

NANCY AND CASE KEPEL ARE HIT

Arraigned in Court on the Charge of Leasing Johnson Street Houses for Assignment Purposes.

CLAIM PROSTITUTION

Chief Schavers Filed Information After Many Complaints Have Been Made to the Department.

An allegation made by the chief of police, setting forth that she willfully and unlawfully leased two houses between Eleventh and Twelfth on Johnson street for the purpose of prostitution, Mrs. Nancy Keipel, the well known grocery woman and extensive property owner of the city, was made the defendant of an information this morning charging violation of the city ordinance with application to letting buildings for assignment.

The case has no parallel here, so far as is known, in years and the unusual action is taken at the instigation of at least a dozen complainants who have made frequent protests recently, to the police about the existence of the houses for illegal usage.

Neighbors Complain.
The list of those who have appealed to the commissioner of the department of public safety, includes the names of an attorney, a minister and neighbors of the locality. The Methodist Protestant church has through representatives, asked that the officers investigate and remove the condition.

A warrant was served on Mrs. Keipel this morning at 10:30 by Officer Frank Baldwin and Mrs. Keipel was directed to appear in the superior court this afternoon at 2 o'clock.

The information states that Mrs. Keipel "did willfully and unlawfully lease certain houses situated on lots 3 and 4, block 170 in the city of Keokuk, knowing that the lessees thereof intended to use said places as resorts for the purpose of prostitution and lewdness and said defendant did knowingly permit such lessees to use same for such purpose.

One of the houses is located at 1116 Johnson and the other at 1118 Johnson street. The two story brick building at the latter place is known as the McKee bachelor quarters.

Fine or Jail for Defendant.
Section 4941, Chapter 9 of the Iowa code, says specifically:

"If any person let any house knowing that the lessee intends to use it as a place of resort for the purpose of prostitution or lewdness or knowingly permits the lessee to use same for such purpose, he shall be fined not exceeding \$300 or imprisoned in the county jail not exceeding six months."

Both Are Charged.
The name of Case Keipel was added to the information late this morning as a co-partner with his wife in leasing the buildings to the tenants in the two houses between Eleventh and Twelfth streets.

When Nancy and Case Keipel appeared this afternoon at 2 o'clock in the court room, they both strenuously denied the charges against them, saying that they knew nothing about the houses being kept for illicit purposes. They were willing to have their renters ousted if that would quiet the trouble but the court informed the defendants that they would have to prove their innocence of willfully leasing the buildings for purposes of assignment.

Both the Keipels were released from custody on their own recognizance, furnishing appearance bonds for \$500 each. The time of the preliminary examination will be agreed upon later.

Successful Complexion Renewing Treatment

(Journal of Hygiene.)
A treatment for sallow, muddy or blotchy complexions that is always successful is the nightly application of plain mercolized wax for from one to two weeks. This method is sure to succeed for the simple reason that it literally takes off and discards the old complexion. The mercolide in the wax possesses the peculiar property of absorbing the wornout, faded or discolored surface skin, with all its imperfections. This is done so gradually, the skin coming off a little each day, in fine, almost invisible particles, that no inconvenience or discomfort is experienced—and the most careful observer cannot detect the use of this treatment.

The mercolized wax, which can be had at any drug-store, is applied the same as cold cream, but not rubbed in, and washed off in the morning. The new complexion produced in this way, exhibiting the true beauty of health, is not to be compared with the kind made by cosmetics.

ANOTHER RAILROAD BOAT ON RIVER

Will Pass Keokuk Some Time Soon to be Used by Burlington Route at Metropolis, Kentucky.

Word was received by mail today that the North Star, a boat recently purchased at Dubuque by the C. B. & Q. railroad will pass here some time probably this week. The North Star is being taken to Paducah, Ky., where it is to be used for ferrying cars across the river to Metropolis Harbor. Since the North Star is the only floating equipment owned by the Burlington arrangements have been made with the crew to have the boat whistle at all of the important points enroute between Dubuque and Paducah where the Burlington road has holdings, to give all an opportunity of seeing the craft which has been in Keokuk numerous times with log rafts. The decks of the boat have been so arranged that they can transport cars.

One long, one short, one long and two short blasts will be given in that order by the boat when it arrives at the places enroute to the southern port and residents will know when it "cuts loose" what craft is steaming. Captain Crouse and crew will be in charge of the North Star and it is probable that the boat may come over the rapids.

