There is a lot of poor Diamonds on the market—DISCRIMINATE. Compare values before you decide.

It is not possible for you to carry on a careful inspection and comparison, but you can come to us with perfect confidence as to the quality and price. This must be some satisfaction to you in buying, as no waste of time and furthermore you will find exclusive patterns.

We will appreciate a visit from you and will put our time against yours without any obligation on your part whatever.

We know that our DIAMONDS will interest you.

Diamonds

The April Birthstone

The belief in the value of diamonds as an investment is rapidly becoming a popular one, and the quality of our stones, the finest to be had is a strong factor in the growth of the investment idea in Keokuk.

There is nothing sordid in hoarding beautiful diamonds, and regard for their value detracts nothing from esthetic appreciation.

Just now we are showing a wide range of mounted goods suitable for engagement rings \$15.00 to \$250.00.
