

### FARMER AND WIFE CLAIM \$100 LOSS

Unknown Country Folk Started Com-mo-tion on 8:50 Train South, Tuesday Morning Hunting Pocket Book.

### GOT OFF AT ALEXANDRIA

Pair Said They Lost Hundred Dollars and Some Valuable Papers in Keokuk Union Depot.

Some stir was caused on the south bound K line passenger train yesterday morning at 9:00 o'clock when a farmer and his wife who had boarded the train at Keokuk, asked to be put off at Alexandria because of losing a pocket book containing a hun-dred dollars and some valuable papers. When alighting at Alexandria, the first station south of here, it is not known whether the couple made a search for their lost property or not. Union depot attaches here found no pocket book or other lost articles during the day and it is supposed that Si and Mandy were either joshing the train crew or wanted to "start some-thing" among the other passengers.

### AMUSEMENTS.

"The Red Mill." "The Red Mill" which will grind at the Grand opera house next Friday evening might be termed a musical comedy in two acts. Mr. Blossom, al-ways clever, wrote the dialogue and lyrics, and Victor Herbert wrote all the music. Both combined have made a play that will last as long, if not longer, than any comic opera of re-cent years. The story has to do with two roving Americans who are "do-ing" Europe for the first time, but find when they strike the continent that their extravagance has led them to almost financial ruin. They are discovered in an attempt to escape from the hotel are apprehended, ar-rested and tried, and are sentenced by the Burgomaster to work out their sentence to the inn-keeper. Then be-gins a series of complications and ex-cruciating situations which are brought to a climax in the first act, where they are helping two lovers to escape and go to the extreme in re-scuing an imprisoned maid from the mill by means of the revolving blades of fans, which they use to ascend and descend with the girl.

One whole season on Broadway, New York, should be sufficient guaran-tee to assal any challenge. The pro-duction here will be a replica of the New York organization and will in-clude an exceptionally clever cast, with James Crowley as Con Kidder, Wm. Moore as Kid Connor, and a company of forty to assist. Seats now selling.

The Girl and the Tramp. If you are feeling blue and all down and out and have about come to the conclusion that you are a has-been go to the Grand opera house

### Utterly Wretched

Nervous Prostration Long Endured Before Remedy was Found. Miss Minerva Reminger, Upper Bern, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. I lived on bread and beef tea because my stomach would not re-tain anything else. I took many reme-dies, but obtained no relief until I took Hood's Sarsaparilla, when I began to gain at once. Am now cured." Pure, rich blood makes good, strong nerves, and this is why Hood's Sarsa-parilla, which purifies and enriches the blood, cures so many nervous diseases. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

Monday, Oct. 30, and the very popu-lar comedienne Miss Mayme Gardner and supporting company in The Girl and The Tramp and you will be able to see the silver lining behind the darkest cloud and in good shape to start the battles of life over again.

### Lorenz Bros. Create Fun and Mystery Here all Week at the Grand.

Scientific mesmerism in all its fun producing qualities and deep mystery was never more successfully demon-strated than it was shown by the famous Lorenz Bros., at the Grand last night. The blood test was again demonstrated and amazed the spectators. Catalepsy was also pro-duced which pleased the audience. A popular Keokuk young man which the audience themselves had chosen for the remarkable feat was suspen-ded only by his heels and neck and held the weight of four men weighing nearly seven hundred pounds. The airship ride in the clouds with the electrical and scenic effects proved interesting and made a pretty stage picture that does credit to its origina-tor. One feature of the bill was the presentation of Dr. Jekyll and Mr. Hyde, it was either the greatest bit of acting or the deepest test of sci-en-tific mesmerism ever seen here. A cakewalk and buck and wing dance that provoked screams of laughter closed the bill. Mazie Martelle, the New York impersonator is second only to the great Eltinge in his work. Mazie created a furore on her appear-ance and her songs and dances even made a bigger hit than the opening performance. When she removed her wig and proved her right to be class-ed as one of the male sex, the audi-ence gasped with surprise and sheer admiration at the young man's won-derful impersonations. The Lorenz Bros. are creating a furore in Keokuk and will no doubt play to packed houses all week.

Regulates the bowels, promotes easy natural movements, cures consti-pation—Doan's Regulets. Ask your druggist for them. 25c a box.

