MILK TESTS NOW MADE EVERY WEEK

Improved Conditions Have Come Since City Joined With State in Support.

Since the city joined with the state in looking after the sanitary conditions of the dairies and the tests of the milk it is believed conditions have greatly improved. Tests are now made by Dr. W. P. Sherlock, inspector, every week and the milk is not only tested for butter fat as in the past, but for preservatives and for sediment. The sanitary conditions of wagons are also investigated as well as that of the dairies. The inspector's test of the milk for the month ending June 8, was mailed to the city office Saturday. It follows:

CITY NEWS.

Tonight Officer Tom Freeman of the Keokuk police force leaves for Charleston, West Virginia, where he will spend a two weeks' vacation. Officer Freeman has a sister in Charleston whom he has not seen for thirty years and the trip will be one full of much interest and pleasure for him. Night Inspector Dunn and others about the station house have telegraphed ahead to Charleston to have a big brass band at the depot and it goes without saying that there will be plenty of yellow-legged chickens just dying to see the big blue uniformed Keokuk cop when he reaches the southland.

ARE HOT AFTER LUMBER TRUST

Weyerhaeuser, Said to be Richest Man in the World, May be Indicted.

[Gate City Leased Wire Service.] CHICAGO, June 24.—On Monday the U. S. district attorney's office here will mail to U. S. marshals from Pennsylvania to the Pacific coast certified copies of the indictments returned Friday against fourteen secretaries of lumbermen's associations, charging them with criminal conspiracy in restraint of trade. The men will be permitted to give bonds in their own districts and need not come to Chicago until the government calls them to trial, in November. It was admitted today that a subsequent special federal grand jury will, in the fall, take up the investigation of charges against the lumber trust itself, especially against the producers and manufacturers who are charged with conspiring to restrain trade unreasonably. It is said in this connection that the government has secured through agents of the department of justice, evidence which may lead to the indictment of Frederic Weyerhaeuser, the silent lumber king, reputed in many circles to be the richest man in the world. Weyerhaeuser's private secretary, Joseph Rhodes, is said to have furnished important clues on which agents of the department are now working, and when their evidence is complete, it will be submitted to a new federal grand jury. The agents of the department are watching with keen interest the Missouri ouster suit against the lumber trust and expect to find there sufficient evidence to warrant a number of criminal indictments.

Glavis Under Arrest.

[Gate City Leased Wire Service.] WASHINGTON, June 24.—George O. Glavis, charged by the Chicago Tribune with embezzling certain profits of "the moral turpitude of a certain United States senator," arrived here tonight from Chicago in the custody of a detective. Glavis said he would make no statement of his side of the case until it comes to trial. His hearing will probably take place Monday.

Made it in 69.

[Gate City Leased Wire Service.] PITTSBURG, Pa., June 24.—George A. Ormiston broke the records at the Oakmont Golf Club today by covering the course in 69 strokes, bettering the mark made by W. C. Fownes, Jr., the national champion.

GOVERNMENT WILL FILE AN APPEAL

Decision in Harriman Merger Case Does Not Please Department of Justice.

[Gate City Leased Wire Service.] WASHINGTON, June 24.—The official opinion was expressed here tonight that the government appeal in the Union and Southern Pacific railroads merger case, decided adversely to the contention of the department of justice by a majority of the court of St. Louis Appeals, would be based upon the views expressed by Justice Hook, in his dissenting opinion.

Official determination of the basis for an appeal will not be made until receipts of certified copies of the opinions, but the new question raised by Judge Hook, whether ownership of less than a majority share of stock in one railroad by another, but a sufficient amount to secure practical control of the railroad, was not in effect the same thing as actual and complete control within the meaning of the law, is certain to be made one of the leading issues.

Ever since the decision of the supreme court in the famous "communities clause" case, the government has been endeavoring to get before that tribunal again the question of exactly what ownership of stock constitutes "control" of a corporation.

The majority decision was a great disappointment to the department of justice as the case against the Harriman combine had been considered the most important and strongest that the government had against the railroad consolidations.

