CITY NEWS.

James Landman, James Boyd and Quincy Moore were sworn in today by Judge McNamara as special officers to be used in service at the base ball park, under supervision of John Ferris, ground chief.

John Doe and Richard Roe, the latter, Chas. Moore by right name, and both water power laborers, were arrested last night for being drunk. The pair was let go by the judge this morning on the payment of costs.

Work of stringing the light wires for the red light police call system, to be used by the night officers in a short time, was begun this morning.

Work of installing the electrical apparatus, has been let under contract to electrician, C. S. Abell, and the circuits will be completed within a short time. It is expected, electrical mechanics being at work today. The workings of the call system were explained previously.

Not a fruit bud or a vegetable plant was injured in Iowa Tuesday night as a result of the freezing weather. Low temperatures prevailed only in the extreme northern and eastern sections, where vegetation had not advanced far enough to suffer dam-

FINDS A MUTLI-MILLIONAIRE.

Professor Chesterfield Makes a Most Remarkable Discovery. Professor Grant Chesterfield was up to his elbows in plaster of paris in his parlors at 323 Blondeau St., taking impressions of palms.

"There is one of the greatest finds I have ever found," and he fondled a plaster of paris cast of a palm that looked as though it was full of spider webs. "Whose hand is it?"

"That would be betraying confidence but it is a resident of Keokuk and the palm of a financier. He certainly will go to the millions. He is fully well on the way as it is, in fact. Young man too. Considerable will be left him to start with. See that line? That means money. Distinct, isn't it? Here's the same line in Phil Armour's palm. Havemeyer, the great sugar man has the same."

It seemed incredible the great number of people who have had their palms read since Chesterfield's arrival and so far as could be learned, everybody is satisfied that the palmist is remarkably gifted and that the palm does give character, defeats, disaster, success, prosperity, marriages, divorces, travels, diseases, deaths, etc. The fee asked is 50c.

age done to it. The minimum temperature in Des Moines Tuesday night was only 37 degrees. In Albia it was 34, Boone 36, Burlington 34, Cedar Rapids 35, Creston 33, Daveport 38, Dubuque 34, Easterville 29, Forest City 29, Ft. Dodge 32, Iowa City 30, Iowa Falls 35, Keokuk 38, Keosauqua 30, Marshalltown 33 and Waterloo 32. This record shows that the temperature went below the freezing point in only four cities. They are Estherville, Forest City, Iowa City and Iowa Falls.

—Fred G. Glaser has just received a car load of Wise furnaces.

—Nelson Schafer and W. L. Fleming, two vagrants, were sentenced to thirty days in jail this morning for having been found on the streets without any visible means of support.

The two pleaded not guilty to the charge day before yesterday and were returned to jail being unable to furnish bond. They decided to change their plea to one of guilty today and were sentenced accordingly.

—Robert Seelye plead not guilty and was placed under a hundred dollar bond this morning on charge of having stolen his stepfather's, L. E. Hayless' overcoat, hat and shoes yesterday. Seelye was arrested last night at 11 o'clock on a charge of having taken the articles of wearing apparel from 1116 Johnson street. The coat was located and the shoes are at the police station. The alleged thief tried to pawn the overcoat at a second-hand store.

—Twenty-two Keokuk people boarded the steamer Dubuque of the Streckfus boat line this morning and left at 7:30 for Burlington on the excursion run by the boat. Music and dancing were furnished for entertainment of the passengers. The return trip will be made this evening. The excursion is the first one of the year out of this port, and owing to the coolness of the weather, the crowd was naturally small, though a large number of excursionists were expected to be taken aboard by the boat of-ficers between this port and Burlington, the objective point. Agent W. D. Steele is distributing literature for cheap rate excursions to St. Louis and return which will be run all during the month of May. The Dubuque arrived this morning from Quincy after having taken an excursion from Quincy to Hannibal yesterday. The boat will lay here over night and leave in the morning at 6 o'clock for St. Louis.

—Madame Louise des Combes Favard, member of a line of the French nobility which goes back several centuries, died at the home of Mrs. Mary H. Knowles, 4564 Oakenwald avenue, Sunday. She was 86 years old, and had lived in America since her family came to Nauvoo, Ill., fifty-seven years ago, to found a French colony there. Madame Favard lived in Nauvoo, where she was married, until the colony was broken up. She had lived in Chicago sixteen years. To the last she retained the position among her people to which she was entitled in the old days in France. She sought only the acquaintance of the French, and until a few years ago held receptions in her home accord-

ing to the traditions of her family. At Lake Charles, La.—Mrs. E. Fournier, 516 Kirby street, says: "The month before I took Cardui, I could hardly walk. I had backache, headache, pain in my legs, chills, fainting spells, sick stomach, dragging feelings, and no patience or courage. Since taking Cardui, I have no more pains, can walk as far as I want to, and feel good all the time. Take Cardui and be benefited by the peculiar herb ingredients which have been found so effective for womanly ills. Cardui will relieve that backache, headache, and all the misery from which you suffer, just as it has done for others. Try Cardui."

to the traditions of her family. At these she was the center of animated discussions of French politics, music, art and literature. A daughter, Mlle. Bertha des Combes Favard, is the last of the family. Like her mother, she is a student of music and literature.—Chicago Record-Herald.

Raise Cattle on Sahara. The cattle raised on the fringe of the Sahara are known to be of good quality and are estimated at 2,000,000 head. With a little scientific feeding during the dry season their numbers might rapidly be increased and the Soudan region might become a sort of second Argentina.

This Is "Whiz" Tag Week. Every Tag Has a Meaning

A "Whiz" Tag is being put into each home in Keokuk. Be sure you get yours. Distribution is now being made. Watch for the "Whiz" man. Take this "Whiz" tag to your dealer with 5c and get a full size 10c can of "Whiz." This offer is being made to introduce "Whiz" into every home in Keokuk.

"Whiz" is making a hit with the mechanics and shop men for hand use. You will never know what the word "clean" means until you wash your hands with a piece of common bar soap and then try "Whiz" on them. You will be surprised to see the difference.

For household scouring purposes "Whiz" has all other scouring preparations "backed off the stage." Everybody says so. Everybody likes it. You will like it too after you once try it. You will say you have never had any scouring preparation in your house quite as satisfactory as "Whiz."

There's a premium coupon packed with each can of "Whiz." That coupon with 10c sent to the manufacturer as directed on the coupon, entitles the sender to a genuine Rogers Silver Teaspoon.

With the spoon you will get a premium sheet showing seven different silver pieces given away with "Whiz" coupons.

You will also get the Club Offer, telling you how to get a full set of Rogers Silverware absolutely free.
