JACK ROOST SLAMMED BRICK AT "BUD" STUTES

Third Street Row Near the Sutton Works in Old Bunyan House Last Night.

In a family row on South Third street, in the eight hundred block last night at 9:45, Jack Roost hit his brother-in-law in the head with a brick. The two men were having trouble at the old Bunyan house and a general clean-up started when they mixed things a bit.

Several calls were sent into the police station and once a woman's voice saying that two men were killing each other, came to the officers. Officer Harry Weber was dispatched to the place and the fracas subsided. No arrests were made, Roost having left before the police arrived. Stutes went to a doctor with his broken head. Later Stutes was locked up.

Health and Beauty Hints

BY MRS. MAE MARTYN

Mrs. C. A.: You are ruining your hair using soap for shampoo purposes. The alkali dries out the scalp and causes dandruff, and dull, lifeless, stringy hair. For your case, I know of nothing better than a plain castor oil shampoo. This makes an abundance of rich, penetrating lather that thoroughly cleanses and invigorates. You will find on using this that the hair dries evenly and quickly and takes on a rich gloss and softness. You can get castor oil at the drug store and a teaspoonful dissolved in a cup of hot water is enough for a good shampoo.

Eva: It is distressing to have a shiny, muddy skin, but that can be corrected if you dissolve four ounces of salicylic acid in a quart of water and add two teaspoonfuls of glycerine. When cold apply to the skin and rub lightly until dry. A few times using cleanses the skin of impurities and banishes freckles and tan. You will find this better than powder, as it is invisible when on and does not rub off or spot from perspiration.

Nell: Don't worry about the fuzz on your chin. To rid the skin of the objectionable growth, get an ounce of delatone at the drug store and with water mix some into a paste, then apply to hairy surface and after two or three minutes rub off and wash the skin carefully. While delatone costs a dollar an ounce, it seldom requires a second application to completely remove superfluous hairs.

M.: Expressive eyes never lack in brilliancy, yet to keep them so, it is necessary to give them proper care and attention. Whenever your eyes ache or grow tired, use an eye-tonic, made by dissolving an ounce of crystals in a pint of cold water. A few drops in each eye twice daily quickly relieves the smart or ache and aside from strengthening the eyes, gives to them a remarkable brilliancy and sparkle.

Ada G.: Your dull, streaky hair can be made bright and rich in shade if

you make up and use this excellent hair and scalp tonic: To a half-pint alcohol add a half-pint water, then pour in one ounce quinine. Massage a little into the scalp two or three times a week for a while and you will find dandruff or oiliness disappears and the hair will grow long and silky and easy to do up.

Maudie B.: If you want health and strength you must keep the blood free of poisonous accumulations, and unless you attend to this immediately serious results may follow. Make up and take this tonic: Dissolve an ounce kardenia in a half-pint of alcohol, then stir in one-half cupful sugar and hot water to make a full quart. Taking a tablespoonful of this mixture before meals rids the system of impurities, rebuilds waste tissues and makes you well and strong. You will find this kardenia tonic splendid for clearing the skin of pimples and sallowness.

Mary: Large pores can be reduced and the skin cleared of local impurities if you use my almond cream-jelly. This is inexpensive and should be on every woman's dresser. To a half-pint cold water add an ounce of glycerine and two teaspoonfuls of almond oil. Let stand several hours before using. Used freely, it works wonders with the skin, and no matter how sallow or unnatural it may have been, after a short while the skin grows soft and beautiful. Wrinkles and fine lines vanish as if by magic and hollow nose round out whenever almond cream-jelly is used.

Madge: It is an easy matter to regain your former weight without dieting or indulging in violent exercise if you employ the parnotis treatment, which is inexpensive and easy to prepare. Get four ounces parnotis and dissolve in a pint and a half of hot water. Strain when cool and take a tablespoonful before meals. Parnotis is quite harmless and its use will gradually dissolve the fat and give you your youthful figure without leaving the skin wrinkled and flabby.

THE MARKETS

The Grain Market. [Gate City Leased Wire Service.] CHICAGO, Ill., Aug. 26.—Menacing by frost the crop in the Canadian provinces was the cause of strength in wheat today. Northwestern markets advanced gradually during the first hour and Winnipeg prices went up, with the result that prices stiffened here about 1/4c. Total of the day's western primary receipts was 342,000 bushels, smaller than last year's, leaving out Omaha's receipts, not included last year.

Trade in corn was light at the start today, sellers being in the majority at a shade below the final of yesterday's close. Weather was favorable and receipts here liberal. The market was not affected by the strength in wheat. There was little change at the close from opening figures.

There was a very light trade in oats today. After a momentary hesitation at the start the market developed moderate strength which it held to the close. Provisions started a trifle higher but prices hardened during the day.

The Stock Market. NEW YORK, Aug. 26.—In its issue of Monday, Financial America will say:

"Prices upon the stock exchange declined almost continuously last week, a condition which at the outset was especially disheartening and surprising to the advocates of higher prices as the reported settlement of the Great Britain strike on the previous Saturday had naturally encouraged expectations of a sharp recovery.

"The declining movement in prices here was accompanied by further developments indicating unrest among employees of the Union Pacific, Illinois Central and other lines and by the reported lack of harmony in certain influential banking and railroad quarters. Rumors of financial difficulties on the part of over-extended important Canadian speculators were circulated, and openly acknowledged uncertainty of the dominant Wall street interests over the tariff agitation, the labor difficulties and the unremitting attacks of politicians upon tariff worked against the bullish sentiment in stocks.

"Although shrewd observers of the stock market expressed some confidence that the declines had placed the over-extended bears in an embarrassing position, the advocates of lower prices expressed no uneasiness. It is argued, however, that any further decline, unless fresh liquidation can be provoked, will be likely to attract real investors and bargain hunters. Undoubtedly the market would rally sharply on the first indication of support from the so-called larger banking interests."

"Stunt day," one of the most attractive in a social way, at the conference, was one of the concluding features of the Y. W. C. A. convention which opened the fifteenth of the month and concluded Friday. A song about Keokuk and the dam, composed by Miss Meta Kummer, was sung by the local young women and the association yells were prominent among the many other epilogues of the meet.

Stevenson, Misses Edna O'Harra, Maude Immeget, Elizabeth Foelker, Olive Williamson, Beatrice Williamson, Yalorie McCraw, Myrtle Trimble, Mildred Clark, Helen Sloanaker, Antonette LaFaire, Josephine Buss, Irene Strickler, Mildred Rayburn, Harriet Fulton, Emily Pence, Isabelle Herbert, Meta Kummer, Fern Hood and Mary Albertson.

Ladies of the Maccabees Active. Interest in making the Ladies of the Maccabees one of the leading women's organizations of the city, has been created with the coming to Keokuk of Mrs. Jessie C. Fagers, national supreme deputy of the order. At a meeting of the remaining members of the society, which has diminished in numbers and effectiveness here in the past several years, in Hawkes' hall last night, plans for instituting a growing membership and once more resuming activities, were made. The name of Keokuk lodge of the Maccabee ladies is Kauqua No. 23. At the present time there are thirteen members. Both numbers have sounded like ill omen to the ladies of the order for some time past, but with the seeds of enthusiasm sown, a promising assemblage and a socially alive institution is foreseen.

Mrs. Fagers, the national supreme deputy's home and headquarters are in Port Huron, Mich. During the fall and winter months, an awakening of the local order is expected and the corps of officers and present members will extend their efforts toward rebuilding.