Wall Street Pleased.

NEW YORK, June 24.—Wall street was very much pleased over the decision today of the United States Circuit Court at St. Louis against the government in the Harriman merger suit. Immediately after the news was received there was a jump in the stock market of four points in Union Pacific and more than three points in Southern Pacific, and the entire list closed with net advances of from one to two points.

PROPHET JOSEPH ON HIS WAY

Is Coming From Utah to Testify About Beet Sugar in the West.

[Gate City Leased Wire Service.] WASHINGTON, June 24.—Prophet Joseph Smith, head of the Mormon church and president of the Utah-Idaho Sugar company, together with Joseph D. Spreckels, of the Western Sugar Refining company, will be the principal witnesses before the Hardwick sugar investigating committee next week. Spreckels probably will be heard Monday.

WHEN REPUTATION IS WORTH WHILE

Man Who Led Upright Life in West Has Friends Who Stick by Him.

[Gate City Leased Wire Service.] PORTLAND, Ore., June 24.—Owing to the attitude of the courts and citizens here, it is probable that Alf Kilman, who was arrested as a fugitive from justice on application of the sheriff of Waynesville, Missouri, may never be returned to Missouri to serve a five year sentence in the pen for cattle stealing. Kilman fled after he was convicted eleven years ago and has lived at Lents, a suburb, for five years. Throughout that time he has worked continuously as a carpenter and has made a home for his wife and two children.

NEW STATION OPENS JULY 3

Applicants for the Navy Will Sleep in Hammocks and Receive Instructions.

[Gate City Leased Wire Service.] CHICAGO, June 24.—The United States new \$4,000,000 naval training station located in North Chicago, finer in many respects than any of the other three, will begin July 3 to take the rough edges off of young men recruited from the middle west. It is because the government needs several thousand men to man the Utah and Florida and other battleships opening completion, that the work of opening the station was hurried. The station will accommodate 1,250 embryo tars, who will be kept in the station four months before being sent to duty at sea. Here men will be instructed in seamanship, drilling, signaling and the handling of small craft. They will sleep in hammocks, as at sea.

Utah Being Tested.

MONHEGAN ISLAND, Maine, June 24.—The battleship Utah, the largest of the American sea craft, is today making her government speed and coal consumption test over a measured course off this point. The Utah must make a speed of 20 1/4 knots to meet her contract requirement and will be put through a four-hour coal

Citizens of Lents are circulating a petition asking Governor West not to issue extradition papers. More than 300 persons, including ministers, business men and personal friends have signed it.

Kilman is at liberty on habeas corpus.

Judge Gantenheim, before whom the proceedings were held, says he "must be shown" and that he believes Kilman's Oregon record should offset the Missouri conviction.

Kilman denies vehemently that he stole the cattle as charged.

WAITING POLICY BY THE PRESIDENT

Will Not Give His Position on Tariff Situation Until July Fourth Speech.

[Gate City Leased Wire Service.] WASHINGTON, June 24.—A waiting policy was adopted by President Taft tonight regarding his attitude toward the situation in congress, where general tariff revision seems to be impending, when he arrived here from New England. The president authorized the statement that he made no public declaration as to what he will do in case the reciprocity bill is sent to him with amendments and he was unwilling to confirm reports that he had decided to use his veto power against tariff legislation. It was stated, however, that on July 4, when he speaks at Indianapolis, President Taft expects to state fully his position on the tariff situation. The president believes the situation in the senate regarding reciprocity, the wool bill, the free list and tariff matters in general, has not yet cleared sufficiently to make a statement of him advisable.

It Pays to Wait.

[Gate City Leased Wire Service.] CHICAGO, June 24.—A poll among the waiting profession in Chicago taken today, shows that there are any number of waiters here who are worth \$20,000, while one heads the list with \$1,000,000. The millionaire is Carl C. Roessler, part owner of the Congress and Auditorium Hotels. Max L. Teich, another waiter, owns a big block in the Congress and is rated at \$500,000. At least a dozen own real estate that would easily bring \$50,000 in the open market.
