The Power behind the dough

The power behind the dough must be quick and positive in action—it must produce certain, satisfactory results and yet be pure and wholesome. **K C Baking Powder** is the scientific combination of all these desirable qualities. Hundreds of thousands of good housewives know that K C has made bake-day a pleasure, and we ask you for your own sake to try **K C Baking Powder** at least once. Guaranteed pure under all pure food laws. Your grocer will return your money if you are not pleased. It will solve your bake-day problems.

How to get the Cook's Book Free

The K C Cook's Book, containing 90 tested, easily-made recipes, sent free upon receipt of the colored certificate packed in the 25-cent can. Send it today.

Jaques Mfg. Co., Chicago

Mr. H. T. Graham, Rev. and Mrs. Geo. C. Williams, Mrs. C. E. Phillips, Mr. A. W. Hulson, Mrs. Mary F. Hillis, Mrs. Mary E. Jones, Miss Seymour, Mrs. C. J. Smith, Mr. C. R. Joy and Miss Anna Gage. The reception will be informal and all of the members of the church have been invited to attend. No program will be observed although there will be several musical numbers. Refreshments will be served during the evening. Mrs. Mary Hepler has been instrumental in arranging for the reception for Mr. Graham who announced a number of weeks ago that he would retire for all time from the pipe organ.

Merry Maids Made Merry.
At her residence, 1213 High street last evening, Miss Garnett E. Broessel was hostess to the Merry Maids club. Observance of Halloween in the usual fashion proved attractive for those of the club.

From Broken Heart.
CHICAGO, Nov. 1.—Grief over the death of his wife, nine weeks ago, is believed to have caused the death of Calvin Durand, president of a large wholesale grocery house here. The immediate cause of death was given as heart failure. Mr. Durand was born here in 1859. He is survived by five daughters and a son.

W. A. Carson a Suicide.
BOONE, Ia. Nov. 1.—W. A. Carson, a prominent contractor of this city, committed suicide near Gladbrook, Ia., by shooting. His body was found in the woods at the edge of town. Domestic difficulties are believed to have been the cause for the act.

ADVANTAGES OF THE SINGLE LOCK

Pointed Out by President Wilkinson in His Address Before Upper River Improvement Association Delegates.

HAMILL GETS REPORT

Pamphlet Containing the President's Speech and Resolutions Revived—Contains Matters of Interest Here.

L. A. Hamill, one of the delegates to the Upper Mississippi River Improvement Association, held at Alton, Ill., has received a pamphlet containing the address by President Wilkinson and the report of the committee on resolutions. It contains much matter of interest here, especially as there is considerable comment on the Keokuk lock and dam. In resolutions passed by the convention recognition is again taken of the enormous magnitude of the construction work here. Regarding the Keokuk dam and lock President Wilkinson said:

A recent inspection shows remarkable progress to have been made, in the building of this immense project. This vast work, the largest of its kind in the world, and so marvelous, that it must be seen to get a correct idea of its magnitude, is going on with great rapidity and is all being splendidly done. Its foundation is set deep in rock as solid as Gibraltar, insuring its eternal stability. The construction plant unequalled except at Panama, is being operated with great skill and energy, under the efficient management of Mr. Hugh L. Cooper, chief engineer.

The desire and ambitions of the people of the middle west dating back to the year 1840, that the turbulent Des Moines rapids might be controlled and converted into a useful agent of man, are now soon to be realized, for the work will be completed by July, 1913.

The general governments and the water company both realize the value that each is to the other, and especially that the general government realizes that the Water Power company has been liberal towards it in the navigation end of the enterprise.

The work will provide permanent deep slack water navigation for over sixty-five miles above the dam, or about one-tenth of the distance, 658 miles, between the mouth of the Mississippi river and St. Paul.

There will be one lock only, which will be one hundred ten feet wide and four hundred feet long, with a lift of forty feet at low water. It will be as wide as the lock under construction at Panama and on the Ohio river. A commodious dry dock will also be constructed.

