Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

DAM TO TAKE LOCK'S PLACE WITH GALLAND

Many Keokuk People will Build Residences in That Vicinity—Town Once Flourished.

The fact that Galland was at the head of the Des Moines rapids canal made it a well known town many years ago. The dam backed up water into part of the town but it promises to prove of more value to it than the third lock was. The bluffs overlooking Lake Cooper at this point are

very attractive and a number of Keokuk people have purchased property there with a view of building summer residences.

It is predicted that it will become a suburb of the greater Keokuk in the future. Many of those who have bought will reside there the year round, using the railroad and automobile for transportation.

Avoid Sedative Cough Medicines.
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough med-

icines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Advertisement.
