commendation of the outsider."

Mrs. D. Gilkenson, 326 Ingles Ave. Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Wilkinson & Co.

Sulphur in Horseradish. Horseradish contains a higher percentage of sulphur than any other vegetable food, spinach ranking next. Pumpkin seeds for phosphorus, while radishes are rich in iron.

At the Chilean Forge. For the most part the methods of horseshoeing in Chile are primitive and the tools used are simple and few, consisting usually of a hammer, rasp, a pair of pincers, a crude knife and an anvil, all of which are made in the country. There is no need of fire, as the workman beats the shoe into shape cold.

WRONG MEDICINE GIVEN BABY

Five Day Old Infant Daughter of Mr. and Mrs. Fred Horton of Montrose Dead Because of Mistake.

FATHER AT TOY SHOP

Mother and Brother Takes Wrong Medicine From Stand to Give Child, Picking up Sleeping Powders.

A tragedy which cost the life of the five day old baby daughter of Mr. and Mrs. Fred Horton of Montrose, occurred at that place yesterday afternoon, when Fred Wooster, a brother of Mrs. Horton gave the child a sleeping potion by mistake.

The mistake was discovered shortly after the wrong medicine was given the child and the parents are in deep grief over the death of their little one as well as Mr. Wooster who feels keenly the mistake he made.

You Must Read This if You Want to Benefit. J. W. Green, Greenwood, Ia., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy, lumbago." Wilkinson & Co.

"The Genius." Giving a trio of artists a compensation to place him in the position to win the girl he loves is a very happy thought, but while in the position he falls in love with another beautiful girl which is not quite so happy. "Jack Spencer" has this experience in "The Genius," which is played by Henry Woodruff, society's great favorite, who will be seen at the Grand Monday, December 26. This is only one of the interesting scenes in the new song comedy. However "Jack Spencer" finally gets the girl of his heart giving a conventional but happy ending to the play. In this play Mr. Woodruff plays the part as though it had been written about his own magnetic personality, he has more opportunities for superlative work than he had in "The Prince of Tonight" which he was seen in last year. Mort H. Singer is very proud of the new vehicle selected for his star and predicts a most prosperous future for it. During the action of the play several musical melodies will be interpolated.

Edible Seaweed. Many kinds of seaweeds have long been eaten. "Dulse and tangler" was once a common cry in the streets of Edinburgh, both being seaweeds, and in Chili yet a third variety is used as food. In the Swan river settlement in Australia and other places seaweed jelly frequently appears on the bill of fare, while the edible birds' nests of China are edible because the birds use seaweed as a building material.

Broadway Girls Big Burlesque Co. Of the numerous companies playing burlesque on the road, the Broadway Girls have the approval of the burlesque loving public everywhere. For this reason they are presenting an entire change of program, new burlettas, and new pretty musical numbers, many of them written for this company by that popular and famous song writer, Bernard Toy. The company numbers twenty-five people, mostly pretty girls, for which the company is noted, assisted by half a dozen famous funny fellows. "The Midnight Girls" and "The Jolly Widow" are the titles of the burlettas, and each comes at a minute rate; throughout both of them, from the

IF YOUR CHILD SWALLOWED A COPPER PENNY, WOULD YOU GIVE IT NITRIC ACID TO DIGEST IT? If you have indigestion, you require no medicine to digest your food, but a remedy to put your stomach into condition so that it can do the work for which it was given you. MILLER'S DYSPEPSIA TABLETS contain no medicine to digest your food, nor do they restrict your diet, but cure indigestion by conditioning your stomach to perform its functions. R. S. Cunnea, Cashier of the First National Bank of Morris, writes: "I sincerely think MILLER'S DYSPEPSIA TABLETS the best in the world and will gladly recommend them to anyone suffering from indigestion." We have many letters from physicians throughout the country congratulating us and endorsing MILLER'S DYSPEPSIA CURE. Maggie Superstitions. It would appear that some amount of superstition is associated with the magpie in country folklore; somehow or other the bird has acquired a more or less sinister reputation. This may be due to its sabbie plumage or perhaps to its artfulness. Thus, according to one doggerel relic of superstition which one often hears in the south, the appearance of one magpie signifies sadness, two augur mirth, three foretell a death and four herald a birth.—Agricultural Economist.

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. Wilkinson & Co.