CITY NEWS.

The funeral of Mrs. S. W. Moorhead was held this afternoon at 3 o'clock from the family home, 902 Bloudean street, interment being in Oakland cemetery. The service was brief and conducted by Rev. Geo. C. Williams, pastor of the Congregational church. The pallbearers were Wm. Sinton, George Tucker, Capt. A. H. Evans and C. F. Skirvin. The funeral was private. A profusion of floral offerings from many friends gave silent estimation of the worth and character of this beloved woman.

A change in time of the North road passenger train, No. 50, has been received by the local passenger department of the C. B. & Q. The train will leave Mount Pleasant at 8:27 commencing next Sunday instead of 8:10 as it now does. The North Road equipment is held at Mt. Pleasant to make connections with No. 10, the Burlington's main line train.

Mrs. M. E. James of 109 North 7th street, received word today of the death of her grandson, Ralph Lung, aged 15 years, of Portland, Oregon. He was the son of Mr. and Mrs. A. S. Lung, formerly of this city. He had been a patient little sufferer for two years from heart trouble and rheumatism.

LATE AFTERNOON PRESS BULLETINS

LOS ANGELES, Nov. 9.—Five seats in the jury box for the McNamara case were filled today when Talesman G. B. Sexton of Alhambra was passed by both sides for cause after a long examination. Sexton and Brewster Kenyon who was passed yesterday, cannot now be removed from the box by either side except on pre-emptory challenge. After a lengthy examination the defense passed Talesman Howard Sweeting but the state interposed a challenge for cause when Sweeting admitted that he would not convict on circumstantial evidence alone when it meant death. The court excused Sweeting. By agreement of both sides Harry Chandler, son-in-law of Gen. Otis was then excused from service.

SIoux CITY, Iowa, Nov. 9.—Kerosene on the breakfast fire caused an explosion at the home of John Davis, a farmer, living southwest of here today, resulting in the death of three persons:

MRS. JOHN DAVIS.
HER THREE MONTHS OLD CHILD.

MRS. LUCINDA HART.
A three year old daughter was saved by the neighbors. The rescued child is too badly burned to live.

VALPARAISO, Ind., Nov. 9.—By a ruling against the admission of notes made by a stenographer from the dictograph Judge Fleet practically upset the states' case against Williston, city engineer of Gary, who is on trial here on a charge of soliciting a bribe. Mayor Knott and other city officials will be effected by the ruling.

WARSAW HAS MANY ATTRACTIONS

Keokuk and Quincy Theatre Patrons Have Nothing Better Than is Being Shown Down There.

SOCIAL AND BAZAAR

Graphophone Concert Will be One Feature of the Entertainment of Lutheran Ladies.

WARSAW, Ill., Nov. 9.—Warsaw is certainly greatly favored this fall in the way of high class amusements, which would do credit to cities like Keokuk and Quincy, and among these amusements, the melo-drama of "The Hypocrite," presented by J. B. Richardson—formerly of "The Winnings"—at the opera house last night, stands pre-eminent. It was the deepest play that has been presented here for many a day. Every actor was a star, the play was well staged with new and beautiful special scenery. The large audience was held spell-bound all through the four acts of the play, and were kept guessing almost to the last as to who the hypocrite was. The title of the play is not catchy, and gives no one an idea as to the nature of it, or what to look for. It has been said that if it were called "The London Mystery," or "The Foundling," it might draw better. Certainly those who stayed away last night, missed a great play, and an evening of enjoyment. Warsaw wants the company to play a return date; they will have a full house.

Ed Kuse, manager of Dreamland, is increasing his electrical display, both in front and interiorly. He is striving to please the public and they are showing their appreciation by a good attendance nightly.

Fred S. Ratterman has leased his bowling alley to a club of young men. The social and bazaar of the ladies of the Lutheran church to be held in the assembly hall of the new school, Thursday evening, Nov. 9, bids fair to be the largest social function of the season. A bountiful supper will be served, cooked by the ladies in the kitchen of the building; tables will be set in the hall. During the evening Prof. Franklyn E. Cook will give a graphophone concert, using the latest improved Edison machine, and rendering classical and popular airs from the latest Edison Golden records.

The Athletic club that has recently been organized with the Boy Scouts as a nucleus, is rapidly getting into shape, and adding to its numbers. A basket ball team will soon be organized.