After having plans approved for a lock ninety-five feet wide and three hundred sixty feet long, the Water Power company voluntarily agreed to increase the size of the lock to one hundred ten by four hundred feet, with eight feet depth over the upper miter sill, to meet the wishes of the association, as expressed by its president, for the protection of the navigation of the river. While the length is not so great as the locks on the Ohio river, it can easily be lengthened when the future demands it. In complying with your wishes, in increasing the size of the lock, the power company showed the deep interest it feels in the success of your movement.

The conditions of one lock, and the deep pool, and the general advantages that come to the government, together with the saving over the present cost of management, could not have been secured by the government without an expenditure of more than five million dollars. Thus we see not only a great benefit to the navigability of the upper Mississippi river, but a large saving to the government as well, growing out of the building of this water power, being built without any expense whatever to the general government. Your association can proudly point to the fact, that for many years it has been a consistent and loyal worker for the success of this development, now rapidly being completed, and you have reason to be especially encouraged in the work you have in hand, in finding your efforts in this behalf crowned with success, although it is only one step in the great work you will eventually consummate.

By substituting this one lock for three now in use, a great deal of time will be saved to steamers passing through, and the cost of operating it, with free power furnished by the power company, will be very much reduced, possibly three-fourths, as compared with the present plant, which will be quite a large saving to the government.

Under the report of the committee on resolutions, one paragraph says: "Reiterating our recognition of the enormous magnitude of the Mississippi River Power company dam and the vital and far-reaching importance of that great enterprise to the Mississippi valley, we hereby express our felicitations upon the rapid progress of the great work, and particularly our

Duncan-Schell

Join Our Colonial All Cast Range Club

Having all the advantages of a steel range and the benefit and lasting qualities of the cast range construction. Made with beautiful smooth castings and guarantee bond with every range.

Embodies all the special and practical features and attachments used on any range and many special features possessed by it alone.

By joining our Range Club you pay \$4 down and 15 cents a day payable weekly or monthly, and will save this much in consumption of fuel to say nothing of the satisfaction and beauty of same.

ARRESTED FOR EMBEZZLEMENT

Young Traveling Salesman, Samuel P. Garner of Buck-Reiner Co., Arrested on That Charge.

FRAUDULENT OBTAINER

Converted to His Own Use, \$275.80, Information States, Filed by the Secretary, Treasurer.

Information was filed today in the superior court against Samuel P. Garner, charging him with embezzlement. The information was filed by Thomas John, secretary and treasurer of the Buck-Reiner Grocery Co. The statement of the plaintiff alleges that Garner, a traveling salesman in employ of the wholesale house, on or about the 21st day of October, fraudulently embezzled and converted to his own use the sum of \$275.80. This amount of money, it is supposed, represents collections Garner made from patrons of the house he represented.

Garner is about 25 years old, and for a time worked as porter in the wholesale grocery's warehouse. He was later given a position on the road. The father of the young man under arrest, lives at Quincy, but has refused to come to his son's aid. The defendant was arraigned and took time to plead. His bond was set at \$500 by the court.

Greek in Trouble With Brakeman.
J. P. Paulus, a well dressed Greek with plenty of money and friends, was arrested last night because he was drunk and acting in a disorderly manner. Paulus had trouble with a K. & W. railroad brakeman, it is understood while going to Mystic. He was put off here and his bond fixed at \$100, in default thereof, he was placed in jail.

young people assisting their surprised hostess in noting the event of her fifteenth birthday in an enjoyable manner. A theatre party at the Colonial, commenced the evening's jollities and later those favored with invitations, repaired to the Ward residence where games of the season were played. The rooms were decorated in a cunning array of jack-o-lanterns, and other features, which make the wren Halloween time one of enjoyment. Refreshments in accord with the other manifestations of fun were served.

Many From Here Attended Girls' Club Masquerade at Warsaw Last Night.

At least sixty young Keokuk people were present at one of the Girls' Clubs best dances in Warsaw last night. Many went masqued in keeping with the suggestion of those in charge of the affair. Mr. Russell Roberts was awarded first prize for the best masked gentleman, having attired himself in the costume of a "Weary Willie," and looking the part, naturally. There were more Keokuk dancers attending than from Warsaw, and the event appeared greatly local from observation. Agne's orchestra played the dance program. The interurban car was held at Warsaw until midnight.

