

Watch for the Man With the Ice Tickets Monday

Starting Monday our solicitors will call on you with books of ice tickets. It is our desire to put our ice business on a cash basis as much as possible, for two reasons: The first is, we want to be assured of the business we have been promised. Many people promise to do things and then when the time comes they make excuses and you are turned down. The second reason is, by paying for your tickets when you buy them saves us the trouble of bookkeeping and employing collectors, and then there is that satisfaction you will have in knowing your ice bill is always paid. We will be able to furnish you with pure sanitary ice, starting next week, Tuesday or Wednesday.

We Will Announce the Day of Starting Monday

Young? Yes—the oldest Ford is just ten years young this month. And its youngest brother is the choice of the lot—a better car than those we built not long ago and sold at nearly twice its price. Big production makes the Ford price low.

More than 275,000 Fords now in service—convincing evidence of their wonderful merit. Runabout, \$525; Touring car, \$600; Town car, \$800—f. o. b. Detroit, with all equipment. Get interesting "Ford Times" from factory Dept. F., Detroit.

DES MOINES, Iowa, June 14.—Des Moines made it three straight from Holland's Drummers by winning today's game, 4 to 2. Sweet bested McConaughy in a pitcher's battle, but both hurlers were a trifle wild. Manager Holland of the visitors, gave notice of a protest as the result of Umpire O'Toole's decision on an overthrow ball.

The Jap Treaty.
TOKIO, June 14.—No date has been agreed on, it was learned today at the foreign office, for the renewal of another five year period of the arbitration treaty between Japan and the United States though it was admitted that instructions had been cabled to Chinda, the Japanese representative, that Japan was willing to sign the treaty again.

TWO FIRES LOOK BAD AT START

Big Barn at the Rear of John B. Walsh Home Burned up Saturday Afternoon.

FRIDAY NIGHT BLAZE

Chief Anderson Believes the Out-House and Molding Forms Were Ignited by Incendiary.

In less than twenty-four hours, the local fire department performed good service and perhaps saved a lot of property which would otherwise have burned had it not been for prompt action. The second one of the fires started in the story and a half barn at the rear of the John B. Walsh home, 824 Bank street. The structure was a total wreck by the time the fire was out, but by quick work, surrounding property was kept from the flames. One line of hose was used.

In the barn were hundreds of old papers and other things of little value. The property is owned by St. Peter's parish and is insured.

Fire Looked Bad.
Friday night at 11:20, an outhouse and a number of wooden moulding forms belonging to the Scott-Madden iron works at Fourth and Bank streets, caught fire and the sky in that part of the city was illuminated as if two or three dwellings were burning up. Chief Anderson believes that the place was set afire.

A line of hose was laid and the blaze was under control in a short time.

The West Keokuk reel which was called out on the first alarm, made a record breaking run to the fire, arriving at the Scott-Madden plant just as the water was turned on. The team of grays used on the west end hose wagon, is one of the best ever in local fire stables.

Fourth of July Reports Early.

SAN FRANCISCO, June 14.—Eastern newspapers may not be forced to hold their presses until an uncertain hour that local lovers of boxing and baseball may enjoy both on July 4, as the Ritchie-Rivers light-weight championship battle will be started at 1 or 1:30 in the afternoon. If it should start at the latter hour and go the full time it would be over at 3 o'clock coast time or 6 o'clock, eastern time.

This will be the first time in the history of modern boxing on the Pacific coast that a ring battle has been started at such an early hour and it is expected it will aid in swelling the box office receipts as many of the rabid baseball fans who also like boxing will thus attend the mill.

Ritchie is still on Nolan's ranch in the wilds of Lake county. Rivers is in San Francisco, but so far has not begun to train. There is little betting on the match yet but Ritchie is expected to go into the ring at about 10 to 9.

LADEW'S LAUNCH RELEASED BY JAPS

Case Against American is Dismissed When Explanations Were Made.

[United Press Leased Wire Service.]
WASHINGTON, June 15.—The Japanese government has dismissed the proceedings against J. Harry Ladew of New York and ordered his yacht, the Columbia, released from arrest for entering the port of Nagahama which under the maritime laws of Japan is closed to foreign ships.

This communication was received by the state department through Ambassador Chinda. A full report of the vessel's seizure was placed in the hands of Secretary of State Bryan together with the statement of the American embassy. It appears that the Columbia in disregard of warning given by the chief of the local police station entered a private dock yard at Nagahama near Nagasaki for repairs. The authorities began prosecution for breach of the provision of shipping laws.

Examination by Japanese officials convinced them that the Columbia's entrance was in good faith and with no intent at violation of the laws. The case was then dismissed.

CHICAGO, June 14.—John Brown, South Canal street restaurateur was fined \$10.00 and costs by Judge Mahoney today because he charged A. Brown, a farmer from near Peoria 75 cents for ham and eggs. Ham and eggs—20 cents was the sign Baker glimpsed on the window of Brown's restaurant. He feasted but when he was presented with a check for 75 cents he told his troubles to a policeman. But he had shredded wheat biscuits, German fried potatoes, sliced

tomatoes and a cup of coffee on the side, walled the restaurant man as he paid his fine.