It has been noticed by some of our citizens that the Chicago Record-Herald of last week said that several cotton mills from the east would remove to this section to take advantage of the water power.

"The Millionaire Tramp," a popular musical comedy, will soon be presented in the opera house, by a talented company—possibly next week.

IOWA CHARITIES TO MEET SOON

Thirteenth Annual Convention is to be Held at Iowa City, Nov. 19-21.

IOWA CITY, Nov. 9.—The thirteenth annual meeting of the Iowa State Conference of Charities and Corrections will be held at the State University on November 19-21. A program of far more than usual interest has been prepared. Speakers of authority will take up living questions such as prison reforms, employers liability and workmen's compensation laws, needed labor legislation, and different phases of public and private charities and reforms. A few of the prominent features are:

Sunday afternoon, "The Spirit of Brotherhood," Dr. Edward A. Steiner, of Grinnell College, at University vesper.

Monday morning, "Is Iowa a Good Parent?" Mr. Henry E. C. Ditzon, probation officer, Davenport. "The County Poor Houses in Iowa," Dr. J. L. Gillin, State University.

Monday afternoon, "Paroling Prisoners," Senator W. H. Berry, chairman State Board of Parole, Indianola. "Parole, Employment and Supervision," Chaplain F. H. Pickworth, Anamosa. "The Prisoner and His Wage, Who is Entitled to it?" Paul E. Roberts, Des Moines.

Monday evening, "The Iowa Employers Liability and Workmen's Compensation Commission," Senator J. T. Clarkson, Albia.

Tuesday morning, "Employers Liability Movement in the United States," Mr. G. A. Wrightman, secretary Iowa Manufacturers Assn. "The Child Labor Situation in Iowa," W. J. Ribble, Iowa State Factory Inspector, "Needed Labor Legislation in Iowa," A. L. Urlick, President Iowa Federation of Labor, E. W. Van Duyen, Iowa State Commissioner of Labor. "Industrial Diseases," Prof. Paul S. Pierce, State University.

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Keokuk only at our store.—The Rexall Store. McGrath Bros. Drug Co., corner fifth and Main streets.

Head of America's Greatest News Gathering Concern Paid Brief Visit to Keokuk.

C. D. Lee of New York, president of the United Press Association, the greatest news gathering agency in America and of which The Gate City is a member, paid a brief visit to Keokuk this morning, enroute home from St. Louis where he had been on business for his company.

Through the courtesy of Secretary J. P. Allen of the Water Power Company Mr. Lee inspected very completely and thoroughly the work of the water power on both sides of the river and was impressed with the magnitude of that enterprise. The United Press association may take up the water power project as a news feature later on as a result of the visit of the official this morning and distribute to the world information regarding it.

Mr. Lee reports his agency as gaining ground each day and extending its service and efficiency. It now stands as one of the biggest and best in the world and its recently acquired foreign connections have made it far and away ahead of anything of the kind in the United States.

The Gate City for some time has been taking the full leased wire service for the Sunday morning edition and a special daily service during the week. Mr. Lee called at this office today and left this afternoon for the east.

Daily Grain Letter.
CHICAGO, Nov. 9.—Hardly a scrap of news on which to buy wheat for investment but market right in thick of real Argentine scare time.

There seems to be no hurry of millers to snap up the Chicago offers. Just what territorial extent B. W. Snow covered in his Santa Fe report is a guess. Santa Fe province raises about 35,000,000 wheat annually at best. Damage in the extreme portions would affect only about 10,000,000 wheat.

For 24 hours to 7 p. m. Wednesday, the weather in the middle west was good. Old corn prices are declining. Bids on call show a dip of about 3 cents in old corn and a gain of 1 to 2 on new corn for November and December arrival.

The corn report is not bullish. Advances in corn right now should be limited. 63 to 64 for December corn is a good price. Average hog price still around 6 1/2 level. Shipments of products this week only moderate. Hog run very heavy.

Price Current Comment.
Price Current says: New wheat continues in excellent position. Average increased west of Mississippi river, but east slightly reduced.

Plant prepared to go into winter in good shape. Gathering and husking of corn progressing rapidly although retarded in some sections account of wet weather. Earlier expectations full made.

Not much grain offered in interior. Western slaughtering 540,000 vs 575,000 last week and 480,000 last year.