Sneberg-Hoffman Wedding at Noon Today.

Miss Emma A. Sneberg, daughter of Mr. and Mrs. James Sneberg of 1927 Johnson street, and Mr. George Hoffman, son of Mrs. Catherine Hoffman, of Burke street, were united in marriage at high noon today by the Rev. Jacob Nuesch, at his parish residence.

The bride is well known by a large number of friends and is estimably esteemed. She has been one of the popular young lady clerks of the Golden Rule department store for some time. The groom is a baker in the employ of the Schouten bakery and enjoys the acquaintance of a large number of well-wishing friends. Mr. and Mrs. Hoffman will be at home immediately.

Reception Tomorrow Night for Mr. H. T. Graham.

Tomorrow evening at eight o'clock in the chapel of the First Congregational church, a reception will be given in honor of Mr. H. T. Graham by the Ladies Aid Society. Among those who will receive the guests will be:

SPIRELLA CORSET
The Flexible Kind That Never Breaks.

Eagle Ladies Gave Dancing Party.
The ladies auxiliary of the Eagle lodge were hostesses at a dancing party last evening in Eagle's hall. A good sized crowd of the members and their families and invited friends were present. The assembly concluded at one o'clock.

Warsaw Dance Next Wednesday.
The Girls' Club of Warsaw will give a dance in Old Fellows' hall there next Wednesday evening.

Ft. Madison Club Entertains.
Friday evening of this week the Ft. Madison dancing club will entertain at the Marquette hall in that city. A number of local dancers are expected to attend. The Ft. Madison club is composed of five young men, well known here: Messrs. G. J. Sandford, J. C. Lake, A. A. Muerhoff, H. G. Lammers and L. V. Murphy.

Surprise Masquerade for Miss Selbert.
Fifteen of the girl friends of Miss Marie Selbert surprised that young lady at her home, 318 South Fifth street, Tuesday evening with a masquerade party. The parlors and dining room were done in Halloween decorations. A three course luncheon was served. All of the games of the date, which like Christmas—never grow old, were played by the attending guests.

Saturday Card Company.
Mrs. Albert C. Maxwell will entertain at cards Saturday afternoon at her residence, 718 Fulton street.

Halloween Surprise on Her Fifteenth Birthday.

Waleska, daughter of Mr. and Mrs. John L. Ward, 616 Exchange street, was happily surprised by ten of her boy and girl friends last evening, the

Tasks That Try Temper

Good tools are necessary for the Home Outfit. They must be ready for hard work or light work—must be capable of doing more than they were really intended for, because few homes have special tools for special work. They must accomplish, without injury, tasks that try the temper. These are the reasons why you should always ask for

KEEN KUTTER

Tools and Cutlery

They are made to perform the most exacting work of the expert mechanic or the all-round work of the ordinary household and give perfect service. Keen Kutter Tools bear the trademark which guarantees them.

Keen Kutter Tools include besides Carpenter Tools a full line of Farm and Garden Tools—Forks, Hoes, Scythes, Trowels, Manure-hooks, Lawn-mowers, Grass-shears, Rakes, etc. Also Scissors and Shears, Pocket-knives and Table Cutlery.

WAR DECLARED.

Catarrah Germs Must Be Conquered or Health Will Be Destroyed.

If you have catarrh you must vanquish an army of persistent, destructive microbes before you can get rid of it.

You might as well choose your weapons, declare war and annihilate this army of catarrh germs right now. Stomach dosing won't kill them; neither will sprays or douches.

HYOMEI, a pleasant, antiseptic, germ destroying air breathed over the entire membrane will put catarrh germs out of business in short order.

HYOMEI (pronounce it High-o-me) is guaranteed by Wilkinson & Co. to end catarrh, asthma, bronchitis, coughs, colds and croup, or money back. If you own a little HYOMEI hard rubber pocket inhaler you can get a separate bottle of HYOMEI for only 50 cents. If you haven't an inhaler buy a complete outfit that costs \$1.00.