### STRIKERS TRIED TO WRECK TRAIN

Were Caught in the Act of Piling Railroad Ties Across the Track.

MEMPHIS, Tenn., Oct. 25.—War-rants were issued today for the ar-rest of five strikers who are said to have been recognized in an attempt to wreck the fast mail from Chicago to New Orleans on the Illinois Cen-tral late last night. So far no ar-rests have been made.

The attempted wrecking took place on Calhoun Avenue and the men were surprised in the act of placing some railroad ties and other heavy obstruc-tions on the track. Had the train struck these, there would probably have been great loss of life.

### NEWSY LETTER FROM WARSAW

Opera House Attracted the People Last Week When the Harvey Stock Company Was There.

### CITY OF JERUSALEM

Mechanical Marvel Which Was Built By Warsaw Man, Was Burned at Los Angeles, Calif.

WARSAW, Ill., Oct. 25.—There will be a Halloween masquerade ball on October 31st at Odd Fellows hall. Prizes given for best and also the most comical lady and gentleman mask. Music by Agnes' orchestra.

Miss Mamie Hammond left on Sat-urday afternoon for Chicago where she will spend the winter among relatives.

The High school boys will give a reception in honor of the girls of the class on Wednesday evening, October 24th, at Odd Fellows hall. This is the second party of the season.

Carroll Sack returned to Hammond this morning after a short visit with his parents.

The opera house was well filled Saturday night to witness the final appearance of the Harvey Stock Com-pany, the play being "The Moonshin-ers." This company of artists is sure of a warm welcome should they ever see fit to play a return engagement. Seldom that as good a troupe plays towns as small as Warsaw. To Man-ager Rattermann is accorded the cred-it of giving Warsaw such a treat. Several more are booked for Novem-ber and December.

On Sunday evening there was a special "Harvest Home" service, in-cluding sermon, by the pastor, Rev. J. M. Thompson, a special program of choir and solo music.

The Young People's Society of the German Evangelical church, held an interesting meeting on Sunday at 7:30 p. m. This church has many live young people who are doing a good work for their church and the com-munity at large. Every Tuesday evening they meet in the parlors of the church to debate helpful subjects.

Our people are much disappointed at the non-appearance of Hugh Robin-son, the hydro-aeronaut. It appears to be a case of "cold feet," as well as stormy, blustering weather.

The German M. E. church is com-pleted with the exception of new oak pews, and stained glass windows. These were due over a week ago.

Old corn is up one cent today; a number of loads sold at 6c.

The Vorknahl cottage on Webster street, west of Ninth, has been sold to Mrs. G. W. Gollmer, who will soon take possession.

Much regret was felt here at the news of the burning of the "City of Jerusalem" in Los Angeles, Cal., re-cently. It was the property of Harry G. Cooke, formerly of Warsaw, who had improved it from the original con-ception of its author, J. B. Miller, and

### New Way to Make Apple Dumplings

Served With Hard Sauce or Cream and Sugar

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine. Here is a new way to make apple dumplings that will surely please every housewife, for it is not necessary to have whole apples, and the juice cannot run out and burn as with apple dumplings where the apple is placed in the center and the dough turned up around it. The biscuit part forms a crispy shell that holds the apples and juice.

K C Apple Dumplings

One and one-half cups sifted flour; 1/2 teaspoonful salt; 3 level teaspoonfuls K C Baking Powder; 1/4 cup shorten-ing; about 1/2 cup milk; apples.

Fill the cups of a buttered muffin pan with pared and sliced apples, sprinkle with salt and turn two or three table-spoonfuls of water into each cup. Sift together, three times, the flour, salt and baking powder; work in the shortening, and mix to a soft dough with the milk. Drop the dough from a spoon with the apples in the cups, giving it a smooth ex-terior. Let bake about twenty-five min-utes. Invert the pan on a large serving-dish. Put a spoonful of hard sauce above the apple in each dumpling and finish with a grating of nutmeg.

This is only one of the many new, delicious and appetizing recipes contained in the K C Cook's Book, which may be obtained free by sending the colored certificate packed in every 25-cent can of K C Baking Powder to the JACOBS MFG. CO., Chicago. Be sure to get the 25-cent size—smaller cans do not contain Cook's Book cer-tificates.

had exhibited it for years all over the United States, Canada and Mexico. It was a mechanical wonder, its me-chanism being controlled by electricity and it was electrically lighted.

