WANT CHRISTMAS TREE ORNAMENTS

Committee is Desirous of Obtaining Tinsel and All Kinds of Pretty Decorations at Once.

Depot is Gay With Them—Two Business Men Prove Themselves Real Good Fellows.

Christmas tree ornaments, tinsel and all kinds of ornaments are needed by the community Christmas tree committees. If you have anything in this line, send it to the community depot or let some of the committee hear from you.

Christmas tree decorations are not a hard article to supply, but evidently people have forgotten about some of the tinsel and pretty baubles that go on the tree. If you have anything of this sort, the committee would like to hear about it.

The attractive signs painted on the windows of the community Christmas depot by H. F. Wallace, attracted many Christmas shoppers yesterday, who stopped in to add their gifts to go in Santa's sleigh to the far corners of the city.

"Two business men who have been in the habit of exchanging boxes of cigars at Christmas have decided to swear off and give the cost of their respective gifts to you in furtherance of the good work which you are carrying on."

COMMUNITY CHRISTMAS AT CLEVELAND

Tree Almost Fifty Feet High Has Been Erected on Public Square.

CLEVELAND, Dec. 23.—When Clevelanders awoke today the stage was set for one of the greatest public celebrations the city has ever known. The celebration is to be known as community Christmas and Cleveland has the honor of being one of the first big cities in the country to inaugurate the idea.

A Christmas tree almost fifty feet high, decorated profusely with toys and vari-colored electric bulbs, has been placed on the big public square in the center of the city. Band stands have been erected about it and tonight the ceremonies will start.

The object of the community Christmas is to combine the activities of various charitable organizations and make the giving of Christmas cheer to the poor and needy a matter of civic duty. In the past the Associated Charities, Salvation Army, Volunteers of America and other charitable societies have separately ministered to the needy.

This year a committee of thirty-five prominent citizens including Mayor Baker and Lieutenant Governor Greenland, took charge of all charitable activities and they boast that not a person in this city of over 600,000 souls will be without a good meal and warm clothing on Christmas day. A unique method of raising funds was devised. A few weeks ago all the downtown stores placed on sale

shares of stock in the community Christmas company. The shares sold for \$1.00 each.

The certificates were made out in duplicate form. They stated the Community Christmas company would return the original investment with interest, not in money, but in satisfaction—a feeling that your investment had gone to make some unfortunate person or family happy on the day on which was declared "Peace on earth and good will to men." The stock sold, even beyond the expectations of some of the most enthusiastic backers.

On Christmas eve a great canvas screen will be spread at one side of the public square and upon it will be thrown the words of patriotic and Yuletide songs. There will be speeches and bands about the big Christmas tree, while an elaborate program has been arranged by various singing societies.

There has been established a holiday "clearing house" and Clevelanders have been asked to send the names of needy families to the committee in charge, which will prepare the lists sent in, eliminate duplications and see that every needy person in the city is supplied with food and clothing.

The tree will be lighted nightly until New Year. On New Year eve another celebration will take place which is expected to replace the hilarious scenes in cafes and hotels which have characterized the observance of holidays in previous years.

Cured of Liver Complaint.

Air Decision.

PARIS, Dec. 23.—There can be no ownership of the air according to an important decision of the court of appeals rendered today at Amiens. At Lamotte-Breuil, near Compiègne, the Clement-Bayard company built a hangar for their airships. M. Coquerel, a Compiègne speculator purchased a tract of land in front of the entrance to the hangar and tried to sell it to the airship company which refused to buy it on account of the alleged exorbitant price asked. The owner built about his property a 50-foot board fence topped with 12-foot iron spikes, covering the ground inside with barbed-wires and sharpened spikes.

One of the Clement-Bayard army dirigible came to grief on the spikes and in a suit which followed Coquerel

was ordered to remove the obstacles and pay for the damage done thereby. The court of appeals today upheld this decision.

"When father was sick about six years ago he read an advertisement of Chamberlain's Tablets in the papers that fit his case exactly," writes Miss Margaret Campbell of Ft. Smith, Ark. "He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.—Adv.

WANT BABIES ON CHRISTMAS TREE

People Are After Blue-Eyed Little Girls and Few Care to Take a Boy.

[United Press Leased Wire Service.] NEW YORK, Dec. 23.—"Yes, everybody wants a baby for Christmas and we have a pretty hard time filling orders; but we'll manage some how."

No, it wasn't old Doc Stork speaking. It was Miss Mary Vida Clark, acting superintendent of the State Charities Aid Society and she wants some one in the United States or Canada to furnish a home for "Smiling Tom" a brown-haired, brown-eyed little fellow of nine years.

Miss Clark says: "He has beautiful eyes as big as saucers" and that he is as bright as they come.

"Smiling Tom" is a full orphan. In the two weeks preceding today about fifty requests for children have been made to Miss Clark. "This is forty per cent above the normal demand" and it is because "every one wants a baby for Christmas." Little girls with blue eyes and curly hair are most in demand. Little boys, according to Miss Clark, are a "drug on the market" especially boys between six and ten. Many persons who made requests for babies—and the majority are for the tiny wee kind—weeks ago, today sent in urgent appeals for "delivery the day before Christmas."

Chinese Policeman.

LOS ANGELES, Cal., Dec. 23.—Long Yop, said to be the first Chinese policeman in America, will be the guest of honor tonight at a banquet given by his countrymen. Other guests will be Chief of Police Sebastian and the city police commissioners.

Long's appointment proved so successful an experiment that after January 1 a squad of Chinese police probably will be sworn in. Their work will be confined to Chinatown and special detail. In his first official report, Long recited the theft from his own poultry yard of three chickens, a duck and a turkey. He was detailed on the case

SHERIFF CAN WALK OR PAY OWN WAY

Women on Grand Jury Decide He Should Not Be Hiring Automobiles.

[United Press Leased Wire Service.] REDWOOD CITY, Calif., Dec. 23.—Sheriff Mansfield of San Mateo county has had to give up hiring automobiles at the tax payers expense. Women on the grand jury made him do it. They were not quite in a majority on the recently empaneled inquisitorial body but they were a good-sized minority, and either because women jurors were a novelty or for some other reason they dominated the entire membership.

The sheriff has frequently used autos on criminal hunts in the past. The women grand jurors said this was unnecessary, that automobiles were a luxury and any way if the sheriff had to use them, he ought to pay for them himself out of his monthly mileage allowance of \$25 per mile for traveling.

GREEK CHRISTMAS IS FOR THE BOSS

Little Boxes for Tips Are Gobbled up by Owner of the Shoe Shining Shops.

[United Press Leased Wire Service.] CHICAGO, Dec. 23.—Discovery that boxes placed in Greek shoe shining shops bearing the inscription "remember the boys on Christmas," were in many instances only an additional source of revenue for the owners, caused Federal Judge Landis and District Attorney Wilkerson to start an inquiry today into conditions under which the boys work.

Several boys employed in the shoe shining shops of George Michaelopolous testified that they receive from \$10 to \$14 a month for working from thirteen to fifteen hours a day and that they are boarded and lodged by the bosses. Tips, they said, were confiscated by the shop owners.

Salaries Not in Stockings.

[United Press Leased Wire Service.] GARY, Ind., Dec. 23.—Gary policemen and firemen will not get their month's salary Christmas eve this year as in the past. Mayor Knotts will go out of office January 5 and the reform administration promises a clean sweep in both police and fire departments. City officials fear if they pay off the policemen and firemen for the full month tomorrow night they will forget to come back