Richard O. Marsh, civil engineer on the water power, recently entertained a dozen of his fellow engineers and office men from the Stone & Webster and Hugh L. Cooper offices.

A party of Warsaw people went re-cently to Gregory, S. D., to be present at the land drawing of the Rosebud Indian reservation. They were G. T. McGuire, agent T. P. & W., Jas. T. Crawford, Miss Cora Crawford, Wm. L. Hill, J. M. Hunt and Fred Fuehlin. Paul Maire of Hamilton and Tom Crank of Tiooga also joined the party.

Ed Kuse, owner and manager of "Dreamland," Warsaw's moving pic-ture theatre, will give a performance next Wednesday evening for the bene-fit of Prof. Cannon, the blind pianist.

### SPLENDID WEATHER FOR TODAY'S GAME

Athletics and Glants Are Sure to Get Together for the Fifth Battle.

NEW YORK, Oct. 25.—Splendid weather conditions assures a large crowd of fans that the fifth game be-tween the Athletics and the Glants for the championship of the world will surely be played here this after-noon.

A fresh wind is drying out the Polo grounds and it is certain that the diamond will be in better condition for the game than was Shibe park yesterday. Either Coombs or Plank will pitch for Philadelphia while Mar-quard or Ames will be in the box for New York.

### BIG ROCK ISLAND EXCURSION SUNDAY

Arrangements Have Been Made by That Road to Bring Party From Ottumwa in Nine Coaches.

### OTHER TOWNS TO COME

Eldon, Bonaparte, Bentonsport, Farm-ington, and Intermediate Points Will Help Make Crowd.

Eight coaches and a buffer will be used in bringing an excursion to this city over the Rock Island railroad next Sunday, from Ottumwa. The first opportunity that cities and towns on this division of the Rock Island have had to visit Keokuk on Sunday to see the dam will be offered then and it is expected by local authorities that the crowd will be large and sev-eral hundred living in Ottumwa and intermediate points will avail them-selves of the chance to come here.

The special train will leave Ottum-wa at 6:40 a. m. and arrive in Keo-ku-k at 11 a. m. The train on its re-turn will leave Keokuk at 7 p. m., Sunday night.

Ottumwa, Eldon, Douds, Kilbourne, Mt. Zion, Bentonsport, Bonaparte, Farmington, Croton, Belfast and other smaller stations will make up the Rock Island excursion party.

Keokuk will be glad to welcome the visitors of the Des Moines valley route and that the crowd of excu-rsionists will be taken care of in the best possible general way, is certain. The excursion thus late in the season goes to show that spring and summer are not the only seasons in the twelve months of the year that sight seers may take a junketing trip here to see the power works.

### FORT MADISON GRAND JURY IN SESSION

Miller Assault Case Most Important One That Is Being In-vestigated.

FORT MADISON, Oct. 25.—The grand jury was in session at the court house today. The jury as drawn by the clerk Monday, is composed of the following men: E. I. McKee (fore-man), Denmark; Isaac De Rosear, Mt. Hamill; Robert Lange, Wever; John Kaltefleiter, West Point; Robert Quiesmer, Montrose; John Rotter, West Point; G. H. Hellman, West Point. Today witnesses in the case of the state against John Miller were being called. Miller is now in cusody charged with assault with intent to commit murder.

Road Tax Levied. At their Monday session, the coun-ty board of supervisors levied a half-mill road building tax upon all prop-erty outside the incorporated towns of the county. This tax is compul-sary according to the following act, passed at the last general assembly: "The board of supervisors of each county shall, at its September session levy the following taxes upon the assessed valuation of the taxable prop-erty in the county: "For the grading of public roads not more than two mills on a dollar, to be known as the county road building fund, but such tax shall not be levied upon any property assess-able within the limits of any city or incorporated town and none of such tax shall be used in the grading or building of any roads within the limits of such cities or incorporated towns."

The half-mill levy will raise in this county a fund of approximately \$2,000, a comparatively small sum but one which meets the provisions of the section.

### Iowa Supreme Court.

[Special to The Gate City] DES MOINES, Oct. 25.—State of Iowa vs. Poder, appellant, Mahaska district, affirmed. Ingraham vs. Merchants National Bank, appellant, Butler district, af-firmed. Dahl vs. Hansen, appellant, Clay district, affirmed. Teufel, appellant, vs. Wilson, Iowa district, reversed. Sawyer, appellant, vs. Frank, Wood-bury district, supplemental opinion overruling petition for rehearing.

### Electric Bells Protect Orchards.

So familiar have electric bells be-come to most of us that even their sound at unexpected times or in un-usual places rarely startles us. Not so with birds, to which the sudden ringing of a bell on a tree or a post means something far more uncanny than any scarecrow flapping in the wind. Knowing this, the head master of an Austrian school has patented an electric scarecrow system in which a clock makes the connections at irreg-ular intervals to electric bells scat-tered over the orchard.

Without Limitations. Our country is the world; our coun-trymen are mankind.—William Lloyd Garrison.

## The Milk-Wagon Habit Madam, See What It Costs You

### Mrs. Housewife—

Getting milk from the milkman is simply a habit, and millions of homes have outgrown it. There are hundreds of homes right around you who use nothing but Van Camp's.

Let us show what they gain, and how much you lose. This is a very important question.

### Loss No. 1—Purity

Your milkman's milk isn't sterile. There are millions of germs in each drop. Sickness among children, in very large part, is caused by these germs in milk.

You know that. And you know the tendency toward pasteurized milk. That's the only real protection.

Van Camp's Milk is pasteurized. It is utterly sterile. There is not a single germ in a gallon.

### Loss No. 2—Quality

Milkman's milk comes from all sorts of dairies, all sorts of cows. Van Camp's comes from model dairies and from Holstein cows.

We have dairies in seven states—each in the heart of a great dairying section. The cows are inspected—all milk is tested. Sanitation is a science in our plants. There is no finer milk in all the world than you get in each can of Van Camp's.

### Loss No. 3—Richness

Milkman's milk separates quickly. The butter fat rises and the solids fall. Milk dipped from a can is never whole-milk. When that milk gets to the cooking it is rarely more than a half-milk.

Van Camp's is the whole-milk. The milk fresh from the cow is put into a copper vacuum. There, in moderate heat, we evaporate two-thirds of the water.

The milk as it comes to you is as thick as thick cream. It is 28 per cent solids, 8 per cent butter fat. It is so rich that folks always dilute it, even for coffee and cereals.

In cooking, this milk gives to milk dishes an amazing richness and flavor. Not because of any addition, for we add nothing at all. This is simply the whole, rich milk. But whole, rich milk will surprise you—you who are used to milk wagon milk. A single milk dish made with Van Camp's will forever convert you to the use of this milk. Until then, your neighbors are serving milk dishes twice as good as yours—all because of whole-milk.

### Loss No. 4—Convenience

You buy from the milkman from day to day. You always must guess at your needs. When you get too much it is wasted. When you get too little you must go without. Think of the dishes

you want, and can't make, because the milk supply is exhausted.

You can buy Van Camp's a month's supply at a time. It is like a cow in the pantry. Have milk and cream, all you want, when you want it. No waste whatever, for the opened can keeps until you use it up.

### Loss No. 5—Money

The strangest fact is that this premier milk—from high-bred cows, from model dairies—sterile, rich and pure—costs less than milkman's milk.

We save you the cost of the daily delivery. That costs more than the milk. By evaporating the water we save transportation. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

Because of these facts, we are now milking 30,000 cows daily to supply the armies of people who are using Van Camp's.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it direct from our nearest dairy.

Van Camp Packing Co. Indianapolis, Ind.

Van Camp's Milk Evaporated—Sterilized—Unsweetened

Soda crackers are more nutritive than any other flour food. Uneeda Biscuit are the perfect soda crackers. Therefore, Uneeda Biscuit.

Five cents spent for a package of Uneeda Biscuit is an investment—an investment in nourishment, in health, in good eating.

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—buy them because of their crispness—buy them because of their goodness—buy them because of their nourishment.

Always 5 cents. Always fresh and crisp in the moisture-proof package. Never sold in bulk.
